ACTION: For the 2021-2022 school year, use the following new course codes in TERMS for elementary World Language Spanish specials courses.

Course Number	Course Title

RATIONALE: New course codes for elementary World Language Spanish specials are now available. These approved course codes identify the elementary World Language Spanish course for each specific grade level instead of being grouped together by grade level band. By implementing these new course codes, elementary World Language Spanish teachers will be able to better leverage the Canvas Learning Management System (LMS) and other District applications that require class rosters to support student-centered, personalized learning.

Elementary World Language Spanish teachers that have not already taken Canvas training are encouraged to register to attend Canvas training. Training registration can be found in Learning Across Broward (LAB).

If you have any questions or need further information regarding the new elementary Spanish specials course codes, please feel free to contact **Vicky Saldala, Director, Bilingual/ESOL Department at 754-321-2590** or victoria.saldala@browardschools.com.
