SUBJECT: **FLORIDA INVENTORY OF SCHOOL HOUSES CAPACITY UPDATE REPORT**

This report provides an update on the Florida Inventory of School Houses (FISH) capacity data as of September 4, 2024. The revisions reflect recent information from the Florida Department of Education (FDOE) and outline significant changes in the capacity of elementary, middle, and high schools, as well as centers.

1. Permanent Capacity Adjustments:

- **Elementary Schools:** The permanent capacity has decreased due to the demolition of Buildings 2, 3, 4, 5, and 6 located at Mary Bethune Elementary School campus.
- **Middle Schools:** Parkway Middle School experienced a reduction in permanent capacity due to the demolition of Buildings 7, 8, 10, 13, 14, 15, 19, 27, and 28.
- **High Schools:** The permanent capacity for high schools decreased due to the demolition of Building 12 located at Marjory Stoneman Douglas High School campus and Buildings 8, 9, 10, and 11 located at Northeast High School campus.
- **Centers:** Due to a recalculation following the last FISH report submitted on April 3, 2024, the permanent capacity for Centers facilities has increased, reflecting the additional student stations allocated in the modular units located at McFatter Technical College campus.

2. Relocatable Capacity Adjustments:

- **High Schools:** The relocatable capacity has declined due to the FDOE deeming several portables unsatisfactory, such as those at Piper High School.
- **Elementary Schools:** The relocatable capacity has also decreased at the elementary schools' level due to the FDOE's deeming a number of portables at several Elementary School campuses as unsatisfactory.

Florida Inventory of School Houses Capacity Update Report

¹ Permanent capacity includes the capacity located at permanent buildings.

² Relocatable capacity is located in a unit that is movable either on wheels or by truck.

³ Modular capacity is a structure that forms a complete building when combined with other modules or structural components and/or a demountable roof and/or wall sections. A modular building can also be a relocatable building. (This Statements is as defined in State Requirements for Educational Facilities).
