Please review this book with your child so that your family is aware of what is and is not appropriate in school, during school-sponsored activities and on school bus transportation.

IMPORTANT THINGS TO DO

Since *parents can be held responsible for the actions of their children, it is important that they are aware of the rules and the consequences if their children break the rules. However, parents also have the right to advocate for their children. Therefore, the school system must have proof that every student and every parent has had a chance to read this Code of Student Conduct.

1. The Acknowledgement Form on page xi of this Code of Student Conduct book must be signed and returned within 3 days of receipt of the form. Your signature does not mean you agree or disagree with the rules, but rather that you have reviewed the electronic book and know the rules. A copy of the Acknowledgement Form is provided on page xxxiii of this booklet and should be retained for your records.
2. Choose your options for Media Release on page xii. You must select one option in Section A and another option in Section B. If you do not choose an option in either section, you will default to allow the school to photograph your child, videotape your child, or for your child to be interviewed by the news media or the School District for school and district purposes.
3. Parents of students in any grade level (or independent students 18 or over) may opt out of (prevent) having any or all directory information provided to certain outside agencies as well as for certain uses within their child's school or school district (for example, information published in yearbooks and school programs).

To request that directory information is not disclosed to specific entities, please complete the Opt-Out Notification Form on page xiii and return it to your school.

4. For 11th and 12th grade students who do not wish to share directory information with armed services/military recruiters and/or postsecondary educational institutions, complete the Opt-Out Notification Form on page xiv and submit the form to the school.
5. The District's Discipline Matrix assigns specific consequences for violating the rules of the Code of Student Conduct and is part of the school's discipline plan. A copy is now located in Appendix A of this booklet. Please review the Discipline Matrix with your child. For more information on the matrix, talk with a school administrator.

**Whenever the term "parent" is used, it also refers to either or both parents, any guardian of a student, any person in a parental relationship to a student, or any person exercising supervisory authority over a student in place of a parent.*

Welcome to the New School Year!

Dear Students and Parents:

As your Superintendent, I am dedicated to working with the staff, parents and community to meeting the educational needs of all students in a safe learning environment.

The *Code of Student Conduct*, Policy 5.8, provides specific information regarding the rules that all students are expected to adhere to, as well as consequences for violations of the policy set forth in this document. The *Code of Student Conduct* policy addresses expectations for all students in terms of consistent and timely attendance, respect for people and property, appropriate dress, technology usage, student publications, student activities, student records and the right to appeal, including grievance procedures. Please review all information in the *Code of Student Conduct* policy carefully and together discuss the consequences of violating the rules.

The *Code of Student Conduct*, Policy 5.8 will be distributed electronically. Students and parents are required to sign a statement indicating that they have reviewed the *Code of Student Conduct* booklet, are aware of the explanation of rules it provides in policy, and have selected their options for media and directory information release.

It is important for you to review the *Code of Student Conduct*, Policy 5.8 annually because it incorporates changes from previous versions. A list of substantive changes can be found on page vii. You may view the *Code of Student Conduct* under School Board Policies on the District website (<https://www.browardschools.com/>). You may also view the *Code of Student Conduct* video on BECON television and on the District's website (<https://www.browardschools.com/codeofconduct>). Policy 5.8, Code of Student Conduct, lists the District’s rules for students in Broward County Public Schools. The rules apply to all activities occurring on school grounds, on other sites being used for school activities, and on any vehicles authorized to transport students. Your signature below does not indicate that you agree or disagree with the rules, **but rather that you have reviewed the electronic copy of these rules** (<http://www.browardschools.com/codeofconduct>). Return this form to school within 3 days from the first day of school or from the date of enrollment. If you would prefer to complete all required forms electronically, please access the Back to School Toolkit (<http://browardschools.com/backtoschool>).

Parents need to be involved in the education of their children and have the responsibility to:

- Know that for school safety, schools are not required to provide supervision more than 30 minutes prior to the official starting time, nor are they required to provide supervision for more than 30 minutes after the official closing time (F.S. 1003.31 (2)).
- Know that for school safety, for students who ride a school bus, drivers are NOT permitted to let students off the bus except at the designated stop.
- Provide the school with the names of current emergency contact person(s) and/or telephone numbers on an annual basis and when there are changes.
- Notify the school of anything that may affect their child’s ability to learn, to attend school regularly, or to take part in school activities.
- Be aware that medicine must be administered in accordance with SB Policy 6305, as may be amended, and that consequences for transmittal and/or sale or attempted sale of over-the-counter medications and possession and/or use of unauthorized medications can be found in SB Policy 5006. SB Policy 6305 outlines the rules regarding over-the-counter and prescription drugs and SB Policy 5006 outlines the consequences for violating those rules. You may view the complete health and suspension and/or expulsion policies, as well as all School Board policies, on the Web at: www.Broward.k12.fl.us/sbbcpolicies.
- Be aware that parents have rights with regard to the privacy and confidentiality of student records that are maintained by schools as defined in Section VIII of this booklet.
- Neither the School Board of Broward County nor its employees will be held liable for items that are prohibited and are lost, stolen, or confiscated; or for wireless communication devices or other personal technology that are lost, stolen, or confiscated.
- Be aware that confiscated items not claimed by the end of the school year will be donated to local charities.
- Recognize that they are responsible for their student’s behavior on the way to and from school and at the bus stop. A safe and respectful learning environment is key to academic achievement; therefore any student’s off campus actions that seriously affect a student’s ability to learn or a staff member’s ability to teach may be handled as a disciplinary infraction. For serious incidents that occur at bus stops and/or that are not on School Board property, parents should contact law enforcement directly. For bullying incidents (see bullying definition, Section II), school officials should be notified and will investigate and/or provide assistance and intervention, as the principal/designee deems appropriate, which may include the use of the School Resource Officer.
- Ensure their child demonstrates legal, ethical and responsible use of technology including networks, digital tools, the Internet, and software, as defined in Section IV of this booklet.
- Parents will continue to maintain responsibility for students who reach the age of majority, (18 years or older), for all educational and discipline purposes, with exceptions as provided by statute.

Note: Parental selection for each form within the Code of Student Conduct will be effective until a new form is submitted.

Parents need to be involved in the education of their children and have the responsibility to:

- Know that for school safety, schools are not required to provide supervision more than 30 minutes prior to the official starting time, nor are they required to provide supervision for more than 30 minutes after the official closing time (F.S. 1003.31 (2)).
- Know that for school safety, for students who ride a school bus, drivers are NOT permitted to let students off the bus except at the designated stop.
- Provide the school with the names of current emergency contact person(s) and/or telephone numbers on an annual basis and when there are changes.
- Notify the school of anything that may affect their child’s ability to learn, to attend school regularly, or to take part in school activities.
- Be aware that medicine must be administered in accordance with SB Policy 6305, as may be amended, and that consequences for transmittal and/or sale or attempted sale of over-the-counter medications and possession and/or use of unauthorized medications can be found in SB Policy 5006. SB Policy 6305 outlines the rules regarding over-the-counter and prescription drugs and SB Policy 5006 outlines the consequences for violating those rules. You may view the complete health and suspension and/or expulsion policies, as well as all School Board policies, on the Web at: www.Broward.k12.fl.us/sbbcpolicies.

A safe and respectful learning environment is key to academic achievement; therefore any student’s off campus actions that seriously affect a student’s ability to learn or a staff member’s ability to teach may be handled as a disciplinary infraction. For serious incidents that occur at bus stops and/or that are not on School Board property, parents should contact law enforcement directly. For bullying incidents (see bullying definition, Section II), school officials should be notified and will investigate and/or provide assistance and intervention, as the principal/designee deems appropriate, which may include the use of the School Resource Officer.

