Club & Activity Descriptions

3D PROFESSIONALS

Club Sponsor:

Kevin.finan@browardschools.com

Our 3D professionals Club is open to all machining students (Juniors/Seniors). To join the students must be in good standing in all classes. The purpose of the 3D Professionals club is to expose the students to this great new manufacturing process. 3D Club members learn to run our 3 Markforged 3D printers and print parts to master the process. Learning by DOING!!! The Club receives many requests to print projects; example: printing a gift for each of the T-TEN graduates to receive at graduation. We are currently printing gifts for all members of a department at the school. It's top secret so we can't say which department spoil the surprise!!! We invite companies/engineers in the 3D printing world to visit and talk about the process. Santavia recently visited the Machining class. 3D club members had an opportunity to speak with engineers about the 3D printing of metal very cool. The engineer from Santavia was a previous machining student, so extra cool. 3D members attend field trips to local and out-of-county companies to learn about manufacturing: one example was Disney.

Dues are collected to support the club: Juniors \$10 & Seniors \$5. We also host fundraisers to support the club. 3D Club has been very fortunate to received donations from manufacturing organizations to help support the club.

Atlantic Adventures

Club Sponsor:

kathleen.kelly@browardschools.com

Atlantic Adventures Club is open to all ATC high school students. The club's mission is to promote a holistic

approach to the overall health and wellness (physical and mental) of the student.

- Open Gym (Mon.-Thur.) 2pm-3:15pm
- Field Trips promoting core values of physical health, mental health & wellness.
- Parent & Student must sign a Permission to Participate Form (Located in Ms. Kelly's Room)
- Open to ALL grade levels

Atlantic Technical High School

Club & Activity Descriptions

Atlantic Explorers

Club Sponsor:

jason.kalls@browardschools.com

Students will participate in the planning of academic and after school field trips. Emphasis will be on curriculum connections and fund-raising opportunities. Students will create promotional materials to advertise upcoming events.

Flag Football Club:

Club Sponsor:

antonio.silas@browardschools.com

The ATC Flag Football Club engages players in the following fundamental skills for flag football. Throwing, catching, handoffs, snapping, pulling the flag, defense, routes, coordination, effective communication skills, being a team player, and good sportsmanship.

- A minimum of a 2.5 unweighted GPA
- Good academic standing
- No academic, attendance or behavioral contracts

*Listen to morning announcements for practice start dates and times.

Basketball Club:

Club Sponsor:

antonio.silas@browardschools.com

The ATC Basketball Club engages players in the following fundamental skills for basketball; dribbling, shooting, rebounding, passing skills effective communication skills, being a team player, and good sportsmanship.

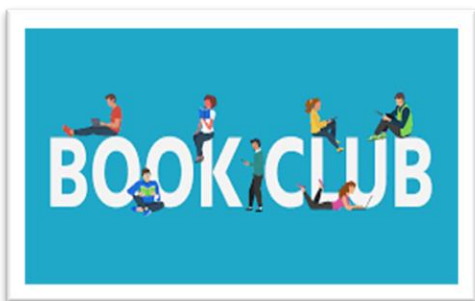

- A minimum of a 2.5 unweighted GPA
- Good academic standing

Club & Activity Descriptions

Club Sponsor:

Catherine.castelli@browardschools.com

Book Club is for lovers of all genres of books. Students analyze books and explore related books through adventurous field trips. Club members participate in the district Battle of the Books Competition and support each other's love of books.

BROWARD YOUTH COALITION - (BYC)

Club sponsor:

Shannon.chen@browardschools.com

Group of young leaders who work to become youth advocates for substance abuse prevention and mental health promotion in their communities. BYC members lead by example and encourage their peers to make healthy decisions. Youth who actively participate in BYC will be better equipped to remain drug-free while successfully navigating school transitions, college and their future.

BYC Action Team through United Way of Broward County's Commission on Behavioral Health & Drug Prevention has a community wide BYC club as well with students across Broward who are dedicated to their communities. BYC offers its members opportunities to participate in meaningful volunteer opportunities, network with community leaders, explore college and career options and to develop both personal and professional skills.

