Bulletins for Charter Schools are posted to the **Charter Schools Hub SharePoint** and emailed to the administrators. Please check for I&T Bulletins daily as pertinent information on surveys is posted there. Included with all surveys is a "How to Make Corrections" document crafted from errors found on the State Reporting Error Report.

Please Note: Suggested fixes for a given error may not work with every scenario; therefore, please review your data first.

Survey 3 2122 Batch
February 18, 2022
TO ALL SCHOOLS

Survey 3 2122 Initial Transmission has been processed at the State. All-State Edit Error reports and all Local reports have been placed in Opti spool, dated February 18th. During the Initial transmission, schools WILL NOT receive any local TE reports, ONLY State Edit Reports. Although this was the Initial Transmission, the Edit reports are now Batch reports, due to processing corrections that had to be made at State.

State Edit/Batch Report Names and Numbers are listed below

Student Demo - 60.780 Student Course - 60.781 Prior School - 70.217

Teacher Course - 60.782 Exceptional Student - 61.034

Federal State Indicator - 61.372 School Environmental Safety - 62.949

English Language Learner - 62.234 Student Discipline - 60.987

Please refer to the attached document to assist you with making corrections to your State error reports in TERMS ONLY. Schools must email someone on the State Reporting Team to have corrections made in External; please allow a 24-hour turnaround. External will remain closed to schools for the remainder of this survey.

Please Ignore All-State Edit errors that refer to FLEID numbers. They have been corrected by the IT/School Applications Dept. If you received any ESE Edit errors, please ignore them at this time; they will be programmatically corrected**.**
Audit Note: Schools must run the Survey 3 2122 11-Day Count (January 28th thru Feb 11th, 2022) Principal 11-Day Attendance Report; school can run in Basis under School Reports 2.0, click attendance, then attendance summary, enter the date range and click submit. The principal must sign this report, and it should be placed in the Schools Audit Box, immediately. If schools ever need to refer to the report, you will already have it. Please find the attachment FTE Documentation Manuel; this will assist schools in what is needed in the Audit Box

Schools must file ALL FTE reports that are placed in Opti spool during the Lifespan of Survey 3 2122, which are all the State Error reports (Edit) for Survey 3 2122, including all the Local reports, including **BS7006, TS7006, ZSDBD098, ZSDBD461**, in your audit trail box, for audit purposes.
Please remember that ONLY State Error Reports are errors, that need to be corrected. The Local reports (BS7006, TS7006, ZSDBD098, ZSDBD461) are information only, and no corrections are needed. Please file in your Audit Box.

FTE-1 by Class (TS7006) --This report shows all the students enrolled in your school with their schedules. All schools should receive this report if they have active students scheduled on the A10 panel. If your location DOES NOT receive this report, please contact us immediately.

FTE GENERAL INFORMATION

FTE-1 by Class/Assign (BS7006)--This report shows all the students enrolled at your school with a schedule and courses at another location.
ZSDBD385 - TERMS Room/State FISH Number Match
Please use this report to make corrections to the TERMS C01 Room Resource panel and correct FISH number errors.
ZSDBD461 - Reading Intervention Component-- The District has updated the A10 Reading Intervention Component (RIC) for students scheduled in tier 2 and tier 3 courses. Corrections ARE NOT needed for this report.
ZSDBD098 FTE Eligibility -- Schools will only receive this report if a student was identified as NOT meeting Attendance or Membership requirements. A code "N" was placed on the A08 panel in TERMS under the FTE-3 field. Schools will not receive funding for these students.

We would like to congratulate everyone for all their hard work! Survey 3 2122 is looking good. The next Batch transmission for Survey 3 2122 will take place today, Friday, February 18, 2022. If you have any questions, please contact Angela Davis, Traci Butler, Latoya Thompson, or Theresa Underwood in I&T/State Reporting via email.

All corrections should be emailed to one of the State Reporting Team members by 2 pm on Friday, October 29th, to be captured in this Batch Transmission.

FTE Requirements and Documentation

The purpose of this section is to provide guidance on requirements and documentation necessary to support the number of Full Time Equivalent (FTE) students that have been reported during the State's survey periods.

