

ETHICS CODE FOR SCHOOL BOARD MEMBERS

Part 1. General Provisions.

1.0 **Statement of Policy.** The purpose of this policy is to create a culture that fosters public trust and confidence in government in general and The School Board of Broward County, Florida (“The School Board”) and avoids conflicts of interest and appearances of impropriety. It is the personal responsibility of each School Board Member to perform his or her official duties in a completely transparent and honest manner. It is the policy of The School Board that each School Board Member represents and works for the benefit of the people of Broward County. To that end, the following Ethics Code is enacted to regulate the conduct of School Board Members.

2.5 **Copies of Gift Disclosure Reports.** School Board Members shall provide the Supervisor – Official School Board Records with copies of any Quarterly Gift Disclosure Report (COE-Form 9) or of any Annual Disclosure of Gifts from Governmental Entities and Direct Support Organizations and Honorarium Event Related Expenses (COE-Form 10) within thirty (30) days of their filing with the Florida Commission on Ethics.

2.7 **Disclosure or Use of Certain Information.** A School Board Member may not disclose or use information not available to members of the general public and gained by reason of his or her official position, except for information relating exclusively to governmental practices, for his or her personal gain or benefit or for the personal gain or benefit of any other person or business entity.

Part 3. Outside Employment and Contractual Services.

3.0 **Employment as Lobbyist.** School Board Members shall not be employed for compensation as a lobbyist or engage in lobbying activities before the Broward County Commission, any Broward County municipality or any other local taxing authority located within Broward County, inclusive of taxing authorities, quasi-judicial boards, appointed boards, and commissions, except when appearing on behalf of The School Board at its direction. This form of employment is deemed to be in substantial conflict with the proper discharge of a School Board Member's duties and the public interest. Nothing herein precludes any School Board Member from appearing in an individual capacity, without compensation, before any governmental agency or official to advocate for or against any pending issue or matter.

3.1 **Employment (Other):** Except as limited by Section 3.0, School Board Members may engage in other lawful outside employment consistent with their public duties and where not inconsistent with Part III of Chapter 112, Florida Statutes. School Board Members shall quarterly disclose (1) any outside or concurrent employment for which they were compensated in

excess of \$100, or (2) any contractual services for which they received fees in excess of \$100, by filing a form substantially similar to the attached SBBC Ethics Form A – Quarterly Report of Outside Employment and Contractual Services. The form shall be filed with the Supervisor – Official School Board Records no later than the last business day of the calendar quarter that follows the calendar quarter for which it is filed. This section shall not apply to any employment of a School Board Member by a relative or to any funds received from the state or federal government.

Part 4 **School Board Member Contacts with Lobbyists.**

4.1 **Reporting of Lobbying Activity:** School Board Members shall report any and all lobbying activity that knowingly occurs between that School Board Member, and individual lobbyists, or the principal or employer of a lobbyist. For the purposes of this section only, “lobbying activity” only refers to matters in which there would be economic gain to the principal or employer of the lobbyist and, with regard to such matters, shall apply to any communication by a lobbyist (as defined in Rule 1.2(a) of this policy) with a School Board Member for the purpose of influencing any action, non-action, or decision-making; or attempting to obtain the good will of a School Board Member or attempt to encourage a School Board Member to pass, defeat or modify any proposal or recommendation. Reporting of lobbying activity as defined in this section is mandated for all forms of activity to lobby an individual School Board Member, inclusive of written correspondence or any form of electronic or telephonic communication. School Board Members are not required by this policy to report any contacts made by (1) persons representing school allied groups (e.g., PTA, District Advisory Committee, Band Booster Associations, etc.); (2) persons representing an employee bargaining group (e.g., unions and “meet and confer” groups); (3) public officials or employees and representatives of other

governmental agencies acting in their official capacity; (4) attorneys representing a client in a judicial or formal administrative proceeding conducted pursuant to Chapter 120, Florida Statutes (or any other formal hearing before an agency, board, commission or authority of this state); or (5) any person in his or her individual capacity for the purpose of self-representation. This section shall not require School Board Members to report any bulk or transitory communications they have received.