Diversity, Prevention & Intervention Department
MTSS/RtI Parent Guide

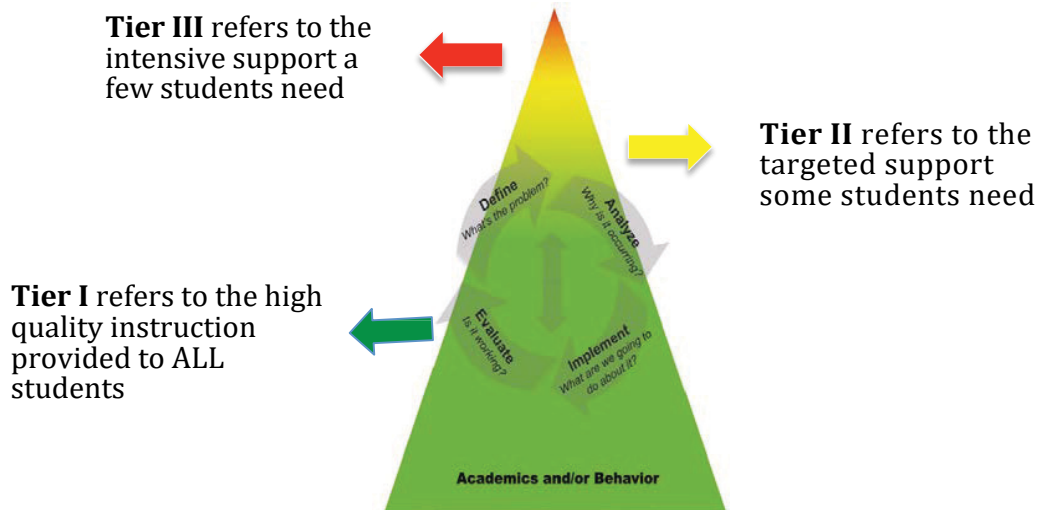

What is Multi-Tiered System of Supports (MTSS)?

MTSS is a term used to describe an evidence-based model of schooling that integrates academic and behavioral instruction and intervention to promote the success of all children.

What is Response to Intervention (RtI)?

RtI is the practice of providing high quality instruction and intervention matched to student need, close monitoring of how a student responds to different types of instruction and support.

How will MTSS/RtI impact my child?

- Multi-tiered System of Supports (MTSS) ensures that your child receives varying levels of academic and behavior supports based upon his or her need
- Your child will be included in early identification of academic or behavioral problems so assistance can be provided at the first signs of difficulty
- Help for your child will increase or decrease depending on his or her needs
- You are encouraged to participate and become involved in planning and providing interventions to help your child
- You will receive frequent updates of your child's progress

www.browardprevention.org/mtssrti/rti/

What do I do if I believe my child is struggling?

- Talk with your child’s teacher
- Review and assist with homework assignments
- Ask for regular meetings with your child’s teacher
- Celebrate your child’s successes
- Learn more about the curriculum, assessments, and interventions being used in your child’s school
- Participate in conferences and problem solving sessions for your child

How can I participate in MTSS/RtI?

Families play a critical role in supporting what their children are learning in school. The more parents are involved in student learning, the higher the student achievement. Ask questions to learn more about MTSS/RtI in your child’s school:

- Is my child successful? How do I know? If not, why and what can we do differently?
- If needed, how is additional help going to be provided? By whom? How often? For how long?
- How can I participate in problem-solving about my child?
- What can I do to help with the interventions for my child at home?
- How will I know if interventions are working?

Guiding Principles

Policy 5.8: Code of Student Conduct
Adopted 05/02/2017

Broward County Public Schools firmly believes a positive school culture promotes equal educational opportunity and establishes the framework for a safe learning environment. The Code of Student Conduct is comprised of a set of policies, rules, and laws by which order is established and maintained for the benefit of all. Discipline within a school must have the qualities of objectivity, consistency and equity. It is the responsibility of all school personnel, students, parents, external stakeholders and the greater community to ensure the school environment encourages a climate conducive to learning.

The Code of Student Conduct is intended to be an instructive policy based on interventions and supports for students. However, when consequences are warranted, they shall be implemented based on a system of progressive discipline. Minor infractions and first offenses have less serious consequences than major infractions and repeat offenses. Factors such as age, grade level, social, emotional and intellectual development, and overall student rights and responsibilities shall also be considered. Disciplinary issues will be resolved by every means possible prior to exclusion from school. Equitable and reasonable procedures will be followed to assure students of their rights.

Introduction

Section A

In order for teaching and learning to take place, a safe and secure school environment is essential. This policy provides specific information on the rules that all students are expected to adhere to, as well as consequences for violations of these rules. The rules apply to all activities occurring on the grounds or other sites being used for such activities and on any vehicle authorized to transport students to and from school, and other activities and various school functions. The School Board is not responsible for students, their conduct and activities, when attending non-school sponsored activities.

Section B

Florida law supports the active involvement of parents until the student graduates from school (F.S. 743.07, 1003.26, 1003.21). It is presumed that students are dependent students (as defined by FERPA 34 C.F.R §99.31(a)(8) and by Internal Revenue Code §152). Parents will be notified that when a student reaches the age of majority (18 years of age), the parent shall continue to perform the parental functions of a dependent student, including, but not limited to, provide excusal of absences and tardiness, permission slips for early release, field trips, other activities, as necessary, and to register or terminate (withdraw) school enrollment, until the student graduates, except under the following circumstances:

1. The student has been emancipated in compliance with Florida laws (F.S. 743.015) which provides the procedures for a court to remove the “disabilities of nonage” upon the filing of the appropriate papers and making the appropriate showing to the court.
2. When the student has no parent and this fact is verified by the school administrator (e.g., by communications with relatives, the Homeless Education Program, or the Florida Department of Children and Families, as is appropriate).
3. The student has submitted specific and acceptable documentation (such as rental agreement, lease, etc.) to establish that he or she is independent of his/her parents and that the presumption of dependency does not apply to him or her.

SECTION

I

Attendance

The parent of a child of compulsory school age is responsible for the child's daily school attendance (F.S. 1003.24). School staff, parents, students, and appropriate state agencies are expected to work together to ensure that laws are obeyed including, but not limited to, referral to the state designated agency for possible court action for extended absence or truancy (F.S. 1003.27). SB Policy 5.5 outlines the rules that apply to attendance and attendance procedures. You may view this policy and all School Board policies on the Web at: www.Broward.k12.fl.us/sbbcpolicies. Florida law supports the active involvement of parents until the student graduates from school (F.S. 743.07, 1003.26, 1003.21). This serves as notice to the parent, that when a student reaches the age of majority (18 years of age) the parent shall continue to perform the parental functions of a dependent student, including, but not limited to, provide reasons for absences and tardiness, permission slips for early release, field trips, other activities, as necessary, and to register or terminate (withdraw) school enrollment, until the student graduates.

A student's presence in class is required to maximize the attainment of instructional objectives. For students who demonstrate patterns of non-attendance, interventions may be recommended.

Rights

Students have a right to know how the District defines and handles excused absences, unexcused absences, and tardiness. The District's Discipline Matrix that assigns specific consequences for misbehavior is part of the school's discipline plan. The Discipline Matrix, attached hereto as Appendix A, is hereby made part of this Code of Student Conduct. The Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. School principals have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances.

Under Florida law, the Superintendent of Schools/designee shall have the authority to assign, provide for the proper placement, and govern students so as to promote the safety and welfare of all students and school personnel (F.S. 1001.41, 1001.42, 1001.51 (24), 1003.31, 1003.32 and 1006.08).

Students have a right to make-up work they missed during an excused absence or suspension.

Students who are married, are parents, or are expectant mothers have a right to remain in the regular school program or to attend a special program designed to meet their needs.

Students have a right to be protected from exposure to communicable diseases and infestations when in school.

Rule

The School Board of Broward County, Florida stresses the importance that all students attend school regularly and remain in school until they graduate from high school. However, "a child who attains the age of 16 years [or age specified by state statute, whichever is older] during the school year is not subject to compulsory school attendance beyond the date upon which he or she attains that age if the child files a formal declaration of intent to terminate school enrollment with the District's School Board. The declaration must acknowledge that terminating school enrollment is likely to reduce earning potential and must be signed by the child and the child's parent. The school district must notify the child's parent of receipt of the child's declaration of intent to terminate school enrollment" (F.S. 1003.21). Declaration of Intent Forms are available at each school's administration office. Also be aware that students who drop out of school are not eligible to receive a driver's license or driver's permit or will have their license or permit revoked.

NON-ATTENDANCE AND EARLY SIGNS OF TRUANCY

IT IS IMPORTANT TO BE IN SCHOOL EVERY DAY. If your child is not in school, he or she MAY BE showing early signs of truancy through a pattern of non-attendance (SB Policy 5.5).

WHAT IS A PATTERN OF NON-ATTENDANCE?

