The District worked with Evolution Labs to provide Substance Use and Abuse

instruction through the Suite360 curriculum platform to cover the required topic.

The course is structured to be one classroom lesson. Principals will create a plan to administer the prevention education lesson to all students in alignment with the State Board of Education state statute Rule 6A-1.094122 FAC FAC. Selected instructors will assign students the specific required modules via CANVAS (Integrated Learning Management System). The Crosswalk below is intended to help guide schools and staff with the required materials to meet the state mandate.

BCPS works to ensure that every school in Broward is a [Child Trafficking Free Zone](#). Each school received one Child Trafficking Free Zone poster for a designated ambassador to support student needs as appropriate. Secondary schools received multiple [Human Trafficking infographic](#) posters to be displayed in prominent locations throughout the school campus.

The District worked with Evolution Labs to provide Child Trafficking/Internet Safety instruction through the Suite360 curriculum platform to cover the required topic.

The course is structured to be one classroom lesson. Principals will create a plan to administer the prevention education lesson to all students in alignment with the State Board of Education state statute Rule 6A-1.094123 FAC. Selected instructors will assign students the specific required modules via CANVAS (Integrated Learning Management System). The Crosswalk below is intended to help guide schools and staff with the required materials to meet the state mandate.