4.2 **Form and Method of Reporting:** Except as otherwise required herein, all lobbying reports required under this policy shall be made no later than ten (10) days from the lobbying activity by the lobbyist or their principal or employer. For the purposes of this policy, days are calculated using days during which The School Board's administration is open and conducting business. However, reports shall be made no later than prior to the commencement of a School Board meeting wherein the matter lobbied on is debated and/or voted upon. Even if the matter is on the consent agenda, disclosure of the lobbying activity is still required prior to voting. All reports shall be in writing and filed with the Supervisor – Official School Board Records on a form substantially similar to the attached SBBC Ethics Form B – School Board Member's Lobbying Contact Report. At a minimum, said form must list the lobbyist's name, the principal or employer of said lobbyist, the subject matter of lobbying activity, and the date and location of the lobbying activity. These lobbying activity report forms are public records and are subject to public inspection both in hard copy and also in a searchable manner via the school district's website.

Part 5 **Solicitation and Receipt of Contributions.**

5.0 **District Fundraising Policy:** The provisions set forth in this policy regarding charitable and campaign fundraising are in addition to any other disclosures and requirements

required by applicable state or federal statute. “Fundraising” under this part of School Board Policy 1007 refers to a School Board Member’s verbal or written encouragement of others to donate money or goods or services. Passive activity or unintentional acts of a School Board Member or personal contributions made by a School Board Member to any charity or political campaign shall not constitute fundraising for the purposes of this policy.

5.1 **Charitable Fundraising**: A School Board Member may solicit funds for a non-profit charitable organization (as defined under the Internal Revenue Code) as long as there is no *quid pro quo* or other special consideration or direct or indirect personal benefit between the School Board Member and the non-profit charitable organization. School Board Members may not use school district employees during work hours or other school district resources in connection with charitable fundraising. This restriction does not preclude a School Board Member from soliciting funds for school district-sponsored programs or events or those of The School Board’s direct-support organizations existing under Section 1001.453, Florida Statutes. This restriction shall not preclude the use of school district employees or other school district resources in connection with school district-sponsored programs or events or those of The School Board’s direct-support organizations existing under Section 1001.453, Florida Statutes.

5.2 **Quarterly Charitable Fundraising Report**: Except as provided herein, School Board Members shall quarterly report any and all solicitations they make seeking funds for charitable purposes. This provision does not apply to school district-sponsored programs or events or those of The School Board’s direct-support organizations existing under Section 1001.453, Florida Statutes. This provision does not apply to campaign fundraising which is addressed separately under this policy.

5.3 **Form and Method of Quarterly Charitable Fundraising Report:** All required quarterly report of charitable fundraising shall be made no later than the last business day of the calendar quarter that follows the calendar quarter for which disclosure is made of a School Board Member's charitable fundraising activities. All reports must be in writing and on a form substantially similar to the attached SBBC Ethics Form C – School Board Member's Quarterly Charitable Fundraising Report. At a minimum, said form must list the name of the charitable non-profit organization, the subject matter of the charitable fundraising activity, and the date(s) of the charitable fundraising activity. These charitable fundraising disclosure forms are public records and shall be available for public inspection in hard copy and also in a searchable manner via the school district's website.

5.4 **Campaign Contribution Fundraising:** School Board Members shall not knowingly accept campaign contributions for their own campaigns from a person or an entity, its principals, or their lobbyists during the period in which said person or entity is attempting to sell goods or services to The School Board. This period of limitation upon the acceptance of campaign contributions shall be the "cone of silence" period for any solicitation for a competitive procurement as described in School Board Policy 3320, Part II, Section HH. The district administration shall periodically issue to School Board Members a Competitive Solicitation Report that lists all pending competitive solicitations and the names of any persons or entities having submitted a bid, response or proposal to the school district. If a School Board Member learns through review of the Competitive Solicitation report or other means after receipt of a campaign contribution that it was improperly made during the cone of silence, the School Board Member shall return the campaign contribution to the donor and notify the Superintendent or his designee of the returned campaign contribution. School Board Members may not use

school district employees during work hours or other school district resources in connection with efforts to raise campaign contributions. Further, no solicitation for a campaign contribution for any political candidate may be made on school district property or using school district resources. However, nothing herein shall preclude the rental of a school facility after school hours for use for a campaign activity or fundraiser pursuant to School Board Policies 1341 and 1400.1.

