#39132556 We are Customers to Each Other

Broward County Public Schools is committed to improving customer service for our internal and external customers. It is safe to say that everyone understands the importance of treating our organization's customers with a high level of courtesy and service. But it's equally important to treat our coworkers (internal customers) with the same level of politeness, respect and civility. Whenever there's conflict, drama or a lack of respect within our organization it will negatively affect our ability to operate efficiently and hamper our efforts to deliver great service to our external customers. This series will raise awareness of the positive impact on external customer service when we focus on the improvement and support of our internal customers. This professional learning activity awards participation hours only and is not eligible for instructional recertification.
