A one stop Eco Experience featuring the Wray Botanical Collection and the Everglades Wildlife Sanctuary. This 60 acre, not for profit, facility provides the perfect backdrop for the native species that reside here. You can study alligators, otters, flamingos, bobcats and a host of birds that inhabit our Free-Flight Aviary and Bird Center.

Speciality Gardens and Florida’s largest collection of Champion Trees set amidst the beauty of 200 year old live oaks leave you with a tranquil feeling of Florida the way it used to be. You can experience the past with a visit through the Wray Home, built in the early 1930’s.

Finally, no trip to Flamingo Gardens is complete without a narrated tour, by tram, of our wetlands and native hammock areas.
