Booster Club Guidelines

The School Board of Broward County recognizes that booster clubs have a valued role in supporting and supplementing educational programs. Booster clubs are independent organizations designated to support, encourage and advance educational extracurricular programming.

The School Board of Broward County recognizes booster clubs as a school allied group through **School Board Policy 1341** (see attachment). This policy specifically accords school allied groups certain rights and privileges regarding the use and or rental of Broward County facilities. In addition, the School Board of Broward County Internal Funds Accounting, **Standard Practice Bulletin I-101**, (see attachment) recognizes that Independent School Related Organizations (ISROs) have a legitimate role in raising funds for student athletics and activities programs.

Booster clubs are responsible and expected to promote school spirit, sportsmanship and the advancement of the School Board of Broward County's eight-character education traits: cooperation, responsibility, citizenship, kindness, respect, honesty, self-control, and tolerance. Booster clubs are organized to help promote, support and improve the extracurricular activities at schools.

Although booster clubs are independent organizations, school principals reserve the right to recognize and sanction the booster club's involvement in school extracurricular activities including fundraising. The school principal is not obligated or required to accept funds from the booster club or recognize the booster club as a school allied organization. ***The school principal has final authority on the existence of and all activities of a booster club.***

GETTING STARTED

1. What limitations are there in naming the booster club?

School-allied organizations may not incorporate the school's name as part of their official name (i.e., "George Washington High School Basketball Booster Club" should be "Patriots Basketball Booster Club").

2. Who can be a member of a booster club?

Booster clubs are comprised of parents, school personnel, businesses, and community members who support a school activity or a team. Per SPB I-101, staff can be a member of the booster club, but not a signing official or handle money.

3. What is the purpose of a booster club?

The purpose of a booster club is:

- To promote education, general welfare and morale of students, and
- To assist in financing the legitimate extracurricular activities of the student body in order to augment, but not conflict with, the educational programs provided by the School Board of Broward County

4. What are some financial controls a booster club should establish?

Booster clubs must establish their own private booster banking accounts. The banking accounts are not audited by the School Board of Broward County. Florida State Statute (s. 1001.453)

states “each direct-support organization with more than \$100,000 in expenditures or expenses shall provide for an annual financial audit of its accounts and records, to be conducted by an independent certified public accountant in accordance with rules adopted by the Auditor General pursuant to s. 11.45(8) and the Commissioner of Education.”

It is strongly recommended that booster clubs establish the following financial controls for checks and balances:

- The booster club must have its own EIN number. Your EIN is a 9-digit number (that identifies your organization to the Internal Revenue Service (IRS)). Because booster clubs are considered separate legal entities from the school, you need to have your own.
- The booster club should have its own Florida State Sales Tax Exemption number, since it cannot use the district’s tax exemption number.
- The booster bank account shall require two signatures to withdraw money.
 - Check signers may have the authority to pay regular recurring expenses up to an authorized amount if stated in the by-laws. All other expenses shall require club approval before being incurred. Minutes reflecting the approval shall be on file.
- Submit the name, address, and telephone number of all current officers and the authorized signers of the bank account to the principal or his/her designee.
- The booster club treasurer and signers of record should be bonded (suggested not required).
- The booster club shall retain all financial records for at least three (3) years.
- The booster club shall have an annual budget approved and adopted annually.
- The booster club shall **not** make cash disbursements from fundraising cash collections.
- The booster club shall **not** make checks payable to CASH. It is further recommended that checks not be initials, such as FPL. The school system’s Management Audits Department has found cases where individuals have altered checks such as FPL, to FP Lowery and cashed them.
- Establish guidelines to ensure monies collected are deposited in a timely fashion (e.g. within four days of receipt). As a reference point, schools are required to deposit monies within three days after they have been initially collected.
- A booster club needs to ensure that the bank account is reconciled monthly. It is recommended that someone other than the person writing the checks reconcile the account. This segregation of duties will help to strengthen the internal checks and balances of the club.
- The booster club needs to ensure that some form of receipt is issued for all collections made.
- It is recommended that voided checks be retained with the financial records for at least three (3) years. Procedures shall be in place to ensure that all voided checks are also marked with the word “VOID” on them.
- The booster club shall have an event chair or other named person and a treasurer to help segregate accounting functions. Ideally, the same person shall not perform multiple accounting functions (i.e. collect the money, write the checks and balance the checkbook).
- The booster club shall provide financial statements to the Executive Board and the school principal or his/her designee at every meeting and financial statements itemizing all club revenues, receipts, and expenditures at the general club membership meetings (booster clubs are required to have two general club membership meetings minimum). The minutes shall reflect approval of the financial reports.
- Detailed financial reports shall be submitted to the school principal or his/her designee on May each year. The principal or his/her designee may request reports more often.

