## A Message from Our Pack Leader

As the Director of Sheridan Technical College & Sheridan Technical High School, I am excited about what the future holds for the students and families that we serve. Our students are making strides both inside the classroom and in the local community. It's obvious to me that we have the right formula to lead our students into the future. We take pride in educating the whole child each and every day.

As an educational leader, it's important that our students are given multiple avenues to exhibit their academic and technical knowledge. The community of educators and support staff members that are serving your students are passionate about educating and empowering your child for college and/or career. Students are given an opportunity to learn in a small learning environment modeled after a college schedule. Our continued success cannot happen without your feedback and support. Please take a moment to complete the [BCPS Parent Survey](#).

## **School Safety and Crisis**

### **Preventing Youth Suicide: Tips for Parents and Educators**

Suicide is preventable. Youth who are contemplating suicide frequently give warning signs. Do not be afraid to ask about suicidal thoughts. Never take warning signs lightly or promise to keep them secret.

### **Preventing Teen Suicide: Tips for Peers**

Suicide rarely happens without warning. As a peer, you may be in the best position to recognize when a friend might need help and help them get it. You may see signs in person, hear about them secondhand, or see them online in social media. Never ignore these signs.

#### **Risk Factors**

- Hopelessness
- Nonsuicidal self-injury (e.g., cutting)
- Mental illness and substance abuse
- History of suicidal thinking and behavior
- Prior suicide among peers or family members
- Interpersonal conflict, family stress/dysfunction
- Presence of a firearm in the home

#### **Warning Signs**

- Suicidal threats in the form of direct (e.g., "I want to die") and indirect (e.g., "I wish I could go to sleep and not wake up") statements
- Suicide notes, plans, online postings
- Making final arrangements
- Preoccupation with death
- Giving away prized possessions Talking about death
- Sudden unexplained happiness Increased risk taking
- Heavy drug/alcohol use

People do care. Treatment works.