Part 6 **Procurement Selection Committees.**

6.0 **Procurement Selection Committees:** A School Board Member shall not serve as a member of a school district procurement selection or evaluation committee, shall not influence the selection of persons serving on such committees, shall not participate or interfere in any manner with the functions or activities of such committees, and shall not interfere with the performance by school district staff of their duties pertaining to the selection process. This provision is not to be considered a limitation on the ability of a School Board Member to make full inquiry through the Superintendent of Schools or his/her designee about the selection process before, during or after the conclusion of such process or to take any other action expressly permitted by any School Board Policy.

Part 7 **Training and Education.**

7.0 **Training for School Board Members.** School Board Members shall comply with the annual ethics training requirements of Section 112.3142, Florida Statutes.

Part 8 **Roles of School Board and Superintendent.**

8.1 **Role of School Board.** In accordance with the provisions of Section 4(b) of Article IX of the State Constitution, The School Board shall operate, control and supervise all free public schools in its district and may exercise any power except as expressly prohibited by

the State Constitution or general law. After considering recommendations submitted by the Superintendent of Schools, The District School Board shall exercise the following general powers:

8.1.1 Determine policies and programs consistent with state law and rule deemed necessary by it for the efficient operation and general improvement of the Broward County district school system;

8.1.3 Prescribe and adopt standards and policies to provide each district school student the opportunity to receive a complete education program, including language arts, mathematics, science, social studies, health, physical education, foreign languages, and the arts, as defined by the Sunshine State Standards. The standards and policies must emphasize integration and reinforcement of reading, writing and mathematics skills across all subjects, including career awareness, career exploration, and career and technical education;

8.1.4 Contract, sue and be sued. The School Board shall constitute the contracting agent for the Broward County district school system;

8.1.6 Assign students to district schools; and

8.1.7 Enter into agreements for accepting credit card, charge card, and debit card payments as compensation for goods, services, tuition and fees, as authorized by law; and

8.1.5 Perform duties and exercise those responsibilities that are assigned to it by law or by the rules of the State Board of Education or the Commissioner of education and, in

addition thereto, those that it may find to be necessary for the improvement of the Broward County district school system in carrying out the purposes and objectives of the education code.

8.2 **Role of Superintendent.** Responsibility for the administration and management of the schools and for the supervision of instruction in the district shall be vested in the Superintendent of Schools as provided by law. The Superintendent of Schools shall have the authority, and when necessary for the more efficient and adequate operation of the Broward County district school system, the Superintendent of Schools shall exercise the following powers:

8.2.1 Exercise general oversight over the Broward County district school system in order to determine problems and needs, and recommend improvements; and

8.2.2 Advise and counsel with The School Board on all educational matters and recommend to The School Board for action such matters as should be acted upon; and

8.2.3 Recommend to The School Board for adoption such policies pertaining to the Broward County district school system as the Superintendent of Schools may consider necessary for its more efficient operation; and

8.2.4 Prepare and organize by subjects and submit to The School Board for adoption such rules to supplement those adopted by the State Board of Education as, in the Superintendent of Schools' opinion, will contribute to the efficient operation of any aspect of education in the district. When rules have been adopted, the district school superintendent shall see that they are executed; and

8.2.5 From time to time prepare, organize by subject, and submit to The School Board for adoption such minimum standards relating to the operation of any phase of the Broward County district school system as are needed to supplement those adopted by the State

Board of Education and as will contribute to the efficient operation of any aspect of education in the district and ensure that minimum standards adopted by The School Board and the State Board of Education are observed; and

8.2.6 Perform such duties and exercise such responsibilities as are assigned to the Superintendent of Schools by law and by rules of the State Board of Education.