BUSINESS PROFESSIONALS OF AMERICA

Business Professionals of America is the premier CTSO (Career and Technical Student Organization) for students pursuing careers in business management, information technology, finance, office administration, health administration and other related career fields. It is available to grades 11-12 graders and they get the chance to showcase the skills learned in their technical program and get rewarded for merit! Very active, student-run club with fundraisers monthly to help fund our annual leadership conferences. BPA members travel to Orlando, FL annually for the State Leadership Conference and travel to various cities nationwide to compete on the national stage at the National Leadership Conference where students get access to networking with other scholars, guest speakers and industry certifications to help them get out of their "shell" and become a business professional in the real world! BPA club members competed virtually last year due to Covid-19 and placed 1st in the Nation in C# Programming thanks to Mr. Iyar!

Here's a link to what we expect to return to this year after being fully virtual last year: National Leadership Conference-Dallas, TX. May 4-8, 2022. [Home - Business Professionals of America](#)

FIRST PRIORITY

Club Sponsor:

George.orfino@browardschools.com

The First Priority Club is a youth organization that supports student-initiated, student-led Christian clubs on middle school and high school campuses. Founded by Christian author and speaker Benny Proffitt and 11 other youth Pastors in Irving, TX in 1996. Today, there are over 30 local organizations with First Priority of South Florida being the local organization for Miami, Broward, and Palm Beach. The First Priority Club connects with others through the following activities: pizza socials, fun, and the gospel.

Priority Club is Christ-centered, and students grow together in the gospel. Students should join for the following reasons: to grow in faith, make new friends and join a new community of welcoming people, have fun, and meet amazing guest speakers!

Real-Life Entrepreneurship & Intrapreneurship Experience

DEVELOPING FUTURE ENTREPRENEURS

In the JA Fellows Company Program, students gain real-world business experience by working in groups of 20-25, conceptualizing, capitalizing, and managing their own small businesses. The students develop communication, financial management, problem-solving, collaboration and time management skills, just to name a few. Mentors work in teams of 4-6, coaching students through the process of starting and running a small business. "Spark Tank" competitions (Shark Tank-like events) are judged by local business leaders. At year-end, companies participate in a local competition for award, and a chance to compete in a national competition, National Student Leadership Summit (NSLS), in Washington, D.C. in June

Career Bound students build work-ready skills, gain knowledge of local industries and offer businesses a fresh perspective on problems they need to solve.

During the Program, Students Will:

- Collaborate with their peers to participate in case challenges throughout the school year with host companies to help them solve real world problems within their business.
- Participate in engaging "Industry Days" where executives share pathways to career success and provide guided mentorship.
- Build strong workforce skills, learn interviewing techniques, resume writing and soft skills through project-based learning.
- Have summer internship opportunities and be able to earn one school credit upon completion of the program.

Explore the realm of music with ATC's Music Club! Join us every Wednesday to immerse yourself in our dynamic and supportive environment. Our club serves as a place for students to unite under the banner of music, fostering musical creativity and collaboration through a variety of engaging activities including but not limited to:

- Workshops
- Performances
- Games to enhance musical skills
- Spontaneous jam sessions

Our mission extends to nurturing musicians' confidence, broadening musical horizons with a diverse repertoire, and establishing a community that revels in the joy of music.

No matter if you're a seasoned musician or an eager learner, all skill levels are welcome. Our commitment goes beyond the stage: we believe in the importance of having fun with music. Alongside honing skills, we endeavor to lay the foundation of music theory and nurture an innate connection with the music. Join us in developing your musical talents, deepening your comprehension of music theory, and simply enjoying the magical journey that music offers.

Muslim Student Association (MSA) Club:

Club Sponsor: teresaskiles@browardschools.com

MSA provides a safe place for Muslims and students of any religion or race, a variety of volunteer and fundraising opportunities for various organizations and causes to encourage and promote “community” where everyone is respectful and respected.

Atlantic Technical High School

Club & Activity Descriptions

Club Sponsor: Gelin.lucius@browardschools.com

Mu Alpha Theta, the National High School and Two-Year College Mathematics Honor Society, was formed in 1957 at the University of Oklahoma. We are dedicated to inspiring a keen interest in mathematics, developing strong scholarship in the subject, and promoting the enjoyment of mathematics in high school and two-year college students. Currently, more than 100,000 students are Mu Alpha Theta members at more than 2,420 schools in the United States and in 23 foreign countries.

