

## Habitat for Humanity of Broward seeking volunteers as Snack Providers

- **Snack Providers (Ideal for All Ages!)**

Habitat for Humanity depends on their volunteers to keep their homes affordable. You can help them by providing snacks to keep their volunteers energized!

This is a great opportunity for families and children! Habitat for Humanity serves snacks at all of their sites on Saturdays, so they need lots of help! Usually, this means a brown bag that includes a piece of fruit, bag of chips, and granola bar or something similar. Feel free to get creative! You can visit the site to serve the snacks you've prepared. They typically take a snack break at 10 am so they would need you to drop off the snacks between 9:45 and 10, unless there are multiple worksites (most Saturdays).

This opportunity is a great way for young volunteers to get initially involved with this organization. Then when you turn 16 you can help with building the homes! Please feel free to contact Pilar Esteban with any questions.

### **Office Volunteering (14+)**

Office volunteers are sometimes needed Tuesday-Friday from 9-5 to complete tasks such as filing and data entry. Volunteers ages 14 and above are welcome to help out when opportunities are available!

Please contact Pilar Esteban at [pilar@habitatbroward.org](mailto:pilar@habitatbroward.org) or (954) 396-3030 Ext. 215 to find out about available opportunities.