- Since booster clubs have constant turnover of officers and members, it is important that the activities of the organization be clearly documented and that a procedure for retaining documents be established. Some of the documents that should be included are:
 1. Receipts
 2. Disbursements and general ledger
 3. Bank records
 4. Financial reports
 5. Income tax returns
 6. Minutes of meetings
- At the end of each fiscal year, booster club shall have an audit committee consisting of at least three members not affiliated with the day to day financial activities, review the financial records.
 - The primary objectives of the audit include:
 1. Verify the accuracy of the Treasurer's financial reports;
 2. Ensure cash balances are correct;
 3. Determine that established procedures for handling funds have been followed;
 4. Ensure expenditures occurred in a manner consistent with by-law's;
 5. Ensure all revenues have been appropriately received and recorded.
 - The audit committee shall make a report to the general membership upon completion of the audit. Any discrepancies noted shall be brought to the attention of the officers and a resolution reached before the presentation.
 - All records of the club shall be made available as requested by the audit committee.

5. Is there a guide for setting up the nonprofit portion of the booster club?

There is no guide provided by SBBC with information on how to setup as a non-profit organization. Florida Department of State provides instructions at this website: <https://dos.myflorida.com/sunbiz/start-business/efile/fl-nonprofit-corporation/instructions/>

If the booster club is not a 501(c)(3) organization, donations and contributions are not considered tax deductible per the IRS. Individuals or businesses must be informed that their contributions or **donations are not tax deductible**. Eligibility to receive tax-deductible charitable donations may be verified at <https://www.irs.gov/charities-non-profits/exempt-organizations-business-master-file-extract-eo-bmf>.

6. Can a booster club use the school's sales tax exemption number?

No. In order to not pay sales tax, the booster club must have their own tax identification number and Florida State Sales Tax Exemption number. Use of the district's tax exemption number could result in the revocation of the booster club's school allied status.

7. Are booster clubs required to have 501(c)(3) (tax exempt) status?

Booster clubs are NOT required to incorporate as a nonprofit and have their Florida State Sales Tax Exemption number. Booster clubs are not permitted to use the district's tax exemption number.

As a nonprofit, the booster club can make a profit, but all its profits must be put back into the organization; no members may take profits from the organization. A 501(c)(3) is considered a charity, and the IRS allows donors to take a tax deduction for contributions of goods, cash and other assets.

Incorporation provides liability protection for your officers, directors, and volunteers. Incorporation also gives booster clubs more credibility and control.

IRS 501(c)(3) status means that your group is not required to pay federal income tax on the money you raise. No 501(c)(3) status means the IRS will be looking for its cut of your funds. In addition, the booster club will be able to

- Participate in fundraising programs like grocery scrip, Disney and ESPN grant programs
- Receive donations that are tax-deductible on the donor's tax return
- Be exempt from paying federal income tax on their earnings
- Apply for exemption from state sales tax

To not pay sales tax on items your booster club buys, you need to apply for state sales tax exemption. And, most states require organizations to file a charity registration before they start fundraising.

8. Can a booster club use the school's address as its principal location?

No. School allied groups may not use the school's address as the principal address of the organization. The principal address needs to be an off-campus address.

BY-LAWS

9. How should a booster club be governed?

Booster clubs are a separate legal entity from the School Board of Broward County. All booster clubs shall operate according to a written constitution and a set of by-laws. The booster clubs shall be open to all parents and community members. The constitution of booster clubs shall include a nondiscrimination clause which states: "The Booster Club of _____ shall not discriminate against any participant or deny club membership because of race, age, religion, color, gender, national origin, marital status, disability, or sexual orientation."

The structure of the governance system shall include the following components:

- Statement of purpose
- Qualifications for membership
- Officers (suggestion: president; vice-president; secretary; treasurer at a minimum)
- Duties and terms of the officers
- Time and place of regular meetings and conditions for calling special meetings
- Composition and membership of committees
 - One such committee shall be the Audit Committee
- Elections processes and time frame
- Removal, resignation, and replacement of officers
- Written procedure on certification of financial information (e.g., audited financial statements)
- Method of amending the constitution

10. What are recommended standard operating procedures?

Standard operating procedures should include:

- Procedures for obtaining school administrative approval before beginning projects and fundraising.
- Procedures for planning, publicizing meetings and public communication overall.

