

Elementary School Debate

“More importantly I would like to extend my deepest and most sincere gratitude for the help that you and your provided during our first elementary after school debate tournament. I have no doubt that the tournament would not have run as efficiently and successfully if it weren’t for your cadets. Your students were respectful, patient, and a great reflection of the work that you put into your program. They never complained about anything that I asked them to do, and seeing them help and guide the elementary students was great. I was told many times by the elementary school teachers that your cadets took the time to guide the students to whatever room or location they were looking for. Again, I would like to thank you for helping us, and I hope that your cadets will consider helping us in December, January, February, and April.”

- Mr. Jon C. Price
