

The Broward County Health Department and the School Board of Broward County have entered in to an agreement to allow the H1N1 vaccine to be administered at school sites to those students who return a signed parent consent. A limited amount of vaccine is being delivered to the Health Department each week. Based on what is supplied to them, the Health Department determines how many schools can be designated for the vaccine each week.

As of October 20, the Health Department has scheduled vaccine administration at a limited number of schools as shown on the chart below. Only those students who return(ed) signed parent consents will receive the vaccinations on the dates indicated. When additional vaccine is received, the Health Department will notify the district office of the next schools to receive the vaccine.

Consent forms will be sent home to other schools in the near future. Parent Link messages will be made to alert parents that their child will be bringing the form home and by what date it must be signed and returned by the parent/guardian for the child to receive the vaccine during administration at that school.

If you have questions about the vaccine, the Broward County Health Department has opened a line that is available Monday-Friday from 8- 5, (954) 762-3797.

School	Start Date	Finish Date
TAMARAC ELEMENTARY	10/19/09	10/22/09
COCONUT CREEK HIGH	10/19/09	10/22/09