A student may be establishing a pattern of non-attendance when he or she has an accumulation of tardiness, early sign outs, and/or unexcused absences that exceed 5 days in one marking period or 10 days in 2 marking periods.

Responsibilities

Students have a responsibility to attend all classes.

Students have a responsibility to be on time for school and all classes.

Students have a responsibility to ask their parents to notify the school when they are absent.

Students have a responsibility to ask teachers for, and to complete, make-up assignments, in accordance with the guidelines from Make-Up Work, within Section I.

Students have a responsibility to get medical advice and/or counseling about how to adjust their schooling for marriage, pregnancy, and parenthood.

Students having or suspected of having a communicable disease are not allowed to attend school. In order to return to school, parents must obtain a doctor's note stating that the student is no longer contagious. Chickenpox is the only infectious disease that does not require a doctor's note.

A student may be identified as “habitual truant” if he or she has 15 unexcused absences within 90 calendar days with or without the knowledge or justifiable consent of the child’s parent, is subject to compulsory school attendance under s. 1003.21 (1) and (2)(a), and is not exempt under F.S.1003.21 (3) or s. 1003.24, or by meeting the criteria for any other exemption specified by law or rules of the State Board of Education (F.S.1003.01 (8)).

Parents and students may verify absences at any time at school or at home by contacting the school or by accessing electronic attendance records through Virtual Counselor.

If after an accumulation of absences as noted above, the principal and/or his designee determines that the reasons for time out of school are invalid, the principal/designee shall refer the student to the Collaborative Problem Solving Team to determine if early patterns of truancy are developing and provide appropriate interventions (F.S. 1003.26 (1)(b)), and/or the State Attorney’s Office will be notified due to non-compliance with compulsory school attendance laws. However, if the principal and/or his designee determine that the reasons for the absences are valid and there are no early signs of truancy, the parent must provide a note (to be kept on file at the school) that provides the reasons for those absences. No further action will be taken.

ABSENCE REPORTS

Absences may be reported by telephone or written note. The report must come from a parent and give the date(s) of the absence(s) and the reason for the absence(s). Parents **MUST** report these absences within two (2) days, although school principals **MAY** make exceptions in cases of need. School staff members have a legal right to ask for a written medical excuse.

For High School Only, absences for shared-time students must be reported to both schools.

For Elementary Only, the Broward Truancy Intervention Program (BTIP) is a joint partnership program of the Broward State Attorney’s Office and the School Board of Broward County. The program is designed to prevent excessive absences through parent notification and accountability, school interventions, and daily monitoring of attendance. Parents are expected to communicate with school personnel regarding absences. Parents who do not comply are referred to the State Attorney’s Office for failure to comply with F.S. 1003.27 which provides that a parent commits a misdemeanor of the second degree, punishable as provided by law, if the parent refuses or fails to have a child attend school regularly or refuses to participate in meetings concerning the child’s truancy.

EXCUSED ABSENCES

Students must be in school. However, when it is necessary to be out of school, absences may be excused for one of the reasons listed below. (Students on field trips, in internal in-school suspension, or attending alternative-to-suspension programs are not considered absent.) **Parents must report the absence the day before, the day of, or within 2 school days following the absence, or the absence will be considered unexcused.** Any absence is unexcused until the school receives a telephone call or a note to excuse the absence. **A reason for the absence must be provided and absences can only be excused for one of the eight School Board allowed reasons for absences.** Some situations will require written documentation from a private physician or public health unit. Excused absences include:

1. Illness. Students who expect to miss at least 15 consecutive school days due to illness, a medical condition, or for social/emotional reasons, or who would miss excessive days intermittently throughout the school year for the same reasons and could benefit from instruction, should obtain a copy of the Hospital/Homebound referral packet from the Hospital/Homebound contact person at their school.
2. Illness of an immediate family member.
3. Death in the family.
4. Religious holidays of the student’s specific faith.

5. Required court appearance or subpoena by a law enforcement agency.
6. Special event. Examples of special events include important public functions, education enrichment activities, conferences, state/national competitions, college/university campus tour/visit as well as exceptional cases of family need.
7. Scheduled doctor or dentist appointments.
8. Students having or suspected of having a communicable disease or infestation that can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (F.S. 1003.22). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies. Students are allowed a maximum of five (5) days excused absence for each infestation of head lice.
9. Students on field trips, students who attend alternative-to-suspension programs, or internal in-school suspension programs are not considered absent.

UNEXCUSED ABSENCES

It is the responsibility of the school principal to ensure that parents are contacted after each unexcused absence and to ensure that there are specific, appropriate interventions as a result of each unexcused absence. Parents may receive letters to inform them of their student's unexcused absences. These letters are generated from official attendance records.

1. Absences are excused only for the reasons previously listed. If absences are not excused, as defined in the previous section, the absences are considered unexcused. This does not apply to suspensions.
2. Students without a completed Certificate of Immunization indicating compliance with the current required schedule of immunizations will not be allowed to attend classes until the certificate is provided or a waiver is obtained. Students who receive the first shot in a series of immunizations but who are late obtaining subsequent shots will be given 3 days grace period after which they will be excluded from school and the resulting absences will be considered unexcused.
3. **For Secondary Only**, students 14-18 years of age who drop out of school or who have 15 unexcused absences within 90 calendar days and have a driver's license or driver's permit will have their driving privileges suspended by the Division of Highway Safety and Motor Vehicles or will not be issued a license or permit if they apply for one. Additional information about procedures and waivers is available from school administration or guidance offices.

SUSPENSIONS

1. Students who have been assigned an out-of-school suspension and choose not to participate at the alternative-to-suspension site will be considered suspended.
2. Students who have been assigned an out-of-school suspension and do not attend all of the assigned days in the alternative-to-suspension site, those days that they do not attend will be considered suspended.

MAKE-UP WORK

For School Board policies regarding the earning of grades and credits for make-up work, related to absences, field trips and suspensions, see policies 5.5: Attendance and 6000.1: Student Progression Plan.

TARDINESS

Tardiness is disruptive to the learning environment and can have a negative impact on student achievement. Tardiness may also count toward establishing a pattern of non-attendance that may indicate early signs of truancy. A pattern of non-attendance may be established by an accumulation of tardiness, absences (excused and unexcused), and early sign outs that exceed five (5) days in a marking period or ten (10) days in two (2) marking periods.

1. A tardy is excused for the same reasons that an absence is excused. Excused absences/tardiness include: illness, illness of an immediate family member, death in the family, religious holidays of the student's faith, required court appearance or subpoena by a law enforcement agency, special event, scheduled doctor or dentist appointments, or communicable disease. In extenuating circumstances, principals and/or their designee may also excuse a tardy for reasons other than those stated if documentation is provided. Parents must follow the same process to excuse a tardy as they do to excuse an absence.
2. Tardiness is defined as a student not being in the classroom when classes are scheduled to begin. A student who has an excused tardy (note or telephone call) should report directly to class after first checking in at the designated check-in area of the school.
3. Excessive tardiness will be addressed on a case-by-case basis to determine if there is a pattern of non-attendance.
4. Tardiness to any class without documentation may be considered unexcused.

EARLY SIGN OUTS

When students are signed out early on an ongoing basis, their academic performance may be negatively impacted. The school system strongly encourages parents to ensure their student is in school for the full school day every day. Signing out early may count toward establishing a pattern of non-attendance that may indicate early signs of truancy. A pattern of non-attendance may be established by an accumulation of tardiness, absences (excused and unexcused), and early sign outs that exceeds five (5) days in a marking period or ten (10) days in two (2) marking periods.

1. All schools will establish procedures for early release that ensure that all students are treated consistently.
2. Students shall not be released within the final 30 minutes of the school day unless the principal/designee determines that it is an emergency or the student has a medical/dental appointment that cannot be reasonably scheduled at another time.
3. Excessive early sign outs will be addressed on a case-by-case basis to determine if there is a pattern of non-attendance.

This is determined on a case-by-case basis after reviewing the facts and circumstances unique to each situation. If a sufficient nexus exists, appropriate discipline shall be issued in accordance with this policy and as provided for in current law.