Member Benefits

- Mu Alpha Theta is an honor society that stands out on college and scholarship applications.
- Cords are provided to members at their graduation.
- Members grow math skills through participation in fun activities and competition.

National Honor Society

Club Sponsor:

monique.litthcut@browardschools.com

The purpose of the organization shall be to create an enthusiasm for scholarship, to stimulate a desire to render service, to encourage a concern for character development, and to advance the work of the Honor Society among all **Broward County Chapters**. The **National Honor Society (NHS)** elevates a school's commitment to the values of scholarship, service, leadership, and character. These four pillars have been associated with membership in the organization since its inception in 1921. Today, it is estimated that more than one million students participate in NHS activities. NHS chapters are found in all 50 states, US Territories, Canada, and around the world. Chapter membership not only recognizes students for their accomplishments but challenges them to develop further through active involvement in school activities and community service. As such, NHS chapters and students are in schools that care not only about student achievement, but also community engagement.

NHS students and their peers volunteer in their communities at the highest rates and make connecting with and serving within the community a priority. The average chapter contributes:

- 1,000 hours of school/community service
- \$26,000 in charitable donations
- 1,000 pounds of food to local, state, and national causes
- 100 pints of blood

History -The National Association of Secondary School Principals (NASSP) officially established NHS in 1921. Though many local and regional honor societies existed prior to 1921, no nationwide organization had been founded. Under the leadership of Dr. Edward Ryneerson, principal of the Fifth Avenue High School in Pittsburgh, the organization grew from the original Alpha Chapter at the Fifth Avenue School to more than 1,000 chapters by 1930. Equipped with constitution, an emblem and motto, and a group of dedicated principals as coordinators, the new NHS organization quickly developed into one of the country's leading educational groups.

PROGRAMMING-

Club Sponsor:

Chandrakasamn.iyar@browardschools.com

Fueling Creativity through Programming

ATC Programming Club is a dynamic and inclusive High School Programming Club that serves as a creative hub for students passionate about technology, coding, and problem-solving. The club aims to cultivate a collaborative and stimulating environment where members can explore the vast world of programming, develop technical skills, and foster innovative thinking.

Led by a team of dedicated students and guided by experienced mentors, ATC Programming Club offers a diverse range of activities tailored to engage both beginners and experienced programmers:

- **Workshops and Tutorials:** Regular sessions are held to introduce members to programming languages (Python, Java, HTML/CSS, Unity 3D, App Developer, etc.), algorithms, data structures, and various software development tools. Workshops are designed to be interactive, allowing members to learn hands-on and receive immediate feedback.
- **Project Showcases:** Members are encouraged to collaborate on coding projects, from simple games and apps to more complex software applications. These projects provide practical experience and a platform to apply programming concepts to real-world scenarios.
- **Hackathons and Coding Challenges:** ATC Programming Club participates in organized coding competitions, hackathons, and challenges that foster healthy competition, enhance problem-solving abilities, and promote creativity under pressure.

- **Tech Talks and Discussions:** Regular discussions on emerging technologies, ethical considerations in programming, and the social impact of technology help members broaden their perspectives and think critically about their work.

- **Learning Resources:** ATC Programming Club provides access to a library of programming books, online courses, coding platforms, and resources to support self-guided learning.

- **Collaborative Learning:** Members are encouraged to work together on group projects, share knowledge, and learn from one another. Peer mentoring fosters a sense of community and camaraderie.

The goal of ATC Programming Club is to empower students with the skills and confidence they need to excel in a technology-driven world. By creating an inclusive and inspiring space for exploration, collaboration, and innovation, the club nurtures future programmers, software developers, and tech leaders. ATC Programming Club is not just about learning to code; it's about igniting a lifelong passion for problem-solving, creativity, and the limitless possibilities of technology.

Club & Activity Descriptions

Poetry Club (Poetic Prophets)

Club Sponsor:

Shannon.chen@browardschools.com

The Omari Hardwick blueapple Poetry Network gives students across South Florida the opportunity to truly be the center of the educational process and express themselves through the art of spoken word poetry. Students in grades K-12 are exposed to the transformative power of poetry through teacher and student-led workshops, virtual poetry readings, regional conferences, and more. *Everyone wants to be heard.* Everyone wants to feel like their life, their story is important, and that someone is listening. Oftentimes, children feel that no one is

listening. Students have thoughts that breathe, and the Omari Hardwick blueapple Poetry Network gives them platforms to let their words burn.

