Collaboration of public and private instructional personnel will work to promote educational progress and assist students in acquiring essential skills, including, but not limited to, readiness for pursuit of higher education goals or employment. Where applicable, public and private instructional personnel shall undertake collaborative programming. Coordination of services and plans between a public school and private instructional personnel is encouraged to avoid duplication or conflicting services or plans.

APPLICATION TO ALLOW PRIVATE INSTRUCTIONAL PERSONNEL INTO A BROWARD COUNTY PUBLIC SCHOOL

Print Student's Name

We (the parent of the above-named student and the PIP) understand that the PIP is required to:

- Submit a completed packet for approval. The packet will not be processed until it is complete with all required documents on the checklist. This process can take up to 30 calendar days, when school is in session, and may require additional documents as determined by the school-based administration. Requests for additional documents may extend the timeline.
- Comply with Florida Statute 1003.572 requiring certification or licensure;
- Submit to a fingerprint background screening by school district officials at the expense of the person requesting access. The screening must have occurred within the last five (5) years. Clearance must be obtained prior to services beginning;
- Apply/update vendor badge with the 2023-2024 PIP Packet. PIP is responsible to provide an updated vendor badge to the school. As per page 11 of this packet, a Florida Contractor's Badge cannot be submitted in lieu of a BCPS Vendor Badge;
 - My BCPS vendor badge expires on _____. I understand that it is my responsibility to provide an updated badge to the school's administrator. If I do not, I understand that I will not be allowed to provide services until an updated badge is provided.
- Submit proof of certification/licensure with the 2023-2024 PIP Packet;
 - My certification/licensure expires on _____. I understand that it is my responsibility to provide updated certification/licensure to the school's administrator. If I do not, I understand that I will not be allowed to provide services until my updated certification/licensure is provided.
- Sign Confidentiality Statement with the 2023-2024 PIP Packet;
- Sign Communication Agreement with the 2023-2024 PIP Packet;
- Adhere to School Board Policies and any of the school's procedures including, but not limited to, adhering to the school's procedures regarding safety and security to include entering the campus through the single point of entry, signing in and out every time the PIP is on campus, and adhering to scheduled time and location of services to be provided;
- **Agree that at no time can any PIP use any physical intervention with a student on any school campus;**
- Provide a copy of the private plan of care/private behavior plan with the applicable sections highlighted to be implemented within the educational setting, and complete the PIP School Behavior Summary;
- Provide a copy of all data collected in the school setting as agreed upon between school and PIP;
- Arrange a schedule for services with administration; and,
- Complete and sign Authorization for Release of Information. (see pg. 4)

As the parent of the above-named student I understand that:

- The collaboration between school staff and the PIP does not change the District's responsibility to provide the student with a free appropriate public education under the Individuals with Disabilities Education Act and that the school and the school alone will continue to be responsible to implement the student's Individual Education Plan, as well as other plans including, but not limited to, behavior and health plans;
- My child's public instructional personnel and the school's principal must consent to the time and location of where services will be provided. In determining the time and date for services to be provided, the principal must adhere to the collective bargaining agreement for instructional employees. Services may be delivered in my child's classroom with the express permission of the principal, subject to the principal's determination that such activity will not be detrimental to the educational process and/or to other students. If the principal initially permits the PIP to provide services in the classroom, the principal may rescind permission if, at a later date, it is determined that the services are disrupting the educational process for

the named student and/or other students in the classroom. The parent and PIP will be informed in writing if they are no longer allowed to provide services in the classroom and/or school settings;

- *The parent(s) is required to sign a release of information form annually so that the school staff and the PIP can communicate regarding services;*
- PIPs may not be present during state/district testing;
- At no time shall the PIP act in place of the teacher or ESP in the classroom and the PIP will not be left alone with the student to provide supervision unless previously agreed upon by school administration;
- At no time shall a PIP intervene with other students in the classroom;
- At no time shall a PIP take any photographs, audio recordings or videos while in the school setting;
- If the PIP violates any policies and/or procedures, they may be asked not to return to the school's campus to provide services;
- The parent will notify the school immediately if there is a change to the PIP provider/supervisor; (i.e., if the PIP will no longer be providing services to the student or the PIP will no longer be a supervisor). If another PIP will be providing services or supervising, the Parent/PIP must complete and submit a new packet or packets to the school for review and approval;
- Some goals that are appropriate in another setting may not be able to be implemented in a school setting;
- If your child's IEP team determines that Extended School Year (ESY) is needed for your child to receive FAPE, a new schedule and authorization form for the PIP must be established with staff at the ESY site. Parents may elect to provide a copy of the packet to the ESY site to expedite the process and establish a schedule for collaboration. Please note as per Statute §1003.572, the student's public instructional personnel and principal must consent to the time and place;
- In the event that your child transfers to another Broward school, it is the parents' responsibility to submit a copy of the packet to the new school with updated releases of information. The schedule that was previously in place will need to be reviewed and agreed upon by the teacher and administration in the new setting; and,
- Medicaid billing by the school district will not impact Medicaid billing by the private provider.
- I/We understand that services in the school setting may be limited and/or stopped in order to ensure public safety and comply with the safety protocols put in place in response to a declared state of emergency.
