Clever can be accessed by clicking the Clever button on [browardschools.com/sso](http://browardschools.com/sso).

On the first page users will need to select their school by entering the name in the box provided.

Once the school is selected, users will be brought to the Broward County Public Schools Page. On this page users will click on “Log in with Active Directory”

When users click this button, they may be prompted to login on the following page:

For teachers/staff the format is:  
[personnelnumber@browardschools.com](mailto:personnelnumber@browardschools.com)

For students the format is:  
[studentnumber@my.browardschools.com](mailto:studentnumber@my.browardschools.com)

The password is still your Active Directory password the same password that was used to login to SSO and your Windows computer.
