Innovative Programs

Quantum Leap is an academically advanced program designed to challenge motivated students to maximize their academic capabilities.

AP Capstone Program is a two-year sequence program in which students examine topics in depth to develop their writing, evidence-building and public-speaking skills to earn the AP Capstone diploma.

Study Abroad: Through Broward College our students participated in the Study Abroad Program.

Dual Enrollment is a rigorous accelerated program for select high schools students. There are no costs associated with tuition, fees or books! Students take all dual enrollment courses on campus. Courses are taught by professors who have been credentialed through Broward College or Florida International University. Students also have the opportunity to enroll in online course offerings through the University of Florida.

Fire Academy
Instructors teach the Fire Academy courses at Coral from the Coral Springs Fire Academy during the school day at CSHS.

Emergency Medical Technician (EMT)
EMT provides a unique opportunity for students interested in pursuing a career as a firefighter or a paramedic to receive the training and skills needed to become state certified.

LEEO project is a unique educational opportunity for students to become certified in various vocations in tandem with becoming employment ready. Students work with others on a global scale to create marketable products. They are 21st century innovators.

With a long tradition of *excellence*, we are constantly introducing **NEW innovations and enhancements** to our already thriving **INNOVATIVE PROGRAMS!** *No other school* can offer you **MORE opportunities in COLLEGE or CAREER preparation than Coral Springs High School!** In our school, **ALL STUDENTS** can thrive in areas that interest them most!

We are #ColtsUnited