Technology Usage

Computers, networks, and online communications and information systems such as the Internet and e-mail are becoming more commonplace in our classrooms and media centers every year. Digital Curriculum and Resources for students provided by SBBC are becoming commonplace via the Broward Enterprise Education Portal (BEEP) and accessible via the Internet. While these systems deliver a huge number of resources to our classrooms, their ability to serve students and teachers depends on the responsible and ethical use of every device and system.

Use of the school district's technology and/or software for any unauthorized purpose is prohibited. This includes the unauthorized use of a computer/technology, including, but not limited to, accessing or breaking into restricted accounts or networks, creating, modifying or destroying files/records without permission, copying software, entering, distributing or printing unauthorized files/records, uploading to the Internet and/or sharing or distributing, offensive or inappropriate material, including video, and any other misuse or violation of the School Board of Broward County Technology-Acceptable Use Policy 5306, Section 6.

Rights

Students have a right to use appropriate online communications and information systems, the Internet and networks to increase their access to information and resources.

Students have a right to use appropriate online communications and information systems, the Internet and networks to obtain information, create intellectual products, collaborate and communicate for educational purposes.

Students have a right to use appropriate online communications and information systems, the Internet and networks without the fear that their products or their personal reputation will be violated, misrepresented, tampered with, destroyed, or stolen.

Rule

Students are expected to use technology responsibly. SB Policy 5306 defines the appropriate use of technology throughout the District. This policy describes how computers and networks must be used to support research and instructional activities in our classrooms, labs, and media centers. It also includes the use of the digital resources provided by SBBC and made available through the Broward Education Enterprise Portal (BEEP) for students. First, it promotes the use of technology as a powerful educational tool that is increasingly becoming a common part of every student's day. Second, it provides those students who use these computers, and the networks to which they are connected, to act in accordance with prescribed rules and behavioral codes detailed in the policy. Several major provisions are noted below. The full text of SB Policy 5306 is available upon request from each school's media center and on the School Board web site. You may view the complete technology policy and all School Board policies on the Web at: <http://www.broward.k12.fl.us/sbbcpolicies/>.

Major Policy Provisions

- Use of computers, networks, the Internet and online communication and information systems must be related to students' educational activities
- Students must recognize that computers, networks, and equipment used to support online learning are shared devices and agree to use

them in ways which will maintain their continued operability for all users

- No illegal activity may be conducted using the District’s computers, networks, or online communication and information systems
- Students must not access or distribute offensive, obscene, inflammatory, or pornographic materials, or participate in “sexting” (see Section II for the definition)
- Students shall not intentionally spread, or attempt to spread computer viruses, vandalize data, infiltrate systems, or degrade/disrupt computer and/or network performance
- All users of computers, networks, and online communications and information systems shall adhere to laws regarding copyright

Florida Standards Assessment (FSA) Administration Policy

- It is unlawful for anyone knowingly and willfully to violate test security rules adopted by the State Board of Education for mandatory tests, such as FSA, and knowingly and willfully fail to follow test administration directions specified in the test administration manuals (F.S. 1008.24)
- The FSA Administration Manual prohibits:
Possession of an electronic device during testing that reproduces, transmits, calculates, or records is cause for invalidation. “Possession” is defined as “within arm’s reach,” even if the electronic device is not visible. For example, students [shall] not have cellular phones in their pockets, clipped to their belts, at their desks, or anywhere they can be easily accessed during testing.”
- Schools will direct students on the appropriate storage of electronic devices during testing
- It is strongly advised that you do not bring a cell phone or any other prohibited electronic device to any testing environment including but not limited to: Advanced Placement exams, PSAT or International Baccalaureate. If your electronic device makes any noise, or you are seen using it at any time – including breaks – you may be dismissed immediately, your scores may be canceled, and the device may be confiscated

Illegally using school district technology and/or software to alter information is a felony. Misusing school district technology and/or software to transmit insulting, profane, racially or sexually offensive written language, or to make obscene remarks or gestures is unacceptable behavior that will lead to disciplinary action. Using technology including, but not limited to, computers, networks, online telecommunication systems, cellular telephones, and camera telephones to bully, extort, or libel another student or staff member is a violation of the Code of Student Conduct and will result in disciplinary action.

Broward County Public Schools Social Media Use Guidelines

Broward County Public Schools (BCPS) realizes that part of 21st century learning is adapting to the changing methods of communication. The importance of teachers, students and parents engaging, collaborating, learning, and sharing in these digital environments is a part of 21st century learning. As such, educational standards are now requiring the use of online educational tools to demonstrate proficiency. To address related issues, BCPS has developed the following guidelines to provide direction for employees, students and the school district community when using or accessing BCPS tools, networks, online supports and resources to engage in social media activities.

Social Media refers to the use of web-based and mobile technologies that enable all Broward County Public Schools' internal and external stakeholders to connect, collaborate, and form virtual communities via the computer and/or Internet. For some, social media is used mainly for social purposes, but for others, these sites and technologies are used as tools to teach and to connect with the community.

The First Amendment, in general, protects the rights of individuals to participate in social media. However, the laws and courts have ruled that schools can discipline students and staff if their speech, including online postings, disrupts school operations or constitutes a violation of federal or state laws or School Board policies. The BCPS social media guidelines allow employees to participate in online social activities. However, when participating it is important to create an atmosphere of trust and individual accountability; keeping in mind that information produced by BCPS staff and students is a reflection on the entire district and is subject to the District's School and District Technology Usage (Policy 5306), Acceptable Use Policy (AUP), Federal and State Statutes, Educator Code of Ethics and the Principles of Professional Conduct for the Education Profession in Florida, and other related applicable policies and guidelines.

By utilizing social media staff, students and parents agree to abide by these guidelines. Please read them carefully before using, posting, or commenting on any social media sites. It is important to remember that parents and guardians play a critical role in supporting and reinforcing these objectives.

General Etiquette for Social Media

- **Be Honest/Truthful:** Always be transparent about who you are and who you represent. How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.
- **Maintain confidentiality:** Do not post any confidential or proprietary information in regards to yourself and/or others. Students can reveal some information about themselves (ethnicity, political beliefs, stance on issues, interests) but should not offer any confidential information (place of residence, phone number, discretely identifiable information, common 'hang-out' locations).
- **Know You Are Always "On":** You must assume that your social media usage is visible to the world. Be sure to manage what and with whom you are sharing. Keep in mind that while we all have occasional frustrations, social media are not the best venues in which to air frustration as those comments are available to everyone.
- **Be Respectful:** Avoid remarks that are off topic or offensive. Always demonstrate respect for others' points of view, even when they're not offering the same in return. Never bully, pick fights, and do not respond to abusive comments. If you are sharing a negative experience, please try to do so in a constructive way.
- **Think Ahead:** Be smart about protecting yourself, your privacy and the privacy of others, and confidential or personal information. What you publish is widely accessible and will be around for a long time so consider the content and consequences carefully. Show good judgment as future employment and/or academic opportunities may be adversely affected by your comments.
- **The Internet is not anonymous, nor does it forget:** Everything written on the Web can be easily traced back to its author. Information is backed up often and repeatedly, and posts in one forum are usually replicated in others through trackbacks and reposts or references.
- **Avoid "hazardous" materials:** Do not post or link to any materials that are inflammatory, defamatory, harassing or indecent.
- **Your online behavior should reflect honesty, respect, and consideration.**
- **When bringing your own technology to work make sure that you follow the guidelines set out in the BCPS Personally Owned Device Guidelines.**

Faculty and Staff Guidelines

- Personal information of the employees and other individuals associated with the services that we are delivering to our students and staff must not be shared on or disclosed through social media. When contributing online, do not post confidential student or employee information. No last names, school names, addresses or phone numbers should appear on social media sites. No student identifiable information, as defined in FERPA, can be posted on social media sites.
- As part of Policy 5306, faculty and staff are prohibited from using student photographs on personal social media sites, and can only use them on District approved social media sites in accordance with Board policies and applicable laws.
- BCPS employees are personally responsible for the content they publish online. Be mindful that what you publish could be public indefinitely and may be subject to Florida Statutes including the Florida Public Records Law and the Educator Code of Ethics and the Principles of Professional Conduct for the Education Profession in Florida. Failure to adhere to these principles and guidelines will be subject to disciplinary action.
- It is recommended that BCPS employees include disclaimers within their personal social media sites that the views posted are their own and not those of BCPS.
- Teachers should monitor content contributed by students to school sponsored social media and must contact the Legal Department if and when First Amendment issues arise.
- Teachers should communicate with parents regarding involvement of their child in any project using online social media sites, applications and services, i.e., blogs, wikis, podcast, etc.
- Remember that school sponsored social media sites are an extension of your classroom and workplace. What is inappropriate in your classroom or workplace will be deemed inappropriate online.
- Respect the intellectual property of others, copyright laws, and fair use guidelines. Be sure not to plagiarize and be sure to give credit where it is due.
- When uploading digital pictures or avatars in school sponsored social media that represent yourself, make sure you select a school appropriate image. Also, remember not to utilize images protected by law.
- All postings on social media that are created as part of the official business of BCPS are subject to the Florida Records Retention Schedules and must be retained for the applicable period of time.

