

## The Global Scholars Class is Collecting Pop Tabs for the 21-22 School Year!

**The Pop Tab Collection program is an environmentally smart, community friendly program which focuses on separating the pull tab from aluminum beverage cans. The pop tabs are recycled and proceeds go directly to families in need who are staying at the Ronald McDonald House.**

- 1.) Pull the tab off any aluminum can.**
  - a. (Pet food and soup cans are not made from aluminum & can create issues in the recycling process.)**
  - b. To help identify non-aluminum tabs, run a magnet through the pop tabs. Any that stick are not aluminum.**

**2.) Collect the tabs.**

**3) Drop the tabs off in the front office at Glades Middle School or to Mrs. Lyons in room 405.**
