DISTRICT 4 REPORT

For The Quarter Ending March 31, 2020 | FY20-Q3

PREFACE

We are pleased to present the Broward County Public Schools (BCPS) **School Spotlights** specifically designed for our School Board Members serving in county-wide school districts.

SMART (Safety, Music & Art, Athletics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

The **School Spotlight** is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the *SMART Bond Program*. This District Board Member edition provides a school-district breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members to better follow the progress of the facilities improvements within their specific school districts. The Spotlights will be updated every quarter to help board members share timely information with parents, students, school staff, volunteers, business groups, community organizations and other stakeholders as the projects progress.

COMMENTS:

Q4 2017

Q2 2019

2/6/2020

Reason: Delays have occurred in the permitting phase of the design process. Multiple revisions have been required by the design firm in order to achieve a permit. Remedy: The owner will be enforcing terms of the contract for delays and multiple resubmissions. The project has received a Letter of Recommendation to Permit. Delays from the design phase are not forecasted to be recovered.

FLAG KEY: S=Schedule B= Budget

S-Project Delayed=Schedule: Project has missed the planned milestone date for progressing to the next phase in the process.

S-Delay Possible=Schedule: Reflects a possibility of the project missing the planned milestone date for progressing to next phase in the process.

Delays have occurred during the backcheck review of the Construction Documents prior to submitting for permit review. Multiple submissions were required in order to close out comments made by the review team. The project is currently delayed by 4 months. It is anticipated these delays could extend if the design requires multiple submissions to the Building Department to receive a Letter of Recommendation to Permit.

COMMENTS:

Original contractual date of substantial completion is 7/29/2019. Reason: Delays occurred in Design, and Bid and Award that were not regained during construction. A change order is forthcoming to provide the contractor a time extension. Delays in construction were due to fire alarm scope changes required to comply with the new fire alarm requirements. These delays were not the contractor's fault. Update: Fire Alarm Panel training is required for PPO and a decision is pending on the installation requirements of an AC unit for one electrical room.

COMMENTS:

Reason: Delays occurred during the bid and award phase related to completing a roofing reality check before bidding. The purpose of the reality check is to identify opportunities for cost and scope efficiencies. Remedy: The roofing reality check has been completed with the CSMP proposal received. Budget: Additional funding of \$1,093,350 was approved by the Board on 1/14/2020 in conjunction with the approval to award the construction agreement for the project to the CSMP contractor.

FLAG KEY: S=Schedule B= Budget

S-Project Delayed=Schedule: Project has missed the planned milestone date for progressing to the next phase in the process.

S-Delay Possible=Schedule: Reflects a possibility of the project missing the planned milestone date for progressing to next phase in the process.

Reason: Delays have occurred during the design phase. The design firm required two submissions of the 90% Construction Documents in order to proceed. Additionally, the project was delayed due to staffing changes by the design firm, and scope clarification to receive design approval from the new Fire Chief. Remedy: The reasons for delays are no longer affecting the project schedule. The project is in permitting review.
