Summer Work Journal  
Sixth Grade  
2020**

Parents, we put together these activities to help keep your student(s) academically engaged over the summer weeks. Each activity is 5-10 minutes long. We recommend your student pick 5 activities from each subject. This way your student can complete 3 activities every week in less than an hour. We have additional links at the bottom (1) to teach your student how to type (2) to a grade appropriate novel.
