

ESE SERVICES

DR. ANDREA TABER

Dear Parents,

Hello,

I am Dr. Andrea Taber, I am the ESE Specialist at Pines Lakes Elementary. As the ESE Specialist, some of my responsibilities include facilitating annual Individualized Educational Plans (IEP) and Educational Plan (EP) for gifted students. With the support of our two ESE providers and our two Speech and Language Pathologists, we address parent concerns, teachers concerns, and our number one goal is to make sure your child's needs are being addressed in the classroom setting.

Throughout the year, the ESE department assists teachers and students with visuals, schedules, Functional Behavioral Assessment (FBA), testing accommodations, classroom accommodations, and more.

In addition to organizing meetings and assisting teachers and students, we assist parents and students with transportation needs for students with educational plans.

Sincerely, Dr. Taber
