Demonstrating good citizenship is being a person who involved in trying to make the community, nation, or world a better place. Good citizens are people who are engaged, in big or small ways, in considering the needs of others in their community. This can involve a variety of activities, from volunteering with a community organization to working with a group that addresses national or international issues. People of character take steps to address needs that are present around them and so are good citizens. Definitions:
• Knowing, understanding, and displaying a high regard for rules, laws, government, heritage and for those who have served and sacrificed for community and country
• Being involved in trying to make the world a better place, engaged in big and small ways in helping others
• Actions and attitudes which reflect pride in being part of a community; showing good citizenship means being law-abiding and involved in service to school, community and country
• The state of being vested with the rights, privileges, and duties of a citizen; The character of an individual viewed as a member of society; behavior in terms of the duties, obligations, and functions of a citizen

Ideas on How to Use:
• Display a quote each week. Share on morning announcements.
• Teachers post quotes in classrooms.
• Have students write about what the quote means to them.
• Have primary students draw a picture to go with the quote.
• Encourage students to create their own ‘quote’ that promotes monthly trait.

Hands-on Activities/Projects

Grades K – 5
Right to Vote
Without comments, divide the class into two groups in a nondiscriminatory way, such as birthdays. Give one group voting rights but not the other. Have students vote on something that impacts the entire class, but only allow one group to vote. Carry out the decision. If possible, later reverse the roles. Discuss:
- How did it feel having the right to vote?
- How did it feel not having the right to vote?
- Who were the first U.S. citizens given the right to vote?
- What groups later gained that right?
- What could happen if apathetic citizens continue choosing not to vote?
Dear Parent:

All of us live together in a society in which each has various rights and responsibilities. Often we can focus on or “rights” while neglecting our responsibilities. These responsibilities include being concerned not with what we can get but rather with what we can give to help others. Enclosed are simple ways to integrate the character skill of citizenship in your home.

Citizenship Defined:
(1) Being involved in trying to make the world a better place, engaged in big and small ways in helping others. (2) Actions and attitudes which reflect pride in being part of a community; showing good citizenship means being law-abiding and involved in service to school, community and country.

Service Ideas to Do as a Family

- **Working on a Current Issue**: Find a current issue or problem you are personally concerned about. Discuss this concern with your family and together come up with actions you can do as a family to address the issue.
- **Family of Good Citizens**: Good citizenship involves doing things that show care for your community. Have all family members discuss what they do or have done in the past to be good citizens.
- **Choosing an Issue**: As a family, discuss various issues or needs that family members are concerned about. Make a list of the issues and some possible actions your family could take to try to help solve the problem. As a family, decide on one issue and start working on it!
