

“Closing the Distance”

Glades Middle School Revised May Testing Calendar

Dear Glades Community,

As we continue the administration of standardized assessments, the primary consideration in the design of our testing plan continues to be the safety, health, and well-being of everyone connected to our learning community. As you review the revised testing calendar for the month of May, please note that we have optimized the testing calendar to ensure that we can facilitate physical distancing during all of our assessment dates. Please review this guide carefully for a visual on how the testing window will be optimized at Glades Middle School. The testing calendar is as follows:

In order to find your child’s specific testing date(s) for assessments indicated as “Based on 1st period teacher,” please review the 1st period testing calendar below and locate your child’s corresponding testing date. Please note that testing dates for ESE/504/ELL students eligible for extended time are also included. I wish everyone a fantastic evening and appreciate your flexibility and understanding! As always, if you have any questions or concerns, feel free to reach out to me.

Sincerely,

Mr. Ricardo Santana

Principal Glades Middle School