1. **Membership**

To receive funding for a student, the student must be **enrolled** in the school during the FTE survey week. Students withdrawn at any time prior to survey wee*k* cannot be considered for funding, even though they might have been in attendance prior to the survey week. The appropriate withdrawal code is shown on the day following the last day of membership. *Registration and withdrawal forms serve as documentation of whether a student is enrolled or withdrawn from your school.*

2. **Attendance**

In addition to meeting membership requirements for FTE funding, a student must be **physically present** one of the days during survey week OR one of the six scheduled school days prior to survey week. Holidays and Teacher Workdays are excluded when counting back the six days.

3. **Attendance Documentation**

Attendance data must be entered on the TERMS student database. The Principal's Attendance Register for the FTE survey period must be signed by the principal and filed with other FTE documentation. To verify the accuracy of the database attendance, auditors will check the attendance documentation source, such as: Pinnacle, attendance cards, teacher grade books, student sign-in sheets, and OJT timecards signed by the employer.

NOTE: FTE Eligibility (ZSDBD098) * will determine which students do not meet the above requirements and place a Code of "N" on the A08 Terms panel under FTE. FTE-2, FTE-3.

*This program runs for Surveys 2 and 3 only starting on survey week of the reporting survey.

The FTE Survey "Audit Box"

The term "box" refers to any means used to organize the materials from each FTE survey. Most reports can be converted to PDF and saved to a CD or flash drive. Examples:

- ☐ All printouts, such as the FTE-1 report (TS7006) listing students by course and the FTE reported for each survey, should be filed in such a way that individual student records can be traced and cross-referenced when errors are reported by the State and corrections are needed.
- ☐ All State and Local FTE reports, such as Fundable/Non-Fundable FTE, error reports (Edit, Validation, Exception and Batch update), TERMS External Reporting Series, FTE Summaries, etc., should be filed in chronological order thus keeping each survey separate from each other. New reports should be cross-referenced to the corrections that were made from previous reports to aid in making additional corrections. ***A chronological trail of all corrections should be maintained.***
- ☐ Master Teacher Schedule in place during the FTE survey week.
- ☐ Class lists for each teacher reflecting the students in that class as of the last day of the FTE survey week (date certain).
- ☐ Schedules and entry and withdrawal records for Hospital/Homebound students.
- ☐ Student sign-in sheets.
- ☐ Special Program eligibility data reports and rosters for ESE and ELL students.
- ☐ FTE Eligibility ZSDBD098
- ☐ DWH School Reports ATT1004 – Average Daily Attendance for the 11-day count down period, signed by Principal.

Chapter 6A-1.04513 of the Florida Administrative Code states that these records shall be maintained in auditable condition, shall be made available to the Department of Education for auditing, and shall be kept for a period of three (3) years or until the completion of an audit by the state audit agency, whichever period is longer.

Helpful Hint: Wait until the final collection of FTE data from TERMS before generating school reports. The final pull from TERMS represents the data that will be submitted to the state for FTE purposes.

The TERMS Room/State FISH Number Match Report is a printed version of the C01 Room Resources panel in TERMS. All FTE generated by courses scheduled in a room with the message of "No Match of TERMS FISH" will be invalid because the FISH room number created on the teacher course record will not match the State FISH file. This will cause the teacher course record to be rejected by the State, which in turn causes the FTE being generated by the students scheduled in the course to be invalid.

Schools should contact the I&T Service Desk at 754-321-0411 whenever there is a room with a "No Match" message on this report or a description of "Not on State Fish File" for a room on the C01 Room Resources panel in TERMS.

** This report will identify any student course records that are scheduled at the same time. It will also allow schools to address any other scheduling problems that may have occurred.

** School doesn't have to pullout ESE minutes, but the report will flag courses with zeroes to bring it to school's attention. It is not an error, as long, as you have .5000.

3. TS7006 -- Reading the FTE-1 by Class Report

FIELD: **EXPLANATION:**

EL A "Y" in this field indicates that the student has met membership and attendance requirements and is eligible for FTE funding. If the student does not meet the membership requirement, the code should be "X", if the student is in membership but does not meet attendance criteria, the code should be "N". Unweighted FTE will be .0000 for all classes if an "X" or "N" appears in this column. Incorrect codes are to be changed on the A08 Local Data Elements panel in TERMS.