Student Guidelines

- Be aware of what you post online. Social media venues including wikis, blogs, photo and video sharing sites are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn't want friends, enemies, parents, teachers, or a future employer to see.
- Follow the school's code of conduct when writing online. It is acceptable to disagree with someone else's opinions, however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom will be inappropriate online.
- Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not share your password with anyone besides your teachers and parents.
- Linking to other websites to support your thoughts and ideas is recommended when appropriate. However, be sure to read the entire article prior to linking to ensure that all information is appropriate for a school setting.
- Do your own work! Do not use other people's intellectual property without their permission. It is a violation of copyright law to copy and paste other's thoughts, images, designs, etc. When paraphrasing another's idea(s) be sure to cite your source with the URL. It is good practice to hyperlink to your sources.
- Be aware that pictures may also be protected under copyright laws. Verify that you have permission to use the image or that it is under Creative Commons' attribution.
- How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity. Blog and wiki posts should be well written. Follow writing conventions including proper grammar, capitalization, and punctuation. If you edit someone else's work be sure it is in the spirit of improving the writing.
- If you run across inappropriate material that makes you feel uncomfortable, or is not respectful, tell your teacher right away.
- Students who do not abide by these guidelines may lose their opportunity to take part in the project and/or access to future use of BCPS online tools. In addition, disciplinary or legal action may apply.

Parent Guidelines

- Parents should expect communication from teachers regarding their child's involvement in any project using online social media applications, i.e., blogs, wikis, podcast, etc.
- Parents will not attempt to destroy or harm any information online. Instead they will report objectionable material to a school administrator.
- Parents will not use classroom social media sites for any illegal activity, including violation of data privacy laws.
- Parents are highly encouraged to be aware of their child's electronic communications and participation in social media projects.
- Parent participation is encouraged to help ensure that student involvement in social media networking is appropriate and that the privacy concerns are protected.

3. Failure to meet requirements makes the student/athlete ineligible for contests for the entire next nine weeks. This will take effect on the sixth school day of the next marking period. For seventh and eighth graders, eligibility for the first marking period will be determined by the student athlete's grades for the last marking period of the previous year
4. Requirements are subject to the principal's appeal based on extreme circumstances. A copy of the principal's appeal must be filed with the County Athletic Department

HIGH SCHOOL ELIGIBILITY (Based on an 18-week semester regardless of class scheduling format, i.e., block and rotator)

2. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in F.S. 1006.15(3)(h) and SB Policy 5004.1(III)(A)
3. A student's eligibility to participate in any interscholastic or intra-scholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to F.S. 1006.20(2)(b)
4. Students shall be progressing satisfactorily toward graduation as provided for in the District's approved pupil progression plan
5. Students must have been regularly promoted from the 8th grade and must maintain a cumulative grade point average of 2.0 or above on a 4.0 scale or its equivalent in the courses required for high school graduation. The cumulative grade point average and courses for graduation include all attempted credits in high school
6. Student participation will be disallowed if the student is convicted of, or found to have committed, a felony or a delinquent act that would have been a felony if committed by an adult, regardless of whether adjudication is withheld.
7. Since representing a school either as an elected school officer or in extracurricular activities is both an honor and a privilege, only students meeting requirements established by their club, school, instructional services, and/or the Board shall be eligible to serve as representatives of their school.

Family Educational Rights and Privacy Act (FERPA) Notice

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the accuracy and privacy of students' education records.

FERPA, F.S. 1002.22, F.S. 1002.221 and SB Policy 5100.1 (*Student Records: Confidentiality and Family Educational Rights*) afford parents, guardians or eligible students (students over 18 years of age or attending a postsecondary institution) certain rights with respect to the student's education records maintained by the District. These rights are:

1. ***The right to inspect and review a student's education records within 30 days of the day the District receives a request for access.*** Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. When the education records contain information about more than one student, a parent may review the information related only to his or her child. E-mails not maintained in a student's file folders kept by the schools or District departments are not education records. In addition, records created and maintained solely by the Special Investigative Unit are not education records.
2. ***The right to request the amendment of a student's education records.*** Parents or eligible students may ask The School Board of Broward County, Florida (SBBC) to amend a record they believe is inaccurate, misleading, or in violation of the student's privacy rights. They should write the school principal, clearly identify the part of the record they want changed, and specify the reasons for the request. If the District decides not to amend the record as requested, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing within a reasonable period of time regarding the request for amendment. Additional information regarding the hearing procedures will be provided when the parent or eligible student is notified of the right to a hearing.
3. ***The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without written consent.*** FERPA permits disclosure without written consent in many situations, including:

- to SBBC school officials¹ with a legitimate educational interest²,
- to contracted outside agencies and organizations, whose personnel perform their duties in a “school official” role and who are prohibited from re-disclosing personally identifiable information from education records, except as required or permitted by law,
- to school officials of other institutions for the purposes of student transfer or student enrollment,
- to authorized federal, state and local officials, including educational authorities, and for audits or evaluations of federal and state supported programs,
- to comply with judicial orders or lawfully issued subpoenas; the parent/guardians/majority age student will be notified in advance of SBBC’s intent to comply in ten (10) days so the parent or majority age student may seek protective action, except where the law prohibits or does not require said notification,
- to appropriate parties in connection with a health or safety emergency, and
- to an agency caseworker or representative of a state or local child welfare agency, or tribal organization, when the agency is legally responsible for the care and protection of the student.

Additional requirements and conditions may apply to non-consensual disclosures. See SB Policy 5100.1 for a full listing of FERPA-permitted disclosures for which prior written consent is not required.

Types of Directory Information:

“**Directory Information**” is personally identifiable information that would not generally be considered harmful or an invasion of privacy if disclosed. Pursuant to the FERPA, SBBC may disclose - in its discretion - directory information of a student in any grade level, if the parent or student age 18 or over did not “opt out” of the disclosure. SBBC designates the following as “directory information”: student’s name, parent’s name, residential address, telephone number(s), date of birth, place of birth, major field of study, participation in school-sponsored activities and sports, height and weight of athletic team members, school grade level, dates of school attendance, degrees and awards*, the name of the most recent previous school or program attended, and room number.

**Note: Degrees and Awards include exemplary work (including art work), recognitions of all types, and graduation status (i.e., a list of graduating students), and excludes Grade Point Average (GPA).*

Purposes of Disclosure of Directory Information:

SBBC reserves the right to release Directory Information only:

- (a) to colleges, universities or other institutes of higher education in which the student is enrolled, may seek enrollment or may be recruited,
- (b) for school publications, instructional materials and other school communication tools (including, but not limited to, yearbooks, athletic programs, graduation programs, recruitment brochures, theatrical programs, school and District websites, social media, and postings and displays throughout the school facility),
- (c) to Broward County health officials for purposes of communicating with parents to address conditions of public health importance as determined by Florida Department of Health (64D-3, F.A.C.), including information to meet or to prepare for a potential or confirmed health threat, and/or
- (d) to class reunion committees (and the like) for purposes of class reunion activities.

1. **School official** is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health and medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special function that would normally be performed by SBBC personnel (such as an attorney, auditor, medical consultant or therapist); a clerical or paraprofessional staff member assisting another school official in performing his or her professional duties.

2. **Legitimate educational interest** exists when a school official needs to review an education record in order to fulfill his or her professional responsibility.

Opt Out Procedure:

Parents/guardians of students in any grade level (or eligible students, those over the age of 18 or attending a postsecondary institution) may opt out of (refuse to permit) the release of any or all of the above Directory Information. On the FERPA Opt Out Notification Form provided in this Code of Student Conduct, parents/guardians or eligible student must indicate the types of Directory Information they do not want disclosed. The FERPA Opt Out Notification Form must be submitted to the school principal annually.