- Proper interaction with fine arts directors, coaches and advisors through the lines of authority as established by the school board and the school principal or his/her designee.
- Sportsmanship code governing behavior of booster club members and fans at contests, treatment of officials, guests, judges, etc.
- Plans to support the school regardless of success in competition, keeping the educational goals of competition at the forefront of all policies.

11. Who is on the executive board of the booster club?

The executive board shall be comprised of members of the booster club that are elected to the position as outlined in the booster club's by-laws. The school's paid or volunteer athletic director, assistant athletic director, coach, advisor or sponsor may not serve as a signing member of the booster club. A School Board employee who is a member of the booster club is prohibited from handling booster club funds, including the writing or signing of booster club checks per SPB I-101. A faculty advisor/coach is to serve on the executive board in an advisory capacity.

12. When and how many times must a booster club meet?

At the beginning of the school year, the principal or his/her designee must conduct a meeting with all school booster club officers, club sponsors, and head coaches to review policies and procedures. The school's athletic director and activities director must also be in attendance. A copy of the *Booster Club Guidelines* must be provided to each booster club and a booster club representative must sign the **Acknowledgment Form** confirming receipt of the guidelines.

The general membership meetings must be held at the school site. *A minimum of two general membership meetings per year is required.* One at the beginning of the year and one at the end of the school year. A faculty advisor/coach must attend all general and board meetings. Minutes of all meetings must be maintained with copies submitted to the faculty advisor/coach and to the school principal or his/her designee. Executive board meetings do not have to be held on school grounds.

13. Can a booster club charge parents and/or interested adults in the community membership dues?

Yes. The booster club by-laws on file must reflect that dues will be assessed of all members and indicate the amount of the dues required for membership.

14. Can a booster club charge students fees as a condition for membership (i.e. pay to play) or participation in a school sponsored extracurricular activity or athletic team?

No. The imposing of charges/fees to students/parents by school-allied organizations for equipment, team uniforms, musical instruments or other items or supplies that are required to be used by the student in order to participate in a school activity (i.e. sports teams, cheerleading, etc.) is **expressly prohibited**.

15. Are athletic/activities camps mandatory?

SBBC Policy 1341 states (p. 3): "If it is determined by SBBC that student(s) are unable to afford attendance at a winter, spring or summer camp conducted by a school-allied group for activities such as band and cheerleading for which fees would be required; the school principal or facility director will work with the school-allied group sponsoring the camp to determine how to raise the necessary funds so that the student(s) may attend."

ROLES & RESPONSIBILITIES

16. What is the role of the faculty advisor/coach on the booster club?

A representative from the school's staff shall attend all booster club meetings as the school's liaison. The purpose of the school liaison is to foster a positive working relationship between the school and the booster club. The school liaison is to communicate to the booster club the needs of the team or organization. Per SPB I-101, School Board employees* are not allowed to collect or handle money for booster club sponsored activities nor serve as a signing official.

17. What is the role of the principal when dealing with booster clubs?

The principal has the final authority on the existence of and all activities of a booster club. School principals reserve the right to recognize and sanction a booster club's involvement in school extracurricular activities including fundraising. If a booster club fails to comply with the terms of School Board policy, the principal may revoke the authorization of the booster club to use the school's name, logo, mascot or trademark. The principal or his/her designee must approve all publications pertaining to all events and fund-raisers that booster clubs send to parents and/or the community.

FUNDRAISING

18. How does a booster club get an activity or fundraiser approved?

All booster club activities and fundraisers are to be approved by the faculty advisor/coach, athletic director (when applicable), and principal or his/her designee and documented on a **Letter of Agreement**. All activities conducted by a booster club should be summarized in writing and reflected in the booster club minutes. A booster club representative completes all necessary paperwork and submits it for approval to the principal or his/her designee. Once approved the event/activity will be placed on the school's master calendar by the principal or his/her designee.

Flyers and advertisements for fundraising activities conducted by a booster club must state that the activity is being sponsored by the booster club and not the school.

Revenue from fundraising events that directly involve School Board employees handling money must be deposited in the school's internal fund account.

The principal of the school has the overall responsibility for approving fundraising activities and the control of all activities in accordance with state regulations and School Board policies.

19. What fundraisers must go through the school's internal funds system and are not considered booster club fundraisers?

Fundraisers must go through the school's internal funds system any time the funds are handled by a School Board employee.