GR Grade of the student as this report is generated by grade level.

COURSE/SEC Should represent every course in which the student is enrolled on date certain of the survey week (date certain is the last day of the survey week).

ASGN SCHL If a location number other than your school's number appears in this column, that location will be the school of enrollment on all FTE reporting formats. FTE funding will go to the school that owns the student course.

PGM The funding program under which the student course is being reported.

- **G** The program number has been changed based on the grade level of the student.
- **H** The program number has been changed based on the hours (High).
- **L** The program number has been changed based on the hours (Low).
- **X** The program number has been changed and a new course/section and schedule record generated due to DOE calculation requirements that create an excess.
- **S** The program number on the course record on the A10 Student Schedule panel has been changed from the program number on the C17 Master Schedule panel.
- **Blank** No changes have been made to the program number.

TIMES There should be no unintended overlaps of time (speech would be an intended overlap of time).

DAYS #: The number of days the course meets during the survey period (will not exceed 90).
Codes: The days of the week on which the course occurs.

CLASS MINS The actual number of weekly instructional minutes (no blanks should appear).

MEMBRSHP Actual weekly instructional minutes converted to hours.

SR Indicates discrepancies in class meeting times or recalculations of class minutes by the program creating this report.

- **S** The class meeting times on the course record on the A10 Student Schedule panel are less than the times indicated on the C17 Master Schedule.
- **O** The program creating this report has recalculated the Class Minutes to compensate for pullouts or scheduling errors.
- **Blank** There are no changes from the times indicated on the C17 Master Schedule.

UNWGTD FTE The total unweighted FTE should be .5000 for all students with class minutes of 1500 or more.

How to Make Corrections in TERMS During Survey 2 &3
Preliminary Stage

---

1. TE2013 Student Demographic Reporting Series (A03 Panel)

LG SRVY – Home Language Survey Date This date can be found at the bottom of the student registration form. It is required for every student that enters the school. This date is the date the student is registered. **This date CAN NOT be blank or zero filled**. Contact Martha Villa to get this date change, if needed.

Invalid LEP Code
Schools has received an **error of (LY)** in this field, there are several steps that schools need to do prior to making any corrections in TERMS.

A. First this error means that this is an active ELL student that is missing their A23-E, A21 panels in TERMS.
B. Schools must see their ELL contact person at their school to confirm the correct status of the student.
C. If the student is an LY student, them the ELL contact person needs to provide the IMS/IMT the information that goes on the A23-E panel and A21 Test information panel to enter TERMS.

DT US SCHL – Date Enter US School: This date should be the date the student enters a U.S. school for the first time.

---

2. TE2014 Student Course Schedule Reporting Series (A10 Panel)

Note: 111=251, 112=252, 113=253
PGM –Program Code When program codes (111, 112, 113) underline, it means that you are missing an ESE A23 panel for student. Please see your ESE specialist for the information to create your A23 panel.

Please Note: Program Code 300 is not valid for grades Pk-12 but is valid for a technical course for a high school student. School must change the program code to a valid code (basic code) that is associated with the student grade level

MINS WEEK – Class Weekly Minutes When field is underline and minutes are zeroes, then you could possibly have two courses scheduled at the same time. Proceed to the C02 panel to verify the (To and from) Time is not overlapping. If

they are corrections need to be made on the panel. Please refer to the C19 Handout displayed earlier in the manual.

---

3. TE2015 Teacher Course Schedule Reporting Series (C17 Panel)

SM – Scheduling Method This element is located on the C17 panel. Go to the field on the panel and hit F1 to get value codes and definition of the values.

C – Co-teaching meaning there are two teachers in the same room. When using this code, you will have to create C17 panel for both teachers and split the student between the two teachers

.

M – Multiple Use one classroom occupied by two different teachers, teaching different subjects, separated by a divider. When using this method schools will create two different C17 screens for each teacher, but they must have the same building and fish number.

Please Note: If the Team-Teaching Training code is not Z and Scheduling Method = C, on the C17 panel in TERMS, then Primary Instructor Indicator code on the C17, must equal "Y".