Disclosures to Military, Armed Forces and Postsecondary Institutions:

SBBC is required to disclose, upon request, student name, address, and telephone number of **11th and 12th grade students** to the armed services, military recruiters, and/or postsecondary institutions without prior written consent, unless the parent/guardian or eligible student opts out of the disclosure. Parents/guardians of students or eligible students in 11th and 12th grade may opt out of having the student's name, address and telephone number provided to the armed services, military recruiters, and/or postsecondary institutions. On the Every Student Succeeds Act (ESSA) Opt Out Form provided in this Code of Student Conduct, parents/guardians and eligible students must indicate the categories they wish not be disclosed. The ESSA Opt Out Form must be submitted to the school principal annually.

- 4. *The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.*** The name and address of the office that administers FERPA is **Family Policy Compliance Office • U. S. Department of Education • 400 Maryland Avenue, S.W. • Washington, DC 20202-4605.** *If you wish to discuss and try to resolve any FERPA concerns before contacting the Family Policy Compliance Office, you may contact the SBBC Privacy Officer at 754-321-1914.*

For additional information refer to SB Policy 5100.1. This policy outlines the privacy rights of parents and students with respect to students' education records. You may view the complete student records policy and all School Board policies on the Web at: <http://www.broward.k12.fl.us/sbbcpolicies/>.

PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA) NOTICE

Pursuant to the Protection of Pupil Rights Amendment (PPRA) (20 USC §1232h; 34 CFR Part 98), parents, guardians, or eligible students (over the age of 18 or emancipated) have certain rights pertaining to surveys, the collection and use of information for marketing purposes, and certain physical exams. These rights are as follows:

1. The right to give prior written consent before students are required to submit to surveys concerning protected information (regarding mental or psychological conditions of the student or student's family, sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom survey respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors, or ministers; or income, other than as required by law to determine program eligibility) if the survey is funded in whole or in part by a program of the U.S. Department of Education. The District will not collect, obtain or retain information on political affiliation, voting history, religious affiliation or biometric information of a student or a parent or sibling of the student (F.S. 1002.222).

"Biometric information" means information collected from the electronic measurement or evaluation of any physical or behavioral characteristics that are attributable to a single person, including fingerprint characteristics, hand characteristics, eye characteristics, vocal characteristics, and any other physical characteristics used for the purpose of electronically identifying that person with a high degree of certainty.

2. The right to opt a student out of participation in any other protected information survey, regardless of funding.
3. The right to opt a student out of any non-emergency invasive physical exam or screening required as a condition of school attendance administered by the school or its agent, and not necessary to protect the immediate health and safety of a student.
4. The right to opt a student out of non-invasive health screenings, including vision, hearing, scoliosis or body mass index (also known as "growth and development") screenings, for any reason (F.S. 381.0056).
5. The right to opt a student out of activities involving the collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others, and
6. The right to inspect, upon request and prior to administration or use (a) protected information surveys of students, (b) instruments used to collect personal information from students for any marketing, sales, or distribution purposes, and (c) instructional material used as part of the educational curriculum used in connection with activities noted above.

The District will ensure that student privacy is protected in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

The District will directly notify (including, but not limited to, mail, e-mail, in-person, or by acknowledgement form) parents of their PPRA rights at least annually at the start of each school year and after any substantive changes. The District will also directly notify parents of students who are scheduled to participate in the specific activities or surveys noted above and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and will be provided an opportunity to opt their child out of such activities and surveys and to review any pertinent surveys.

Those who believe their rights have been violated may file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202. If you wish to discuss and try to resolve any PPRA concerns before contacting the Family Policy Compliance Office, you may contact the SBBC Privacy Officer at 754-321-1914.

THE SCHOOL BOARD OF BROWARD
COUNTY FLORIDA'S NOTICE OF
PRIVACY PRACTICES RELATED TO
STUDENTS & FAMILY MEDICAL/
MENTAL HEALTH RECORDS
PROTECTED BY HIPAA

This notice describes how medical information about you and/or your child may be used and disclosed and how you can get access to this information.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) NOTICE

Effective Date of Notice: 5/2/2017

The School Board of Broward County (SBBC) Duties Under HIPAA

All medical and health records are protected by Florida Statute, FERPA or HIPAA depending on who the health care provider is who created the records and the age of the student. Medical records of a student received from health care providers who are not acting on behalf of the School District are protected by the HIPAA. This HIPAA notice pertains only to the information that is protected by HIPAA.

HIPAA, a Federal law, requires entities covered by this law, including school districts in some limited situations, to maintain the privacy of all mental and physical health records. These records are referred to as "protected health information" (PHI).

HOW THE SCHOOL DISTRICT USES AND SHARES YOUR AND YOUR CHILD'S PROTECTED HEALTH INFORMATION

PHI includes demographic and medical information about the past, present, or future physical or mental health of an individual. Demographic information may include your and your child's name, address, telephone number, Social Security number, and any other means of identifying you and/or your child as a specific person.

PHI is information the school District has received from outside health care providers, such as a report from your child's doctor. If a school or District department conducts any transactions electronically in connection with health care (for example, Medicaid billing), the information transmitted is covered by HIPAA.

Your or your child's PHI may be used or shared by the school District for purposes of medical and/or mental health treatment, payment for services, and health care operations. (Health care operations are activities compatible and directly related to treatment and payment, including day-to-day office business, administrative, and customer service activities.) Health care professionals may use this information in the clinics, schools, and/or hospitals to take care of you or your child.

It is important for you to be aware that this law allows the school District to share your and your child's PHI without your consent under the following circumstances:

- To another health care provider for purposes of your or your child's treatment;
- To insurance companies, Medicaid, or local, state, or federal agencies to pay for the services provided to you or your child;
- To report abuse of children, adults, or disabled persons;
- For investigations related to a missing child and/or child abuse investigations;
- For internal investigations and audits by the school district or any grant funding body;
- For investigations and audits by the State's Inspector General, Department of Education, and Auditor General;
- For public health purposes including vital statistics, disease reporting, and regulation of health professionals;
- For medical examiner investigations;

- For research approved by the school district;
- To respond to court orders and/or subpoenas (SBBC will make reasonable efforts to provide notice to you for an opportunity to seek a protective order);
- For judicial and administrative proceedings; and
- When and as required by law. Restrictions by the most protective law (whether state or federal) will be met.

Unless specified above, the school District will not share your and/or your child's PHI unless you provide written authorization. This authorization will have an expiration date. Additionally, you may revoke the authorization in writing at any time. Certain uses and sharing of psychotherapy (counseling) notes may also require your written authorization, except when required by a subpoena or court order. Uses and disclosures of PHI for marketing purposes as well as disclosures that constitute a sale of PHI require written authorization.

INDIVIDUAL RIGHTS

You have the right to request the school District to restrict the use and with whom your and/or your child's PHI may be shared. You have the right to request restrictions or limitations on the PHI used and disclosed for treatment, payment or health care towards operations. You also have the right to request a limit on the PHI the school District discloses to someone involved in your care or the payment of your care, like a family member or friend. To request a restriction, you must make your request in writing to the department providing the service, or you may send the request to the SBBC Privacy Officer at 600 S.E. 3rd Avenue, 11th Floor, Fort Lauderdale, FL 33301. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply. The school District will consider any of your requests, but is not required to agree to them.

You have the right to request confidential communications. The school District may mail or call you with appointment reminders or regarding your responsibility to pay for services. We will make contact with you in the manner and at the address or telephone number you select. You may provide an address other than your residence where you can receive mail and where you may be contacted. You will be asked to put your contact information in writing.

You have the right to review and receive a copy of your PHI, except as limited by law. Your review of the PHI will be supervised and will be at a time and place that is convenient to you and a representative of the school District. You may be denied access as specified by law. This might occur if your child consented to care and the parent's consent was not required by law or if your child is receiving care at the direction of a court or a person appointed by the court. If access is denied, you have the right to request a review by a licensed health care professional who is not involved in the decision to deny access. The licensed health care professional will be designated by the school District. If you request a copy, you may be charged a reasonable fee. We will provide you access to the PHI in the form and format requested by you if it is readily producible in such a form and format, or if not, in a readable hard copy form. We will provide access (review and/or copy) requested within 30 days or notify you of a one-time 30-day extension, if necessary, and the reason for the extension and the date by which the information will be provided.

