

History Day Assignment Timeline

The following timeline will help you manage your time and keep on track during the process of creating your entry for National History Day. If you adhere to the schedule, you will have plenty of time to do a wonderful job. Your parent is to sign the appropriate line prior to submission of the completed task. **Note:** If you are absent on the day a task is due, find a way to get it to me. Otherwise it will be late, and points will be deducted. Bring a hard copy of your work on the requested due date.
