SUBJECT: **New Resource for Military-Connected Families**

The Public Information Office, in partnership with the Student Services Department, would like to share a new resource for military-connected families enrolling in Broward County Public Schools. The resource, which is a four-page brochure, provides information on a variety of District accommodations and services for military-connected families to make their transition to BCPS as smooth and seamless as possible.

For your convenience, the Military-Connected Families brochure is attached as a PDF. It can also be accessed via the District's website, browardschools.com.

Please share this resource with your military-connected families, staff and stakeholders.