You have the right to correct your and/or your child's PHI. Your request to correct your or your child's PHI must be in writing and provide a reason to support your requested correction. If your correction is accepted, the school District will make the correction and tell you and others who need to know about the correction. The school District may deny your request, in whole or part, if it finds the PHI:

- Was not created by the school District;
- Does not qualify as PHI;
- Is by law not available for your review; or,
- Is accurate and complete.

If your request is denied, the school District will place your request for corrections with your PHI. You may also send a letter detailing the reason you disagree with the decision. The school District will respond to your letter in writing. You may also file a complaint, as described below in the section entitled Complaints.

You have the right to receive a list of the individuals and/or agencies with which the school District has shared your PHI.

All requests for this list (also known as an accounting of disclosures) must state a time period that may not include a date earlier than six (6) years prior to the date of the request. The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. The list will not include:

- Information shared to carry out treatment, payment, or health care operations;
- Information shared with you;
- Information incidental to otherwise permitted or required disclosures, pursuant to applicable regulations;
- Information you authorized to be shared;
- Information shared with individuals involved with your care;
- Information disclosed for national security or intelligence purposes;
- Information disclosed to correctional institutions or law enforcement officials when the disclosure was permitted without authorization;
- Information in a limited data set (which is PHI that excludes certain direct identifiers, such as name, address, social security number, etc.).

You have the right to be notified of a breach. If a breach of your unsecured PHI occurs, meaning your private information was disclosed without the required authorization, you have a right to be notified.

You have a right to a paper copy of this notice upon request. To obtain a paper copy, contact the school or District department providing the service.

This notice tells you how your and your child’s PHI may be used and how the school District keeps this information private and confidential. The school District has always kept this information confidential; this notice simply explains the school District’s legal responsibilities, with regard to PHI.

The law requires the school District to give this Notice of Privacy Practices to you. The school District is required to do what the notice currently in effect says it will do. SBBC is required to provide you with notice of its legal duties and privacy practices with respect to PHI, and to notify affected individuals following a breach of unsecured PHI. SBBC reserves the right to change the terms of this notice and to make the new provisions effective for all PHI that it maintains. If the school District changes how it handles your or your child’s PHI records, you will be informed. The most current notice will be posted on the SBBC website, <http://browardschools.com/Privacy-Policy/Privacy-Information>.

**Intervention and/or
Consequences**

When students do not follow the rules and expectations outlined in this Code of Student Conduct policy, one or more of the following actions may be taken until the problem is resolved.

Possible Interventions and/or Consequences of Misbehavior

The District will make every reasonable effort to correct student misbehavior through school-based resources at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. The vast majority of disciplinary issues should be addressed at the classroom level by teachers. Additionally, students exhibiting serious or chronic behavior issues will be referred to the school's Collaborative Problem Solving Team (CPST) for the development of multi-tiered interventions to address targeted behavior problems. For an overview of the Collaborative Problem Solving and Response to Intervention (CPS/RtI) process, see the following link or speak to administration: <http://www.browardprevention.org/mtssrti/>.

In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or prosecutorial action taken against a student who violates this policy must be based on particular circumstances of the student's misconduct.

It will not be necessary to use each consequence or to use consequences in the order listed below. However, as provided in the Discipline Matrix, certain rule violations do require specific consequences. The District's Discipline Matrix is attached and also available on the District's website at: <http://www.browardschools.com/Parents-Students/Parent-Student-Pages/Code-Of-Conduct/Discipline-Matrix>.

Likewise, for students determined to be disabled under Section 504 of the Rehabilitation Act of 1973 suspension, expulsion, and other disciplinary measures shall follow applicable laws, School Board policies, and provisions of the Section 504 Accommodation Plan.*

Consequences of Serious Misbehavior Leading to Suspension and/or Expulsion (Sections II-V of SB Policy 5006: Discipline Policy: Suspensions and/or Expulsion)

The Code also includes provisions for action that MUST be taken if there are serious problems involving weapons, drugs (including alcohol), mood-altering substances, steroids, and criminal acts. Specific action, outlined in SB Policy 5006, will be taken as a result of these violations. However, if the principal determines that the student used an instrument or object in self-defense, the student may not be suspended or expelled. Self-defense is an attempt to "prevent" an attack or a threatened injury or to stop the process of confrontation. It is not self-defense when the student uses an instrument/object to become an aggressor or to continue the confrontation after the original aggressor has retreated.

Note: F.S. 776.012, 776.032, commonly known as the Florida Stand Your Ground law, are not applicable to charges of violation of the Code of Student Conduct and/or Board Policy 5006.

SB Policy 5006 outlines all the violations that result in out-of-school suspension and expulsion and/or the consequences. You may view the complete suspension/expulsion policy and all School Board policies on the Web at: <http://www.broward.k12.fl.us/sbbcpolicies/>.

School Board Policy 6305 (Administration of Medications/Treatments), provides the guidelines for the administration of medication and/or treatment for students receiving prescription and over-the-counter (OTC) medication.

Prescription medication/treatment and over-the-counter medication require an Authorization for Medication/Treatment Form. The healthcare provider and parent/guardian must complete this form.

Students with special health conditions, e.g., asthma, diabetes and hypersensitivity, regardless of grade, may carry medication on self, only if approved by their physician and noted on the Authorization for Medication/Treatment Form.

It is not self-defense when the student uses an instrument/object to become an aggressor or to continue the confrontation after the original aggressor has retreated.

However, Class "A" Weapon, Bomb Threat (Placing) and Bomb Threat (False Reporting); shall be expellable offenses for all students, Grades K-12.

AT NO TIME is it appropriate for any student to possess or bring a weapon of any kind onto a school campus. Federal and state laws require local school districts to notify parents, through the Code of Student Conduct, that any student who is determined to have brought a firearm, electric weapon or device, or flare gun to school, to any school functions, or on any school-sponsored transportation will be expelled, with or without continuing educational services, from the student's regular school for a period of not less than one full year and referred for criminal prosecution.

Expulsion/Expulsion Abeyance

1. The expulsion shall commence with the date of the School Board's final order or, in the case of a student with a disability, the date established by the IEP/504 Team. However, the term of exclusion from the regular school shall not exceed one calendar year from the date of the offense. Additionally the expulsion shall be held in abeyance and the student shall be given the opportunity to participate in an established Expulsion Abeyance Program.
2. If a student enrolls in an expulsion abeyance program or in a program designated by the Superintendent and successfully completes the program, the expulsion shall not be documented on the student's official transcript. The District student services substance abuse/expulsion case manager will facilitate the student's re-entry into the regular school program, except where indicated otherwise in this policy. In the case of a student with a disability, return to a school placement may require action by the IEP/504 Team.
3. Refusal or failure to meet conditions specified in the Expulsion Abeyance Agreement may result in the removal of the abeyance option, and the student may be expelled from all programs and schools in the Broward County Schools until the duration of the original expulsion has lapsed.
4. The appropriate expulsion code shall be entered into the student's permanent record. This record shall be forwarded to any school requesting that record for the purpose of student admission.
5. The District student services case manager shall monitor/verify that the student has completed the program.
6. All steps necessary to protect the victim, of any acts set forth in this policy, from further victimization will be taken. With infractions that require mandatory expulsion (See Section V) or involve serious repeated acts of bullying, such actions may include assignment of the student (perpetrator) to a different school from that where the offense occurred. Only the Superintendent/designee may assign a student to another school after completion of the mandatory requirements for expulsion abeyance or after compliance with the bullying complaint procedures. Should the district make such a reassignment, transportation will be provided by the District. All "no contact orders" entered by a court shall be enforced. Transportation is not provided by the District when there is a court order for no contact requiring reassignment of the student to another school, unless there is transportation available at no additional cost to the District.

Workback

Elementary students, Grades K-5, shall be administratively placed in the Behavior Intervention Program via the Expulsion Abeyance Office, for one (1) calendar school year. Elementary students may complete a Workback Program within 45-school days and be reinstated to a traditional school program. If the student is unsuccessful at Workback Program completion within 45-school days, then the student shall continue in the Workback Program for up to 90-school days. If the student is unsuccessful after 90 school days, the full term of the administrative assignment shall be served.

