My signature on this form certifies these vehicles have been checked by the principal or school administrator and no "roll over warning" appears on or in between the visor. These vehicles have been checked and all are in compliance with the policies and procedures of the School Board of Broward County.

_____

Administration Signature (Roll Over Verification)

Reminder: Most regular passenger cars are acceptable with the exception of PT Cruisers and convertibles. Motorcycles, pick-up trucks, mopeds and vehicles designed to transport more than 10 persons (i.e. full-size vans, shuttle buses, etc.) are not permitted. SUVS/Mini Vans are acceptable if they do not have a roll over warning label. The roll over warning label is normally displayed on or between the sun visors. Based on Florida State Statute, only 8 students may be transported in a vehicle. Students under 12 years of age should not be placed in the front seat of any vehicle, therefore, the front seat should not be counted when determining student capacity. Also, all passengers must have a seat belt.

If the vehicle used for field trip **has a rollover warning, the vehicle can **only be used** for the owner and child of owner. NO other students allowed.
