## IMAGINE PEACE WISHES

### to the

# Imagine Peace Tower

**IMAGINE PEACE TOWER** is a Tower of Light which emanates wisdom, healing and joy. It communicates awareness to the whole world that peace & love is what connects all lives on Earth. Imagine Peace Wishes from Peace Wish Tree projects all over the world are buried in the wishing well of the Imagine Peace Tower in Reykjavik, Iceland

Imagine Peace Tree project was inspired by John Lennon and Yoko Ono

To add your wishes to wishing well, please deliver or pony your wish tags by October 1st to  
**Cynthia tapia-Rodriguez, BCPS School Climate & Discipline & Department.**  
1400 NW 14th Court, Room 1701  
Fort Lauderdale, FL 33311

**AIM:** Encourage individuals to think and reflect about Peace.  
**MATERIALS:** Tree, pencils, wish tags.  
**TIME:** Choose Peace Week Sept. 20-27 or Month of September

### INSTRUCTIONS

Choose an existing tree or create a large tree display in a visible location preferably shaded from rain if outdoors. Suitable locations indoors could be a lobby, reception area, cafeteria, fitness center, etc. Note when choosing a tree outdoors, trees are traditionally native, local and indigenous.

Create a large sign inviting students, visitors, staff, etc., to hang their message or quote for Peace in your **IMAGINE PEACE WISH TREE**. To create wish tags you can use paper and string (use our template for tags) or buy pre-strung white gift tags. If outdoors, we suggest using waterproof paper. Download materials, signs and view video at [www.choosepeacestopviolence.org](http://www.choosepeacestopviolence.org)

### DISPLAYING THE TREE

Display during Choose Peace Week and/or International Peace Month. Place tags in a basket or box, add pencils and display the Imagine Peace Wish sign encouraging everyone at school, workplace, or community to participate

**About the Imagine Peace Tower:** the tower stands on a platform 17m in diameter. Around the cylindrical Wishing Well, which is the frame for the column of light, there is a platform faced with three types of native Icelandic stone. At the centre of the platform the light emerges from a cylindrical Wishing Well, 4m in diameter and 2m high. The construction and installation of the **IMAGINE PEACE TOWER** has been a collaboration between Yoko Ono, the City of Reykjavik, the Reykjavik Art Museum and Reykjavik Energy.
