Broward County Public Schools Character Education Curriculum

Provided details about the instruction that took place in the courses and grades selected above *

Broward County Public Schools created monthly Character Education Curriculum and Family Newsletter which contains lessons, videos and activities on Broward's eight character traits. These traits promote positive behavior and create a safer and more respectful learning environment for our students.

Schools are encouraged to use each month's classroom lesson plans and the Reality Lane (K-5) or Reality Avenue (6-12) character videos to integrate the trait into students' daily lives and bring the trait to life in a way that is relevant. We also encourage families to do the related activities at home.

Broward County Public Schools Character Education Curriculum

Provided details about the instruction that took place in the courses and grades selected above *

Broward County Public Schools created monthly Character Education Curriculum and Family Newsletter which contains lessons, videos and activities on Broward's eight character traits. These traits promote positive behavior and create a safer and more respectful learning environment for our students.

Schools are encouraged to use each month's classroom lesson plans and the Reality Lane (K-5) or Reality Avenue (6-12) character videos to integrate the trait into students' daily lives and bring the trait to life in a way that is relevant. We also encourage families to do the related activities at home.