The FLDOE Office of Funding and Financial Reporting requires that all financial transactions related to student activities be recorded in the internal fund of the school. This is described specifically as, "All funds handled by district school board employees during normal working hours shall be included in and become part of the internal funds of the school."

20. What fundraisers are considered booster club fundraisers?

Booster clubs may deposit fundraising revenue in their booster club bank account for fundraising projects/activities that do not involve the handling of money or checks by employees. Examples include:

- Barbecues, dinners, and similar activities conducted entirely by the booster organization and not involving any school employee(s) in the handling of money.
- Benefit shows or performances by non-school groups such as college or professional music groups, when arrangements are made by the booster club and not involving any employee(s) in the handling of funds.
- Merchandising sales including but not limited to memorabilia, booster club items like pom-poms, cheer sticks, etc., where the booster club operates the sales activity and handles the receipts and money exchanges without involving employee(s).

21. Can a booster club require that a student or parent participate in a booster club fundraiser as a condition for membership or participation in a school organization or team?

No. The booster club shall not charge students fees as a condition for membership on a school/district sanctioned team. Having a booster club require fees or fundraiser participation from students is not an acceptable practice. Booster clubs are prohibited from establishing rules that require parents as a pre-condition of a student's participation in a school district sanctioned team/organization.

22. Can students sell items or handle funds for a booster club activity?

Students are permitted to sell items for a booster club, but they can only be responsible for the items issued to them to sell, they cannot collect the funds of other students nor be responsible for items issued to other students to sell. All fundraising activities conducted by booster clubs must be approved by the principal or his/her designee. Booster clubs can sponsor activities that involve students in the collection or handling of funds with adult booster club supervision.

Students shall not be permitted to pour, sell or handle alcohol in any capacity at booster club events or concession stands/operations, including auditoriums, fairs, or arenas. Students may only work in concession stands that do not sell alcohol.

The soliciting of donations through activities such as roadway and/or median collections, and door-to-door collections, is expressly prohibited. (No panhandling)

23. Can a booster club sponsor or engage in any forms of games of chance?

No. SBBC Policy 6206 states "Organized school groups shall not sponsor or engage in any form of games of chance."

24. Can a booster club sponsor a silent or live auction?

Yes.

25. Can booster clubs host-third party fundraisers, such as Snap! Raise or Go Fund Me?

Yes. Flyers and advertisements for the fundraiser must state that the activity is being sponsored by the booster club and not the school. Please note that all booster club fundraisers are to be approved by the faculty advisor/coach, athletic director (when applicable), and principal or

his/her designee and documented on a letter of agreement. All activities conducted by a booster club should be summarized in writing and reflected in the booster club minutes. Once the funds are received, they shall be deposited into the booster club's account. The booster club can then write a check donating the funds to the school. The donation shall be accompanied with a letter of purpose from the booster club.

CONCESSION STAND FUNDRAISING

26. Who runs the school's concession stands?

Permanent or portable concession stands on School Board property are under the operation and control of the school principal. The school principal reserves the right to assign the game/event operation of the stand, including ordering, stocking, and selling of food and beverage items to a booster club.

27. What organization is responsible for payment of the fee to the State of Florida Department of Health for "Food Hygiene" as it pertains to concession stands?

Determination of which organizations use the concession stand and which pay the fee is determined by the school principal.

28. Must the revenue from the concession stand be deposited in the school's internal account?

The revenue may go into the organization's independent account under the following conditions:

- a. Adult members of the booster club are running the concession stand during the event
- b. AND, a written letter of agreement between the school and the booster club regarding the operation of the concession stand exists.

However, if a school club is running the concession stand, then all revenue shall be deposited in the school club's internal account.

29. Must there be a written agreement between the school and the organization regarding how concession revenue is spent?

Yes, a letter of agreement signed by the school principal and a representative of the booster club must outline how the concession revenue will be spent. All revenue must be expended to directly benefit and support students. The letter of agreement must address the general categories that revenue will be spent on. For example, if the band organization is running the concession stand, the letter of agreement may reflect that concession revenue will be spent on uniforms, uniform cleaning, transportation for band competitions.

30. May a school principal request the booster club submit a full accounting of all concession revenue collected and expenditures?

Yes. The booster club shall keep financial records of all concession expenditures, sales, purchases, and revenue. The concession financial records shall be made available to the principal upon request. The booster club shall provide written documentation that concession revenue is directly spent to support student activities.

