

APPLIED LEARNING VISUAL ARTS

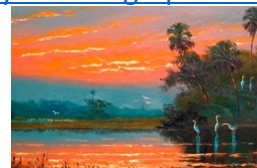

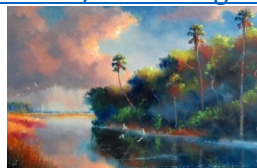

VISUAL ARTS ACTIVITIES FOR WINTER BREAK!

- Take a walk in your neighborhood (for younger students with a parent/adult) and collect 10 items to create a sculpture.
- Use your phone to take pictures of different houses/building in your neighborhood. Then, look at the pictures you took and create albums with themes.
- Go to any Broward County Library and register at the Library to have your own Library card. Then, borrow books about famous artists, and crafts to make. At the library you can also go online and use their computers free of charge.
<http://www.broward.org/library/Pages/default.aspx>
- Collect leaves from different plants and paste them onto a piece of cardboard to create your own artwork. You can also arrange them in a natural environment as an installation like famous artist Andy Goldsworthy <https://www.artsy.net/artist/andy-goldsworthy-2> (If you have allergies please check with your parents first)

- Create your very own book/ story and illustrate it.
<https://www.wikihow.com/Make-a-Homemade-Book>
- Draw and paint a picture of your backyard or any of the scenery around you.
- Create your own board game with rules and steps. Don't forget to add color!
<https://www.wikihow.com/Make-Your-Own-Board-Game>
- Have a picnic at sunset with your family and friends and draw or paint the sunset. Explore the Florida Highwaymen Artists for inspiration.
<https://thefloridahighwaymen.com/florida-highwaymen-biographies-and-art/>

- Build sandcastles at the beach!
- Become a storyteller and create stories to share around the table.
- Create a scrapbook.
<https://www.thoughtco.com/art-journaling-vs-scrapbooking-2578471>
- Create a treasure hunt for kids in your neighborhood add visuals/pictures as hints to help them solve it.
- Create puppets with an old sock or brown bags and tell a story.
<https://www.wikihow.com/Make-Puppets>
- Make paper airplanes and have a flying contest.
<https://paperairplaneshq.com/>
- Create a Totem pole using small cardboard boxes and decorate it. Totems were created by Native American and they tell stories of the villagers. Look up the history of Totem poles at <https://www.britannica.com/art/totem-pole> .
- Take 10 to 15 pictures using your phone or a camera, following a theme: using straight lines, curvy lines, nature, solid forms.... Learn about the Principles & Elements of Design at <https://www.incredibleart.org/files/elements2.htm>
- Create your own shield out of cardboard box and decorate it.
<https://www.britannica.com/topic/coat-of-arms>
