This Dual Enrollment Recommendation Form must be completed and certified by the Principal and School Counselor at the high school where the student is enrolled. The purpose is to recommend a student for enrollment to the Dual Enrollment program at Broward College in accordance with the provisions of the Dual Enrollment articulation agreement and Florida Statutes 1007.27 and 1007.271.

**Acceleration Program** (indicate one):

- Dual Enrollment.** College credits earned and applied toward high school diploma.
- Early Admission.** Students must enroll in at least 12 credits during both fall and spring terms, be a senior in high school, and maintain a college GPA of 2.0 or greater.

**Admission Criteria for High School Students**

1. **Initial Eligibility Requirements** - high school unweighted 3.0 grade point average on a 4.0 scale, and testing college-ready in all areas — English, Reading and Math (MAT 1033). **Continued Eligibility** - Earn a C or better in each course and maintain a 2.0 college grade point average on a 4.0 scale. If the student is projected to graduate from high school before the scheduled completion date of a postsecondary course, the student may not register for dual enrollment. The student may apply to the college and pay the required registration, tuition, and fees if the student meets the college's admission requirements under s.1007.263.
2. Students participating exclusively in the Student Life Skills (SLS) course must be a high school senior with an unweighted GPA of 2.5-2.9, as indicated in the Dual Enrollment Articulation Agreement.

**College-Level Course Outcomes and Expectations**

1. Any letter grade below a "C" will not count as credit toward satisfaction of the requirements in Rule 6A-10.030, F.A.C. All grades are calculated in a student's GPA and will appear on the student's permanent college transcript. Withdrawals may affect subsequent post-secondary admission, financial aid and scholarship opportunities.
2. While appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses. Courses will not be modified to accommodate variations in student age and/or maturity.
3. To minimize student costs for excess hours, parents, students and their school counselor should select courses to meet high school graduation and college degree requirements, including approved program common prerequisites. General education courses are strongly encouraged. Visit [www.broward.edu/dual](http://www.broward.edu/dual) for a complete list of dual enrollment approved courses.

**Attendance Requirements**

It is the student's responsibility to attend all classes in which he/she is enrolled. High school students are responsible for completing the proper college process and notifying their high school counselor if they choose to withdraw from a course. Each faculty member is required to report non-attendance throughout the term up to the 60% period. When students do not attend class up to the 60% period, the student can be withdrawn from the course by faculty based on the class attendance policy, or the student's non-attendance.

**Student Signature** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Parent(s) / Legal Guardian(s) Signature** \_\_\_\_\_ **Date:** \_\_\_\_\_

The high school counselor is responsible for advising the student each term, at which time the student's eligibility for enrollment in specific approved courses at Broward College must be verified by the high school principal. College courses count for either 0.5 or 1 high school credit as defined by the Florida Department of Education (fldoe.org).
