The School Advisory Forum (SAF) is a group of members of the school and community. The forum has one member to represent to the School Advisory Council, which then sends a representative to the District SAC. The district SAC acts as advisors, mentors, and advocates to both the district and to each school Advisory Council.

**THE GOAL OF THE SCHOOL ADVISORY FORUM IS TO IMPROVE THE EDUCATIONAL EXPERIENCE THROUGH COMMUNICATION, ADVOCACY, AND PARTNERSHIP BETWEEN PARENTS, TEACHERS, AND THE BROWARD COUNTY SCHOOL DISTRICT.**

**PARENTS LIKE YOU MADE THE FOLLOWING CHANGES:**

- Student Identity Security**  
Instead of having social security number in identity children, the schools now use a randomly generated number to prevent identity theft and other privacy issues.

# K-12 COMPREHENSIVE EVIDENCE-BASED READING PLAN REQUIREMENTS

## 2023-2024

Steps  
1 & 2

The K-12 Comprehensive Evidence-Based Reading Plan (6A.6.053) describes the role of literacy leadership (both district and school level), literacy coaching, professional development, assessment, curriculum, and instruction in the improvement of student outcomes utilizing the B.E.S.T. Standards for English Language Arts. All Schools are expected to review the District's state approved K-12 Comprehensive Evidence-Based Reading Plan with the school's Literacy Leadership Team (LLT) at the beginning of each school year and as needed.

The School Liaison/Designee will need to download the template and collaborate with School Principal to complete and upload the information sheet, the agenda from the meeting where the K-12 CERP was discussed, and corresponding sign-in sheets.

## BCPS Science of Reading Aligned Look-For Tool

Literacy instruction that is in alignment with the Science of Reading is essential to meet our BCPS Strategic Goals for Literacy. This tool is to help school-level Literacy Leadership Teams reflect on their literacy practices. There are several essential components of note when determining if the school's literacy practices are in alignment with the research.

To align with SoR and the B.E.S.T. Standards for ELA, some important shifts in practice for BCPS K-5 classrooms include:

- Kindergarten through second grade students are learning to decode accurately and automatically through **explicit and systematic foundational skill instruction** in phonemic awareness, phonics, and fluency. This is essential. Refer to the attached "Phonics Skills in BCPS" graphic.
- Intermediate students that demonstrate **foundational skill gaps receive instruction and/or intervention daily** to correct. Students are provided with ample opportunities to **apply and practice** decoding skills, when needed.
- All students practicing regularly with **complex text** and its **academic** and supported practice to ensure ample application.
- Reading, writing, speaking and listening grounded in **evidence** reading pose, poetry, and informational text.
- Building of **background knowledge** and **vocabulary** through th content-rich texts.

### Explicit & Systematic Literacy Practices Aligned to the Science of Reading

Skill Area	Explicit Literacy Practices	Non-Explicit Literacy Practices
<b>Oral Language</b>	Student talk is an essential part of every lesson; teachers model and develop oral language.	Discussions are unplanned and unintentional.
<b>Phonological Awareness</b>	Emphasis on the sounds in spoken language distinct from and prior to phonics instruction; phoneme awareness is used as the starting point for print	Letters used as the starting point for print; reading treated as a visual skill; confusion of phonemic awareness and phonics
<b>Phonics</b>	Intentional instruction in letter-sound combinations; sequenced from easier to harder for reading and spelling; Students practice and apply phonics patterns in reading and writing	Emphasis on whole to part (analytic) incidentally as students make mistakes in text or by analogy (word families); mini lessons responding to student errors
<b>Fluency</b>	Books used for reading aloud are more challenging and are on or above grade level; fluency-building only after accuracy; high degree of teacher-student interaction with immediate corrective feedback	Emphasis on the use of leveled or predictable texts that are not controlled for decoding difficulty; error response focuses on picture cues or the use of context to determine words; miscue analysis
<b>Vocabulary</b>	Words for direct academic vocabulary instruction are intentionally selected using the chart on page 119 of the B.E.S.T. Standards for ELA; fewer words are explicitly taught; students use vocabulary in speaking or writing	Many Tier 3 academic vocabulary words are taught; students do not use new vocabulary when speaking or writing
<b>Reading Comprehension</b>	Background knowledge, academic vocabulary, and text structures are modeled and practiced in a planned progression using complex text	Activities such as round robin or popcorn reading

Every 1 Counts  
Educating Today's Students to Succeed in Tomorrow's World

Greetings MTSS Coordinators, CPS Teams, and Administrators,

It's that time of year again! Time to review, reflect, and assess your school's progress with MTSS implementation and delivery of interventions and supports for students.

Your school's CPS Team is required to complete a Self-Assessment of Multi-Tiered System of Supports (SAM) annually to ensure the necessary actions and activities are occurring to successfully implement and sustain the six domains of MTSS with fidelity.

