Cell phone reimbursement payments will be processed by the HR Action Processor for each location.

- Submit a One-Time Payment iForm for active employees.
- Use transaction PA30, infotype 0267 Off-Cycle Payment Action for retired or terminated employees. (The location's HR Action Processor has access to enter the payment on infotype 0267.)
- Submit a check request for any former employees who appear as active in SAP but are non-school board employees (AKA, designated as External employees in SAP).

2. If the employee has retired, resigned, or is on leave, how do we process a cell phone reimbursement payment for them?

Payments for inactive employees who held primary positions and have since retired, resigned or went on leave will be processed by your location's HR Action Processor directly into SAP by using the PA30 transaction and choosing the 0267 Off-Cycle Payment Action. After the entry is complete, Payroll will review and process the payment for these employees. **Locations MUST notify their assigned Payroll Processor in the Payroll Department via email when they enter cell phone reimbursement payments for inactive employees. Include in the email: personnel number, name, date and amount, with subject line "Cell Phone Reimbursement Payment".**

- *Note: Please be advised that cell phone reimbursement payments for withdrawn and inactive employees will not be processed simultaneously with those for active employees. An analysis of overpayment (if any) must be completed by Payroll staff before any funds can be disbursed to withdrawn and inactive employees. Any monies owed to the Broward County Public Schools will be deducted from the Cell Phone Reimbursement payments before the checks are processed for distribution.*

3. How do we process a cell phone reimbursement payment for a former employee, now designated as a non-school board employee?

A check request must be submitted to the Accounting Department for cell phone reimbursement payments for non-school board employees identified in SAP as "External".

- Please include the person's social security number and address on the check request. The check request should be coded to Fund 1000, Functional Area 5801771040000000, Commitment Item 53720100, and "Itinerant Teacher Cell Phone Reimbursement" should be entered in the description field.
- By placing the social security number and address on the check request, a Form 1099 may be issued at year-end, depending on the total amount of all payments made to this individual by the District.
- If the employee is a new vendor, you must complete a vendor profile form and submit it to Purchasing. The vendor will be created and then the check request processed. The vendor profile form is available on web/forms.

4. Is there a deadline for processing the cell phone reimbursement payments?

Yes, the cell phone reimbursement payment must be paid to eligible employees prior to conclusion of the employee's work calendar.

Per the Collective Bargaining Agreement, cell phone reimbursement payments must be prorated for employees who do not work the full year as an Itinerant Teacher; if they do not work the full school year in that position, an early payment of the full \$350 could result in employees who are overpaid. However, prorated payments can be processed prior to the end of the year for any eligible employee who will be resigning, retiring, going out on leave, or moving out of an Itinerant Teacher job class.

Employees should not call Payroll directly; they should seek assistance from their site Payroll Contact.
