# June 23, 2020, Regular School Board Meeting K-1 General Fund Amendment #4 As of May 31, 2020 Executive Summary

General Fund Amendment is submitted to the School Board pursuant to State Board Administrative Rule 6A-1.007. This Amendment is for the purpose of updating the Broward County School District Budget for estimated revenues and appropriation changes in the General Fund.

This amendment incorporates following important changes:

- 1. February FTE 4<sup>th</sup> calculation count, received from the State on May 22, 2020, and funding changes as a result of this count. Based on the State information received for the February FTE, the District's overall student count had a marginal increase of 23 student FTEs compared to the October FTE 3<sup>rd</sup> calculation, previously presented to the Board on February 4, 2020. However, the overall funding decrease in an amount of <\$731,117> was attributed primarily to the State's planning shortfall in the form of a reduction known as "Proration to Appropriation".
- 2. This amendment incorporates additional appropriations of \$250,000 for the District to manage the impact of the COVID-19 pandemic, as we expect these costs to increase moving forward.
