- For risers, extra tables and chair setup you must contact a custodian.
- Technical Theatre students are not responsible for setup and breakdown of non-technical items.
- You must provide your own student to run the projector as they will be familiar with presentation.
- If your event will be using music, ALL music must be on ONE device and playlist. Multiple devices will NOT be accepted for audio needs.
- You must provide the laptop and DONGLE attachment if projection needs are requested.
- Technical Theatre Students assigned to the event are not responsible for lost or damaged items.
- If you are having guest artists on stage, your group is responsible for any damages. So, keep a watchful eye out!
- REHEARSALS/SOUND CHECKS – You must allow time for a sound check so that if there are any issues with your laptop or MP3 player, we can trouble shoot BEFORE you event begins. Allow time to have this “rehearsal” so that you are less stressed. You do not want guest to arrive while you are testing out sound and lighting.
