

District Board Member: Patricia Good

DISTRICT 2 REPORT

For The Quarter Ending March 31, 2020 | FY20-Q3

PREFACE

We are pleased to present the Broward County Public Schools (BCPS) **School Spotlights** specifically designed for our School Board Members serving in countywide school districts.

SMART (Safety, Music & Art, Athletics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

The **School Spotlight** is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the *SMART Bond Program*. This District Board Member edition provides a school-district breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members to better follow the progress of the facilities improvements within their specific school districts. The Spotlights will be updated every quarter to help board members share timely information with parents, students, school staff, volunteers, business groups, community organizations and other stakeholders as the projects progress.
