Dear Future Flying L Partner in Education:

Fort Lauderdale High School is one of the greatest high schools in America. We have been recognized as one of the *Best High Schools in America* by US News & Worldin Education Report, one of the *Most Challenging High Schools in the Nation* by the Washington Post, a *Magnet School of Excellent*, and a *2019 School of Excellence*. The faculty and staff work with all of our students to provide a safe, caring, and nurturing learning environment. The teachers produce innovative lessons and are always there to encourage and support our students to reach their highest potential. We proudly graduate 98.7% of our students and provide them with a rigorous education, including a variety of industry certifications which meet the demands of our changing world.

Low-income and minority children often face insurmountable obstacles that make finishing high school difficult and going to college almost impossible. Right now, a high percentage of Florida children are living in poverty and the numbers are increasing every year. Many of our children are underserved and need additional support to reach their aspirations.

We are looking for companies in our community to partner with us and go the extra mile for our students, staff, and our school. As a Partner in Education for Fort Lauderdale High School, we invite you to partake in our school events and market your business to our community. You will be announced at our home games and be part of our featured Partnership Page in our annual yearbook. Our Platinum and Gold Sponsors will also be featured as a Partner in Education on a banner that hangs along 4th Avenue showing the community that we are supporting our students and our great school together. Our goals cannot be accomplished without your kind, much needed and appreciated sponsorship.

Thank you for considering to join us as a Fort Lauderdale High School Partner in Education.

Sincerely,

Erin Brown
Principal
Fort Lauderdale High School

Dear Future Partner:

Fort Lauderdale High School invites you and your business to partner with us. The goal of this partnership is to form a strong relationship between the school, our students, and your company. Hanging professional banners on our campus allows you the opportunity to showcase this partnership and demonstrates your support of local public education. Additionally, we will celebrate our partners and welcome them to school events throughout the school year.

The mission of the FLHS Partnership Program is to strengthen and enhance the education of FLHS students through these business and community partnerships. Whether you are a small business or a major corporation, our school needs and welcomes your support. Partners prove their positive community support by investing in our children, our community, and our future. We cannot do it without you.
