

Monthly Code Red Drills

Code Red Drills have been mandated for all schools by the State of Florida to ensure the safety of our students and staff. These drills will be implemented on a monthly basis, similar to fire drills. The date of the Code Red Drill will not be pre-announced due to potential security and attendance issues. Instead, our school will send families a Parent Link message via phone call, text message and/or email prior to the drill to alert everyone that it is only a drill being conducted.

Please do not contact your child during a Code Red Drill as it is important for all students to learn the safety procedures in case of an emergency.

Our school will send a second message to families as notification that the drill has been completed. Trained mental health and security personnel will be on campus to support students and staff as needed.

Many mental health services are available at our school, within the school district and the community. Please visit browardschools.com/bcrc for resources and contact information for additional assistance.