Secondary students, Grades 6-12, shall be expelled for one (1) calendar school year. For infractions that are eligible for Workback consideration, the student may complete the Workback Program within 90-school days and be reinstated to a traditional school program. If the student is unsuccessful after 90-school days, the full term of the expulsion shall be served.

Substance Workback

Substance Workback shall mean that the student is eligible to return to a regular school program upon successful completion of the state-certified rehabilitation or treatment program as determined by the District substance abuse case manager.

Workback requirements are reviewed with the student by the District case manager and include specific responsibilities the student must comply with to be considered for Workback.

Out-of-District Expulsions

Expulsion or dismissal of a student from any in-state or out-of-state public, private, charter, or research school will be honored by the Broward County School Board if the act committed is one that would be grounds for expulsion under this policy.

If a student who has been expelled or dismissed from another district, charter school or private school wishes admission, he/she shall be placed in an appropriate expulsion abeyance program or a program designated by the Superintendent/designee for a period of time commensurate with the terms of the original expulsion.

**Right to Appeal and
Grievance Procedures**

RIGHT TO AN APPEAL

There may be times when students believes they have been unfairly penalized. Most problems can be solved if students speak with the teacher or staff member who was involved. If students feel uncomfortable with this person, they may request a conference with the next level of authority. Students may also request the presence of a third party, such as a counselor, assistant principal, other staff person, translator, interpreter, or attorney. Parents also have the right to be included.

If talking things over does not solve the problem, the following steps may be taken:

1. A written statement must be presented to the principal within five (5) school days after the last conference. The statement must tell what happened, when it happened, who was involved, and how the student would like the problem resolved. A copy of the statement should be filed and maintained as an educational record. The principal or the administrator with the most knowledge of the incident has 5 school days to respond in writing.
2. If the problem still has not been resolved within five (5) school days from receipt of the school's written response, the student/parent(s) may request in writing, an appointment with the Director/designee of the Office of Service Quality. The letter asking for the appointment must include a copy of the first written statement and the school's response, if one was received.

In the case of Charter Schools: If the problem has not been resolved within five (5) school days from receipt of the school's written response, the charter school student/parent(s) may request, in writing, a meeting with the Governing Board.

Items 3-5 below do not apply to Charter School students.

3. Upon receipt of such request, the Director/designee of the Office of Service Quality will schedule a meeting within five (5) school days with the District student and his or her parent(s). This meeting will include the person(s) involved in the appeal process, the principal, the District student, the parent(s) and any representative selected by the parent(s). Attorneys may attend as representatives of either the District student/parent(s) and/or the school. The Director/designee of the Office of Service Quality has five (5) school days after the date of the meeting to send a written response to the District student/parent(s).
4. If the District students/parent(s) are still not satisfied, they may take the problem to the Superintendent's Office/designee following the above procedures.
5. The Superintendent/designee will schedule another meeting to attempt to resolve the matter. After the date of this meeting, the Superintendent/designee has five (5) school days to send a written response. The decision of the Superintendent/designee shall be final for the appeal of any penalty that is less than ten (10) days suspension. For suspension appeals of ten (10) days, District students/parent(s) have the right to appeal to the School Board by submitting a request to the Superintendent's Office.
6. A student shall serve his or her suspension during the pendency of any appeals. If the student is successful in his or her appeal, the student's record shall be corrected to remove all indications of the suspension and the absences shall be reflected as "excused," for the period in question. Refer to Section I, regarding make-up work.

GRIEVANCE PROCEDURES for DISCRIMINATION, BULLYING and/or HARASSMENT OFFENSES, including SECTION 504 DISCRIMINATION

REPORTING DISCRIMINATION, BULLYING and/or HARASSMENT OFFENSES

If any district school student feels that he or she has been discriminated against or harassed, he or she may contact the Executive Director of Benefits and EEO Compliance in the Department of Equal Educational Opportunities, 600 Southeast Third Avenue, 14th Floor, Fort Lauderdale, Florida 33301, Phone: 754-321-2150. Teletype Machine (TTY): 754-321-2158. Email: EEO@BrowardSchools.com. Complaints relating to discrimination may also be addressed to the Office for Civil Rights, 61 Forsyth Street, S.W., Suite 19T70, Atlanta, GA 30303, or the state or federal Office for Civil Rights.

REPORTING SECTION 504 DISCRIMINATION

The steps below have been developed to comply with the law for resolution of individual complaints under Section 504/ADA. Persons aggrieved by district school actions are not required by law to exhaust the District's grievance procedures before filing a complaint at the federal or state level.

The following steps should be followed if resolution on Section 504/ADA issues through informal discussion with appropriate district school personnel is not achieved. All meetings, discussions, etc., should be documented. Appropriate district school personnel could include teachers, the Section 504 liaison, counselors, school administrator, etc.

1. If informal discussions do not resolve the issue, the district school student/parent/guardian may obtain a Grievance Filing Form from the principal. The completed form should be submitted to the district school principal within 15 school days.
2. Within 15 school days of receipt of the written grievance, the district school principal shall provide the grievant with a Grievance Resolution Notice that upholds, modifies, or denies the resolution sought.
3. If the district school student/parent/guardian is not satisfied with the response issued in Step 2, he/she may file a complaint with the Director of Benefits and EEO Compliance in the Department of Equal Educational Opportunities at 754-321-2150, who will inform the district school student of his or her rights under Section 504/ADA, including an impartial hearing pursuant to federal and state regulations. The Department of Equal Educational Opportunities will conduct an investigation, convene pertinent parties, including legal counsel, and make a determination as to whether probable cause exists to believe that the district student was, in fact, discriminated against. A determination of probable cause will include specific recommendations for corrective behavior.

APPENDIX

Discipline Matrix

What is the Discipline Matrix?

The *Discipline Matrix*: A Tool For Administrators To Assign Consequences For Serious Misbehavior

The *Discipline Matrix* is a tool for administrators to respond appropriately when students have committed serious violations, per the *Code of Student Conduct*. This tool is designed to offer consistency at all levels across the District so that students are disciplined fairly from school to school when their behavior requires punishment beyond the classroom. There are **four** different versions of the Matrix **which assign interventions and consequences for the following grade levels: Grades K-2; 3-5; 6-8 and 9-12.**

A copy of the Matrix is included to assist you and your child in understanding the consequences of seriously violating school rules. While most parents will have no need to be familiar with the Matrix, the School Board and the District want to ensure that parents are knowledgeable about the actions of its school administrators when students misbehave. The Matrix enables administrators to assign consequences consistently, regardless of the school your child attends.

HOW DO I READ THE MATRIX?

The Matrix outlines the violations in the same way as the Code of Student Conduct. Each incident type contains interventions and consequences for each violation. The letters within the consequence boxes correspond to the “Action Legend”. Therefore, if a student commits a first offense violation for an incident, the actions that can be taken will be listed in the box for the 1st Consequence. Second offense violation will be listed in the box for the 2nd Consequence, and so forth. It is important to note however, that school administrators have the discretion to deviate from these guidelines by assessing an appropriate consequence other than stated in the Matrix if he or she determines in his or her sole discretion that there are mitigating or aggravating circumstances.

IS THERE ANYTHING ELSE I NEED TO KNOW?

Yes. The *Discipline Matrix* does not apply to classroom management as assigned by the teacher, but rather as a progressive step when a student has broken the rules requiring a principal and/or designee to assign consequences. While continuous disregard for classroom rules will almost always be referred to an administrator, certain violations of the rules, e.g. weapon possession, assault, sexual harassment, require initial administrative action.

Like the *Code of Student Conduct*, the Matrix is reviewed annually by District stakeholders, including parents, teachers, administrators, counselors, students and other community representatives.

WHERE DO I GO IF I WANT FURTHER EXPLANATION OF THIS DOCUMENT?

Should you require further explanation of the *Discipline Matrix*, please call your school administrator.

**Broward County Public Schools
Administrative Discipline Matrix – Grades K-2
SY 2017-2020**

NOTE: The Discipline Matrix sets forth the guidelines for assessing consequences for violations of School Board policies. A Recommendation for the Behavior Intervention Program applies when elementary level student (Grades K-5) commits an offense for which a secondary student would receive a mandatory expulsion under School Board Policy 5006.
