

Summer Learning

Dear North Lauderdale Families,

Now that summer has begun, please take full advantage of some online learning that is being offered by the district. If your child needs to obtain a laptop, or needs to replace a laptop, please call 754-321-0569 for assistance.

Google "Supporting Young Learners". It will bring you to a public Canvas Course. On that course, you will find "Summer Digital Playground".

Beginning June 8 there will be content for each grade level. OR you can use these web addresses:

- <https://bit.ly/ElemDigitalPlayLinks> to an external site
- <https://browardschools.instructure.com/courses/627242>
- <https://www.browardschools.com/digitalplaygroundLinks> to an external site

Other things to do this summer:

1. IReady is available through July 24
2. Think Central, Learning A-z, and Stemsscopes will be available all summer long
3. Take a nature walk with the family. Document what you observe
4. Begin a summer journal to include events of the day and your feelings about the day
5. Play outside with friends
6. Read a book
7. Write your own book and include pictures
8. Practice your multiplication tables and other math facts