As you plan and schedule CPS Team meetings, we are readily available to support. The District's MTSS team will provide technical assistance and direct support to complete the SAM as well as any assistance you may need throughout the remainder of the school year.

Use the attached guidance to complete your school's MTSS Action Plan. If you have any questions, please email BCPS MTSS [bcpsmtss@browardschools.com](mailto:bcpsmtss@browardschools.com) or call the Regional/Associate Superintendent Office.

# Purpose of School-Level Self-Assessment of MTSS Implementation in alignment to SIP

At the end of each school year, the School Leadership Team including members of the Collaborative Problem-Solving Team (CPST) complete the Self-Assessment of MTSS implementation (SAM) instrument to measure school-level implementation of a Multi-Tiered System of Supports (MTSS).

Then, at the beginning of each school year, the School Leadership Team reviews their annual SAM Report to identify the necessary actions and activities to develop an MTSS Action Plan in alignment to School Improvement goals for the 23–24 school year.

**Follow the steps in this presentation to complete your school's MTSS Action Plan.**

### Self-Assessment of MTSS Implementation (SAM)

#### Overview of MTSS

This instrument is used to measure school-level implementation of a Multi-Tiered System of Supports (MTSS). MTSS is an educational framework designed to ensure **successful educational outcomes for all students**. When districts and schools are organized as an MTSS, educators use a data-based, problem-solving process to inform multiple tiers of standards-aligned instruction and intervention designed to increase the academic, behavioral, emotional, and life skills of students. Instruction and intervention are provided to students across multiple tiers of intensity based on need. Staff make data-based decisions in order for resources (e.g., time, staff, and evidence-based strategies) to reach the students at the appropriate levels to increase the performance of ALL students with the goal of achieving and/or exceeding proficiency.

Quality implementation of MTSS is associated with increased likelihood of instruction and interventions leading to successful student outcomes. Thus, it is important for schools to monitor not only student outcomes, but also *how* assessments, instruction, interventions, and data-based problem solving are put into place (i.e., the fidelity with which these elements are implemented). Successful implementation is influenced by many factors within and around the school system (e.g., professional development, administrative support, data systems, staff member perceptions, successful adaptation, etc.). As a measure of school-level implementation of an MTSS, the focus of this instrument is on the necessary actions and activities to successfully implement and sustain the critical elements of MTSS with fidelity. The critical elements of MTSS referred to throughout the instrument include:

- Curriculum standards
- Assessments used to inform instruction
- Multiple tiers of instruction and intervention
- Data-based problem solving used to make decisions

To promote a common understanding, staff that complete the instrument are urged to discuss the elements of MTSS and how they relate to components of their school's system for educating all students. MTSS should not be thought of as a *separate* initiative or program that must be implemented. Rather, MTSS provides a framework for the integration of academic, behavior, and mental health supports. Other initiatives such as implementation of educational policies and regulations, new assessment systems, or new instructional strategies also should be considered in the context of how they fit within an MTSS. MTSS provides a framework for implementing educational practices to ensure student growth in academic, behavioral, emotional, and life skills.

## Guiding Questions for School-Level Problem Solving with SAM Data

### 1. Looking at the data, what do we wonder or what do we notice?

- What is a surprise? Not a surprise?
- Which domains/items are we implementing well? Which could be improved?
- How does the data align or misalign with our school improvement goals?

### 2. What could or should we address in our action plan?

- What is most impacting our implementation of MTSS?
- What would be most immediately actionable?
- What would have the most influence?
- What is most aligned to our goals?
- What strengths could we leverage?

### 3. Do barriers that exist within our system that may need to be addressed at the district level?

- Are there policies and procedures currently in place/not in place that are a barrier to our work?
- Do we have access to all the data we need for problem solving?
- Do we have access to resources we need to do the work?

# **School-Wide Positive Behavior Plan (SPBP) 2023-2024**

District Contact:

Sylvia Beevas, Assistant Director

Amber Jennings, PBIS Specialist

Equity, Diversity & School Climate Department

754-321-3435

# Rationale

## Does every school have to have a SPBP?

Yes, the SPBP is a part of the School Improvement Plan (SIP) and includes the BTU contracted discipline plan. Even if your school completes the state SIP they still need to complete the SPBP. It is also an embedded piece of **Best Practice # 2: Ensuring High Quality Embedded RtI Processes**.

## Why?

**The SPBP is the blueprint of your behavior curriculum.** It needs to be documented and monitored for you to be able to evaluate the success of your curriculum. All schools, regardless of level or type, must have an individualized implementation plan submitted on the District's template.

