LISTEN was created in response to the crisis facing our youth. *LISTEN* gives a voice to teens everywhere. It is a wake-up call to face the reality that if we are not part of the solution, we are all responsible for the next tragedy. We welcome Director & Producer Erham Christopher who will be present to facilitate an honest discussion regarding Mental Health at the end of the film.

PRESENTED BY: School Performance & Accountability,
Student Support Initiatives, and Jason Taylor Foundation
