MTSS/RtI Action Plan
 The Self-Assessment of Multi-Tiered System of Supports (SAM) is used to assess Multi-Tiered System of Support (MTSS) implementation. The purpose of administration and its resulting data is to help school and district-level personnel identify and prioritize implementation steps. The MTSS/RtI Action Plan is developed using the school's annual SAM report and aligned with school-wide academic and behavioral data.

The focus of the MTSS/RtI Action plan is to ensure MTSS is established, implemented with fidelity and positively impacts student academic and behavioral growth and achievement. The District MTSS Team will support school teams to achieve proposed averages, identify supporting evidence and determine impact on student academic and behavior.

Addressing Chronic Absenteeism to Improve Student Outcomes

Chronic Absenteeism: Absent 10% or more full school days, including excused absences, unexcused absences, and external suspensions.

Attendance less than 90% of school days is a metric embedded in the District's Early Warning System. This helps staff identify families who may need additional support and interventions to overcome barriers to regular attendance.

Identifying students to provide successful early interventions:

- ✓ Chronic absence from prior years
- ✓ Starting from the beginning of the school year, use the table below:

Absent 10% or more days any time after the first 8 weeks.

Complete *Customer Service* handout

- Identify a positive interaction in which good customer service is demonstrated. Elaborate on the positive features of the interaction.
- Identify an interaction that could have been handled differently. Elaborate on the scenario and discuss what will be done to improve such interactions in the future.