# Establish a High Functioning Team

## Teams will:

- Meet quarterly at minimum (monthly is best practice)
- Check SPBP for meeting dates; set up first meeting if not held already
- Review SPBP documentation and actual implementation
- Review behavior data for trends and weak areas
- Modify the SPBP as needed
- Share information with staff quarterly
- Share information with stakeholders and SAC quarterly

# The School Wide Equity Plan

## 2023- 2024 School Wide Equity Plan

An equitable school provides the climate, process, and content which enables students and staff to perform at their highest level. An equitable school ensures successful outcomes by providing equitable resources, employing appropriate strategies for each student, and eliminating barriers to opportunity. The equitable school:

- Has a clear mission committed to equitable access, processes, treatment, and positive outcomes for all students, regardless of race, gender, national origin, sexual orientation, disability, or socioeconomic status.
- Provides an inclusive visual environment – halls, displays, and classrooms exhibit pictures and information about diverse students and cultures.
- Reflects and works in collaboration with the various socioeconomic, racial, ethnic, language, gender, and disability groups within the school community.
- Works in partnership with parents, the business community, and civic and community organizations to enrich the curriculum, provide consistently high expectations for all students, and develop support and opportunities for all students.

# FACE Plan in SIP

## Engagement Goal

**The environment or culture in which engaging programs take place must consider and plan for:**

- Families to feel welcomed, valued, and respected by program staff.
- Two-way communication and relationship building with families to meet changing family and community circumstances.
- Opportunities for family support and development through the family partnership process and through intentional parent/family peer groups within the program and community.

# Strategy #1

## **Review customer service expectations with staff.**

### Complete *Customer Service* handout

- Identify a positive interaction in which good customer service is demonstrated. Elaborate on the positive features of the interaction.
- Identify an interaction that could have been handled differently. Elaborate on the scenario and discuss what will be done to improve such interactions in the future.

Complete *Programs and Services* handout

- Convene a FACE Resource Team (administration, instructional, paraprofessional, cafeteria, custodial, after school program, social worker, and school counseling).
- Meet once each quarter to identify needs of community and discuss available school/ community resources.
- Update FACE SPACE with relevant information based on identified needs.

# Strategy #3

**Recognize the cultural uniqueness of families served in the school/community.**

Complete *Cultural Awareness* handout

- Identify ways that values and traditions of the community will be incorporated in your school's culture (ex. serving dishes from a particular culture during school events; acknowledging traditions and holidays; communications and signage in different languages, etc.).

# SIP Attendance Plan for 2022/23

Each BCPS school, including center schools, must submit an attendance plan in the SIP.

## 2022-2027 Strategic Plan

Accountability-The Superintendent may not allow the District to operate without an accountability system for policy implementation that includes expectations, evaluation, transparency, and continuous improvement.

### Important things to know before **deadline Friday, September 8, 2023:**

- a) Data will be provided by the District AFTER the completion of the school year. We expect the data to be ready by July 1 in the District SIP in BCPA Central V2.0.
- b) Goals will be written for each school by the District Attendance Office. School staff will copy & paste the pre-approved goals.
- c) Templates will be updated to include changes in practice due to the COVID-19 pandemic.
- d) The Attendance Program expects to provide resources for the completion of this plan by **July 1, 2023**. Until then, staff are encouraged to complete other plans that are not dependent on this attendance data.

# Attendance Plan: Steps to Completion and Approval

## Directions:

### SIP ATTENDANCE PLAN

Each school's SIP Attendance Plan will be submitted by a staff member identified by the principal or their designee.

The dashboard found in the 23-24 Mandatory Attendance Courses, in LAB, has pages that you can view by selecting the name of the page at the bottom of the dashboard.

You must be logged in with your Single Sign-on to view the dashboard below.  
Need Help? [Look here.](#)

Next, select your School and access all the attendance data needed for you to complete the SIP plan.

The dashboard contains multiple categories that you can continue to reference throughout the school year.

**Attendance Categories:** All schools, Regions, and school levels from 2016/17 through 2022/23. Displays the number and percent of students in each attendance category based on your selections.

**Attendance Correlations:** Using prior year data, adjust the sliders to attendance benchmark numbers (50% excused absences, 65% regular attenders, 15% chronic absenteeism). See how overall school letter grades look as you change the sliders. The most recent year with school letter grades was 2022/23.

**SIP Goals:** Each school's goals are pre-written for staff to copy & paste into the Attendance Plan.

The Attendance Office analyzes all school data to provide SMART goals. The approved plan must be submitted as a PDF, please see the form in the appendix. Additional directions will be uploaded to BCPS CENTRAL.

# Addressing Chronic Absenteeism to Improve Student Outcomes

**Chronic Absenteeism:** Absent 10% or more full school days, *including excused absences, unexcused absences, and external suspensions.*

Attendance less than 90% of school days is a metric embedded in the District's Early Warning System. This helps staff identify families who may need additional support and interventions to overcome barriers to regular attendance.

## Identifying students to provide successful early interventions:

- ✓ Chronic absence from prior years
- ✓ Starting from the beginning of the school year, use the table below:

Absent 10% or more days any time after the first 8 weeks.

# **8. SCHOOL IMPROVEMENT TEAM SUPPORT**

Partnering with our schools to align the daily work of improving teaching and learning with an ongoing, supportive and collaborative process of increased continuous improvement and success.

Just a  
Reminder!
