# STEM+Computer Science
For every student in every school

BASE:
Broward Area STEM Ecosystem

The Broward Area STEM Ecosystem (BASE) is a regional collaboration of STEM stakeholders in the South Florida community aligned with three primary common goals:

1. Engage and interest youth with hands-on STEM through authentic experiences and competitions;
2. Ensure foundational skills in collaboration, communication, critical thinking, computational thinking, problem-solving and perseverance; and
3. Prepare students to be life-ready for future studies and careers in any area, not only those typically thought of as STEM-related.

Mission: To reach our diverse population with a diverse portfolio of STEM opportunities, assuring that STEM is for ALL students.
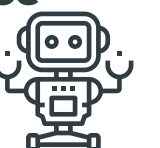

STEM — BROWARD — @BrowardSTEM

Hands-on problem-solving

Computer Science

Robotics

Engineering

Environmental Stewardship

Broward County Public Schools

BASE is a member of the STEM Learning Ecosystems - https://stemecosystems.org/

Current	3 year	5 year
55 active* members	75 active members	100 active members

The Broward Area STEM Ecosystem (BASE) relies on partnerships with a diverse membership that includes government, higher ed, corporations, non-profit organizations, and others. BCPS has convened a STEM Advisory Board since 2017 that is now formally a member of the STEM Learning Ecosystems international community of practice.

*Membership across various STEM in and out of school time stakeholders, such as BCPS departments and schools, for-profit and non-profit organizations, governmental agencies, families, colleges, and universities
