

NOVA SPEECH AND DEBATE

ABOUT SPEECH AND DEBATE:

The Titan Speech and Debate club provides the pathway for students to develop essential public speaking tools and the opportunity to enrich their knowledge on a plethora of different topics. It builds leadership skills, the ability to collaborate with others, and a once in a lifetime opportunity to become a stronger presenter. Students can debate on controversial topics in a healthy and safe environment and can bring together the techniques of humor, research, dedication, and skill in order to succeed.

WHAT WE DO:

Being a part of the Titan Speech and Debate club offers students the unique opportunity to compete against some of the strongest debaters and speakers in the nation. They will be able to choose a speech or debate event they find interesting, and then can compete in that event on the local, state, and national level. This includes going to some of the most prestigious national tournaments at locations such as Harvard University and the University of Florida. Members of the club can immerse themselves in the competition and can walk out with new friends and skills that will help them in their future endeavors.

TEAM SUCCESS:

This past year the Titan Speech and Debate team sent 7 students to the National Speech and Debate tournament, where the best of the best faced off. This included two sophomores, two juniors, and three seniors. The team also accumulated many honors at other national tournaments. At Harvard University, we had six students advance to outrounds and at the University of Florida, we had 10 advancing students with one placing second overall. Our students have continuously ranked among the top of the nation, and we are always looking for more dedicated students to make that same accomplishment!