FLEID Number If school has FLEID error, For Charter Schools only, please verify that staff member is in Charter Security, and information is in TERMS on the C05. If both steps are yes, and you still have FLEID error, contact State Reporting via email.

NOTE: All school except Charter, please ignore when this field is underlining code of 77777777 or 88888888 when teacher is a type that is mentioned in the definition. This will programmatically default from ERP.

SSN – Social Security Number Data Intelligence department runs a program nightly to populate teachers' social security number. Schools must enter the Teacher or Substitute and personnel number on the C05 panel for district schools only. If this field is underlined with zeroes, please verify with your office manager that you have the correct legal name on the C05 panel. Schools must use the name that SAP has for the program to update the C05 panel.

NOTE: Schools can enter substitute teacher's information on the C05 panel until teacher is hired. Charter Schools must enter all teacher's information as usual, unfortunately program will not update this information for Charter Schools**.**
Substitute teacher can be reported to state during Survey 2 or 3.

4. TE2020 Exceptional Teacher Reporting Series (A23- Type S)

IEP DATE – This date must be in the date range of for Survey 2 (7/1/21) thru (10/14/22) and for Survey 3 (7/1/21) thru (2/10/23). When in error, IMT/IMS must see the ESE Specialist for a valid date to enter on panel.

NOTE: ESE Courses that start with a '7" must have a valid IEP based reporting survey. Also, by the end of process window of that survey.

PE – Primary Exceptionality – When creating an ESE A23 panel IMT/IMS must enter a valid code other than Z. Please get a valid primary code from ESE Specialist located at your school. Primary code of 'T" is now up to 9 years old on date certain of the reporting survey.

IDEA – This field is also located on the ESE A23 panel. School must see the ESE Specialist to get valid code to enter on the panel, and Help Screen

Alternative Assessment (AA) This element can be found on the A08 panel in TERMS. When coded other than Z, must have at least one Access Course on the A10 panel. Schools are to contact their ESE Specialist for valid codes.

NOTE: TTSW / TNDP fields cannot be zero-filled for Survey 2. Schools must see their ESE Specialist for this information and enter it on the A23 Type-S panel.

5. **TE2035 English Language Learners Reporting Series (A23 Type E)**

TIER Error - Schools that receive a TIER error, you will need to give this report to your ESOL contact person, so they can give you the correct code. If the ESOL contact person is unsure what code to use, they need to contact Martha Villa in the Multicultural Department. Once they receive the correct code, they will need to give that information to you, to enter it on the A23 Type-E panel.

Schools who ELL: BASIS OF ENTRY IS CODE **(A)**, AND IF ELL: EXIT DATE IS 00000000, THEN THE TEST NAME: **LISTENING** AND TEST NAME: **SPEAKING** MUST BE **OTHER THAN** ZZZ**.**

Schools who ELL: BASIS OF ENTRY IS CODE **R,** AND IF ELL: EXIT DATE IS 00000000, THEN THE TEST NAME: **READING** AND TEST NAME: **WRITING** MUST BE **OTHER THAN** ZZZ.

Test ID - This field is located on the A21panel in TERMS. IMS/IMT **must contact** the ESOL Contact person at their school for any TEST information pertaining to an ELL student.

Corrections should be made on the A23 Type-E panel.

Entry Exit (EE) Field – If this filed is underline, and the student has a valid Exit date on A23-E panel, and code LF or LZ in the LEP field on the A03 panel, then **school must enter a valid code In the Basis of Exit code field (E1) on the A23-E panel.**

Per Marth Vilal student must be coded as follows:

Entry (EE) Code

PK – T only K-12 = A or L 3-12 = R

Basic of Exit 1 (This is when a student LEP = LF or LZ and a valid Exit date)

NOTE: Martha Villa has mentioned that Broward no longer report Basis of Exit 2 code. If you received and underline under this field, schools are to ignore this error.

If the batch update report you received shows an error in the transaction code, it is because of one of these reasons:

----If your "A" transaction code has rejected in any format on a batch report, it is because this record already exists at the State. Please do not re-add the record. If there is a correction to be made to this record, use a "C" transaction code. If no corrections are needed, just remove the "A" transaction code, press Enter.

----If your "C" transaction code has rejected in any format on a batch report, it is because this record does not exist at the State. If there is a correction to be made to this record, make it then use an "A" transaction code and press Enter.