Senior Class

Club Sponsor: lakeya.harriott@browardschools.com

All Grade 12 students are included and encouraged to participate in class sponsored activities including the following:

- Hold elections for class officers.
- Senior class activities vary from year to year depending on student preference, availability of time, and resources.
- Multiple class fundraiser projects
- Prom
- Community Service project
- Senior class trip or activity
- Graduation/Senior breakfast

National Technical
Honor Society

Club Sponsor:

cindy.burdick@browardschools.com

The National Technical Honor Society is an educational non-profit that exists to honor, recognize, and empower students and teachers in Career & Technical Education. As the honor society for Career & Technical Education, NTHS serves over 100,000 active members annually in both secondary and postsecondary chapters across country.

Since its founding in 1984, nearly 1 million students have become NTHS alumni. NTHS honors the achievements of top CTE students, provides close to \$300,000 in scholarships annually, and strives to help connect education and industry to build a highly skilled workforce.

NTHS helps schools to:

- Offer additional scholarship opportunities to CTE students.
- Communicate a strong, positive image in the local community.
- Attract and recruit qualified, diverse students into CTE programs.
- Build active partnerships with and promote students to local industry.
- Recognize outstanding leaders and educators through the NTHS Hall of Fame.

- Encourage parental, family, and industry involvement in the educational process.
- Foster self-esteem, pride, responsibility, and community involvement in students.
- Enhance partnerships with HOSA, SkillsUSA, BPA, DECA, FCCLA, and FBLA/PBL.
- Seek postsecondary education by awarding over \$300,000 in scholarship annually.
- Position themselves ahead of competition in today's highly competitive workforce.
- Earn recognition for superior achievement in career and technical fields.
- Build career portfolios with professional letters of recommendation.
- Connect to global career and technical education networks.
- Discover opportunities with leading business and industry.
- Serve in leadership roles in communities and industries.

STUDENTS AGAINST DESTRUCTIVE DECISIONS (SADD)

SADD is a school-based organization dedicated to addressing the issues of underage drinking, impaired driving, drug use, and other destructive decisions and killers of young people.

SADD's mission is to provide students with the best prevention and intervention tools possible to deal with the serious issues young adults are facing today. Empowerment is the foundation of SADD. The idea of empowerment is to build

student's confidence and ability to create changes and manage behavior in a way that results in healthy choices. SADD promotes a 'no use' message of alcohol and other drugs and encourages students not to participate in activities with destructive consequences. The group is open to any high school student. There are no dues to be paid. The larger projects that the club organizes are Red Ribbon Week activities and Mental Health Awareness week.

The SADD Club meets once per month afterschool.

Club Sponsor:

Corinth.evans@browardschools.com

TEEN POLITICAL FORUM-

TEEN POLITICAL FORUM (TPF) is a NON-PARTISAN Club with the City of Coconut Creek. Students interact with elected officials, government employees, and students from different high schools. The goal is to create a themed event for all students in the City of Coconut Creek with a Panel of Community Leaders so students can ask questions directly impacting their lives and get answers.

Participation in Teen Political Forum is open to all motivated students at ATC in grades 9-12 who want to learn more about local government. A significant time commitment is required since meetings are approximately 1-2 hours afterschool twice a month. Students will earn community service hours, learn leadership, and marketing skills while making an impact in their community.

WOMEN OF TOMORROW

Established in Miami in 1997, the Women of Tomorrow Mentor & Scholarship Program was born out of the belief that caring professional women sharing their knowledge, expertise and support with at-risk and disadvantaged girls can be the catalyst for success by inspiring them to aim higher, by providing them with the skills necessary for personal and professional success – allowing them to find the strength

and determination to transform their lives despite the obstacles stacked against them. Girls who would have otherwise likely dropped out of high school not only graduate, they pursue higher education at various post-secondary institutions. Women of tomorrow organization partners with local schools to provide mentees with small group monthly mentoring sessions by highly accomplished professionals, field trip opportunities that may include college visits, and tours of local public service and governmental agencies. Atlantic Technical High School currently has 30 mentees in the Women Tomorrow Mentorship Program.