PURCHASES & STORAGE OF MERCHANDISE

31. Can a booster club order merchandise in the name of the school?

No. The booster club must order the merchandise in the booster club's name as it is responsible for the payment of the merchandise. Ordering merchandise in the name of the school implies liability for the expense will be assigned to the school should the booster club not pay for the merchandise.

32. Can a booster club have merchandise shipped to the school site?

Merchandise ordered by an outside school-allied organization must not be shipped to the school unless:

- The school principal has agreed in advance to permit that the merchandise be shipped to the school,
- The booster club has provided written notification to the school accepting responsibility for the payment of the merchandise or showing evidence that it has been pre-paid, and
- The booster club has arranged for representatives to be at the school to accept and secure delivery.

No merchandise can be stored on school premises without the authorization of the school principal. Notwithstanding the principal's consent, the school will not assume responsibility for theft, loss or damage to merchandise stored on school premises.

33. Can a booster club purchase equipment for the benefit of the school?

No. However, the booster club may donate the funds to the school, accompanied with a letter detailing the purpose of the gift.

The school is responsible for the purchasing of all furniture, equipment, and materials. School Board purchasing ensures school system standards are met, as well as, quality control and protection during warranty periods. The school may also obtain the best pricing from authorized vendors through the district's catalog purchasing system. Further, this procedure ensures that the athletic products purchased meet Florida High School Athletic Association and National High School Federation standards. The school principal must ensure that all gifts or donations support and follow the gender equity requirements provided through Title IX and the Florida Gender Equity Act.

USAGE OF FUNDS

34. Can a booster club directly pay for field trips and/or travel expenses?

No. All field trips involving students and staff must be sponsored and authorized by the school in accordance with School Board Policy 6303. Booster clubs may fundraise and donate funds accompanied by a donation letter, to be used for field trip expenses. All field trip expenses must be paid through the school's internal fund accounts.

35. Can a booster club directly pay for end of the year/season award banquet?

Yes. The meals must come from a food safety certified restaurant/catering service. The vendor must be paid by check or with the booster club credit card. No cash payments. In addition, the

booster club must make sure that there is an alternative food option for those students allergic or restricted by the primary food offering.

36. Can a booster club pay for pre-game meals?

Yes. The meals must come from a food safety certified restaurant/catering service. The vendor must be paid by check or with the booster club credit card. No cash payments. In addition, the booster club must make sure that there is an alternative food option for those students allergic or restricted by the primary food offering.

37. Can a booster club pay supplements directly?

No. The activity is strictly prohibited and is in violation of School Board rules and regulations regarding the payment of school personnel. Booster clubs are not authorized to directly compensate school personnel (School Board employees or non-School Board employees).

Additionally, booster clubs are not allowed to issue personal checks or cash to coaches, advisors or students for any purpose. Booster clubs shall adhere to and follow the Florida High School Athletic Association (FHSAA) rules pertaining to student athlete amateurism.

A booster club may donate funds to the school for the specific purpose of hiring and paying the supplement.

- The booster club must notify the school principal of their donation in writing. The letter must be attached to the donation check and must state that the purpose of the donation is to pay the supplement of personnel.
- The school principal retains all rights to advertise, interview and hire the person to occupy the supplemental position.
- The donation from the booster club shall not be used to replace existing school funding for supplemental positions.
- School bookkeepers may accept the supplemental pay donation from the booster club and deposit the donation in an internal account.
- School Board employees hired for a supplemental position are paid through payroll, school bookkeepers will issue a reimbursement to the school's budget and a W-2 is issued that includes the supplemental payment.
- School bookkeepers will issue a reimbursement to the district's Accounts Payable Department for non-School Board employees who receive a payment. The non-School Board employee is paid through the district's Accounts Payable Department. The non-School Board employee shall receive the supplemental amount for the specific position. These persons are issued a 1099 reflecting their payment(s).
- No person shall receive compensation higher than the supplemental stipend set forth in Appendix F of the collective bargaining contract.

38. Can a booster club directly hire or contract an outside vendor/instructor/consultant?

No. Only the school can directly hire or contract with an outside vendor/instructor. Booster clubs, allied organizations and/or students are not permitted to pay a vendor/instructor/consultant directly.

A booster club or allied organization is permitted to donate funds to the school to pay for the vendor/instructor/consultant.