----If your "D" transaction code has rejected in any format on a batch report, it is because you are deleting a record that does not exist at the State.

APPENDIX EE
VACCINE STATUS AND DATE

Vaccine Status, Date is a ten-character field which presents information about each of the vaccines required for children. For most cases, the first character tells the vaccine type, the second denotes the dose in the series and the remaining eight characters represent the date the dose in a series was administered. (Also see Immunization Status.)

Special Cases

There are also two special cases which will indicate that dates are not required for some individuals because:

1) they have a medical or religious exemption, or
2) they entered school prior to the time when individual vaccination dates were required - these students have been immunized.

Ten Character Code	Meaning
8099999999	The student has been immunized, but dates are not available for the individual doses. (The student's proof of immunization was an eligible form which did not require dates.)
90EXEMPT_ _	The student has either 1) a permanent medical exemption for all required vaccinations or 2) a religious exemption. (Positions 9 and 10 will be blank.)

All other vaccination information should be coded as follows:

First Character

Diphtheria, Tetanus and Pertussis (DTP/DTaP/DT/Td/Tdap)

A	**DTP vaccine/DTap** (4-5 doses) If the fourth primary dose of DTP is administered on or after the fourth birthday, a fifth dose is not required.
B	**DT (Pediatric)** vaccine - 3 to 5 doses total depending on the age of the child and the type of vaccine given. DT is acceptable for youngsters under the age of seven years (a series of four doses). DT is an acceptable substitute for DTP/DTaP if pertussis vaccine cannot be given for medical reasons.
C	**Td Adult vaccine – (Refer to codes P and Q when reporting Td Adult Vaccine)**
P	**Tdap (Tetanus-Diphtheria-Pertussis) vaccine** One dose is required for entry to seventh grade.
Q	**Td (Tetanus-Diphtheria) vaccine** (1-3 doses) Students who started their immunizations after age 7 should receive three doses of adult Tetanus-Diphtheria (Td) vaccine. One Tdap vaccine (code P) should be used to replace one dose of the Td for ages 11-18 in order to meet the seventh grade requirement. Effective with the 2009-10 school year, Tetanus-Diphtheria-Pertussis (Tdap) replaces the Tetanus-Diphtheria (Td) requirement for students entering seventh grade.

APPENDIX EE
VACCINE STATUS AND DATE

Second Character

Dose in series

Note: 0 should be used in special cases, including exempt status, to indicate no doses required. Special cases may include a physician's note documenting measles disease or laboratory evidence of measles immunity. This does not exempt the child from mumps and rubella immunization.

Third - Tenth Characters

YYYYMMDD Year, month, day of dose.

EXEMPT_ _ If the specific requirement has been exempted, enter 'Exempt' in the third-eighth positions and leave positions 9 and 10 blank.

See Section 1003.22, F.S., Compulsory Immunization Guidelines from Department of Health for instructions on how to handle incomplete date information.

Examples and conversion procedures:

1. For students in the district's automated system prior to 7/1/91:

For students with an Immunization Status of 1 (permanent immunization certificate), the date of the immunization would default to the last dose in the series, i.e., DTP 2031573 would be A519730315, except the first dose of MMR, MR or Measles should be coded as the first dose in the series.

Students with an Immunization Status of 2 (temporary medical certificate requiring follow-up), presenting a 680A (Permanent Immunization Certificate), should be treated as new enrollees and all dates entered in the system.

For students with an Immunization Status of 3 (permanent medical exemption), for one vaccine only, the date of the other immunizations would default to the last dose in the series, i.e., polio 4041076 would be D419760410.

Students with an Immunization Status of 0 presenting evidence of immunizations should be treated as new enrollees.

2. Examples:

A student presents a valid HRS 680C Permanent Medical Exemption Certificate which indicates that he must not be vaccinated for medical reasons.

This student would be coded with an Immunization Status of 3 and Vaccine Status, Date would be **90EXEMPT_ _**.

A student presented a valid PD 137 form at the time of initial entry into a Florida school. No vaccination dates were required.

This student would be coded with an Immunization Status of 1 and Vaccine Status, Date would be **8099999999**
