

Dear Atlantic West Elementary Students, Staff, Families, and Community Members,

I am extremely excited and honored to be an Intern Principal here at the *Awesome Atlantic West Elementary School*. I will promote positive energy here in our new virtual world and expect all of our students and staff members to portray self-control, stay on task, accept everyone for who they are, and be respectful towards each other. My expectation is that everyone always serves with a smile and be kind .

As your Intern Principal, I am dedicated to Educational Equity and will meet the needs of all our students by assisting teachers with providing quality academic instruction online and providing a safe virtual environment. I will continue to provide students with incentives on a bi-weekly basis for showing positive behavior online, participating with i-Ready in ELA and Math for at least 45 minutes per week, meeting our S.O.A.R (***Self Control, On Task, Acceptance, and Respect***) Expectations, and being patient during these unforeseen circumstances.

I am thrilled to begin the new school year and look forward to a fun filled educational adventure here at AWE.

Graciously,

Dr. Latonya L. Cooper, Ed.D