- The booster club must notify the school principal of their donation in writing. The letter must be attached to the donation check and must state that the purpose of the donation is to pay the vendor/instructor/consultant.
- The school principal retains all rights to hire the vendor/instructor/consultant.
- School bookkeepers may accept the donation from the booster club and deposit the donation in an internal account.
- School bookkeepers will issue a reimbursement to the district's Accounts Payable Department for non-School Board employee who receive a payment. The vendor/instructor/consultant employee is paid through the district's Accounts Payable Department. The vendor/instructor/consultant shall receive the supplemental amount for the specific position. These persons are issued a 1099 reflecting their payment(s).

39. Can a booster club make a financial gift to a school?

Booster clubs may elect to make gifts or donations to the school. All donations made to a school shall be supported by an official school receipt. If the organization does not receive an official school receipt in a timely manner, the principal of the school should be contacted. The donation/gift shall be accompanied with a letter of purpose from the booster club. The letter shall state the specific intended purpose of the gift/donation. A booster club may make undesignated gifts to benefit students in a specific activity (i.e. undesignated gift for football).

Funds collected in connection with gifts, donations, and contributions from a booster club shall be deposited in the school's internal fund account. The responsibility for school internal fund account is established by State Law, State Board Rules, Section 6A-1.085, which states in part:

“Monies collected and expended within a school shall be used for financing the normal program of school activities not otherwise financed, for providing necessary and proper services and materials for school activities and for other purposes consistent with the school program as established and approved by the School Board. Such funds are the responsibility of the School Board and it shall be the duty of the School Board to see the funds are properly accounted for through the use of generally recognized accounting procedures and effectively administered through adherence to internal funds policies of the School Board and applicable Florida Statutes.”

School internal fund accounts are audited annually by the School Board's Office of Management/Facility Audits Department.

It is important to recognize that donations by booster clubs may not create vast differences in benefits or services to female and male programs. Even though the school is not the direct source of the financial support, Title IX imparts liability to the school district if unequal treatment occurs as a result of the actions of a booster club. Title IX ensures that boys and girls are provided with equivalent benefits and services regardless of their source.

USAGE OF FACILITIES

40. Can a booster club use the school's facilities?

Pursuant to School Board Policy 1341, *Use of Broward County School Facilities for Non-School Purposes*, booster clubs are not required to pay rental fees, provide certificates of insurance, nor

apply for use of facilities agreement when using School Board facilities. For example, a booster club may conduct their booster club meetings at the school free of charge.

Booster clubs will be required to pay personnel costs as incurred and shall pay custodial operational costs for fundraising events or for use of school facilities required on non-school days at the rate specified in the established policy fee schedule.

Booster clubs may charge for fundraising events such as dinner, dances, car washes, etc. and not be required to pay rental fees to the school district or provide a certificate of insurance to the School Board if all the funds raised are spent to support public school activities.

If a booster club utilizes a school facility for fundraising purposes and elects to charge students or parents, the booster club must provide the affected principal a projection of revenues prior to the scheduled event and a statement of actual revenues after the event.

The booster club must provide the affected principal quarterly written summary statements regarding fundraisers conducted on/in school grounds/facilities. The statement shall include how the funds were raised, accumulated revenue minus expenditures, and how the funds raised were expended to support public school activities. Failure to provide this information may result in the school principal refusing to allow the booster club use of School Board facilities.

41. Can a booster club build a facility on school grounds?

Booster clubs shall not construct or build temporary or permanent facilities, including but not limited to dugouts, concession stands, press boxes, etc. on school grounds without the express approval of the school's Project Manager and the Deputy Superintendent of Facilities and Construction Management. The construction of facilities on school grounds is the exclusive responsibility of the School Board of Broward County. The School Board of Broward County is responsible for the maintenance of all school-operated facilities. Facilities constructed on school property must meet all applicable building codes, school regulations, permits, and inspections.

VOLUNTEER REQUIREMENTS

42. Do booster club members need to complete the school volunteer application?

In the School Board's continued effort to maintain a safe and secure environment for our students, all booster club members who will come into contact with students must complete the school volunteer application annually.

43. Do all volunteers need to be fingerprinted?

Any volunteer who will be left alone with children, assist with, or participate in, any overnight activity/event/trip involving hotel or similar accommodations, must be cleared as a Level II volunteer which requires fingerprinting. All other volunteers must be cleared at Level I which does not require fingerprinting.

45. Can advertising be placed on the back of event/sports tickets?

Yes. The advertising must meet SBBC policy 6300 Advertising.

46. Can booster club banquets have alcohol served to adults?
