SUBJECT: **2016-17 FLORIDA STANDARDS ASSESSMENT (FSA) ENGLISH LANGUAGE ARTS
(ELA) THIRD GRADE RESULTS**

Today, the Florida Department of Education (FDOE) released the 2016-17 Florida Standards Assessment English Language Arts (ELA) results for third grade students. This memorandum summarizes third grade ELA District, state, and school level results. The results show that **57 percent of third grade students met or exceeded grade level satisfactory performance (achievement level 3 or above) in ELA, up 2 points from 55 percent in 2015-16.**

Table 1 provides 2014-15, 2015-16, and 2016-17 student performance results on the FSA ELA for third grade students in Broward County Public Schools. The table also shows student performance at four of the largest school districts in the state (Hillsborough, Miami-Dade, Orange, and Palm Beach) and the corresponding statewide results. **Among the five largest school districts in the state, Broward was tied for the second highest percent of third grade students scoring at an achievement level of 3 or higher (57 percent).**

School Level Progress:

Sixty percent of Broward's traditional elementary schools showed **increases** in the percent of third grade students scoring at or above grade level proficiency on the FSA ELA. Twenty-four schools had an increase of 10 percentage points or greater. They are:

Plantation (28 points), **Hollywood Park** (19 points), **Pembroke Pines** (19 points), **Coral Park** (18 points), **Manatee Bay** (17 Points), **Norcrest** (17 points), **Dr. Martin Luther King Montessori Academy** (16 points), **Lake Forest** (15 points), **Banyan** (15 points), **Rock Island** (15 points), **Sandpiper** (14 points), **Walker** (13 points), **Thurgood Marshall** (13 points), **Fairway** (12 points), **Nob Hill** (12 points), **Silver Lakes** (12 points), **Sanders Park** (11 points), **Lauderhill Paul Turner** (11 points), **Village** (11 points), **Harbordale** (10 points), **Sunland Park Academy** (10 points), **Meadowbrook** (10 points), **Nova Blanche Forman** (10 points), **Pasadena Lake** (10 points).

Promotion to Grade 4:

Student performance on the grade 3 FSA ELA test is used as a criterion for promotion to the fourth grade. According to Florida Statute 1008.25 (5) (b), third grade students are eligible for promotion by either scoring at achievement level 2 or above on the FSA ELA subtest or demonstrating an exemption from this criterion through Good Cause. Today's data indicate that 80 percent of Broward's students have met the ELA requirement on the FSA. Students who did not meet this criterion will have additional opportunities to demonstrate readiness for promotion via Good Cause Criteria. Alternate assessments used to demonstrate readiness for promotion include the Portfolio Reading Assessment conducted throughout the school year and performance on other state approved alternate assessments. Typically, the percent of students retained in third grade is about 7 percent (6.7 percent in 2015-16). Last year (2015-16), although 23 percent of students scored at level 1 on the FSA ELA, only 6.7 percent of students were actually retained.

Parents will be able to access their child's scores on Broward Schools Virtual Counselor next week. This memorandum and a school-by-school report can be accessed on the Student Assessment and Research website at <http://www.broward.k12.fl.us/sar/>. **Questions regarding this release should be directed to Director Richard Baum, Student Assessment and Research at (754) 321-2500.**
