

BCPS Dual Enrollment Guidelines 2021-2022 School Year

To qualify for Dual Enrollment (DE), students must meet the minimum test score and grade point average (GPA) requirements for the institution to which they intend to take courses. The District has DE articulation agreements with Broward College, Florida Atlantic University, Florida International University, and the University of Florida. Please visit the following site at: <https://www.browardschools.com/Page/42959> to see the requirements for each institution.

In high school, students should take seven instructional classes (and one personalization period) each semester on an A/B block schedule and four instructional classes each semester for 4x4 block schools. Students should have one less instructional class during the school day on the high school campus for each DE class that they are taking off the high school campus (including online DE classes).

Early Admission students are limited to 15 total credit hours per semester, including any labs.

BCPS does not support summer dual enrollment classes at any post-secondary institution, with the exception of the FAU Museum of Discovery and Science summer program (MODS).
