Pre Algebra Readiness Information *	- Select Item -	•
	WELCOME	8-80-900
	Meets GEM Qualificat	ations: YES
Minimum Requirem	aent for 5th Grade Math	h FSA 346: Your child's score: 349
Minimum Requireme	nt for 5th Grade Reading	ng FSA 336: Your child's score: 340
As a secondary indicator, research shows that students who score be	low a 65% on the Pre-Alg	lgebra Readiness test are statistically more like to not be successful in GEM Math.
Although this score is not a requirement, we suggest that students who score below	w a 65% follow the advar	anced mathematics program. Your child earned 70% on the Pre-Algebra Readiness assessment.

Please note: Eligibility cannot be determined until after FSA scores are reported back from the State (late June).

Students who qualify will receive a letter from Secondary Learning with a form that needs to be returned.

The information will be available under the student login, as well. Student number and birthday mm/dd/yyyy. Are required for that login only.

Please contact Alexandra Bayuk, Secondary Mathematics Supervisor with any questions.
