SUMMARY AND BACKGROUND

District Educational Facilities Plan FY17

This District Educational Facilities Plan (DEFP-FY17), covers the five-year period beginning July 1, 2016 and ending June 30, 2021. This plan sustains funding for the SMART Program and other projects that were approved in the DEFP that was adopted on September 8, 2015. This plan includes:

- Updated Revenue Projections
 - July 1 Certified Taxable Property Value estimates that are higher than previously projected
 - Adjustments in E-Rate Projected funding
- Increase in Reserves
 - Additional \$14 million to the capital reserve bringing the total capital reserve to \$75 million
 - The capital reserve is available for additional funding needs for SMART Program projects, legal settlements related to construction projects, emergency funding in the event of a hurricane or other natural disaster, and any other capital outlay projects/program
 - Use of the capital reserve requires School Board approval
- \$20.4 million in funding for Superintendent and Cabinet recommendations that were presented and discussed at the June 21, 2016 School Board Workshop on the DEFP

The SMART program is currently \$987.5 million and is supported with funding from the \$800 million General Obligation Bond (GOB) and \$187.5 million in other capital outlay funding. The SMART program is mostly unchanged from the DEFP FY16. During the 2015-16 fiscal year the Board approved some minor changes to projects in the SMART program which are included in the DEFP-FY17.

At the June 21, 2016 School Board Workshop the Board was presented with a plan to accelerate SMART funding for the Single Point of Entry projects, and some of the schools recommended for accelerating have other projects that are currently funded and would benefit from completing the projects together.

Changes to the SMART Program projects are indicated by a redline strike-through and blue underlined projects.

Section one (1) of the DEFP includes school by school details that roll up to the summary schedule of the SMART Program on page one.

Section two (2) of the DEFP includes details of the proposed appropriations along with appropriations that were approved prior to fiscal year 2017. The details in Section 2 roll up to the appropriations summary schedule on page 3 which also include the available funding for the SMART Program in Section one (1) and Superintendent and Cabinet Recommendations in Section (3).

Section (3) is a detailed list of the Superintendent and Cabinet recommendations.

The Appendix section includes other information that is required by section 1013.35, F.S. and the CCC Settlement Agreement to be included in the DEFP. The appendix schedules include: the Portable Transition Plan, Public School Concurrency / Level of Service Plan (LOS) and the Allocation of Resources.

Item 1. Amendment Second Public Hearing - DEFP

Motion to Amend (Carried)

Motion was made by Mrs. Rich Levinson, seconded by Mrs. Good and carried, to add \$1 million to Transportation from the Reserves in order to purchase an additional 180 buses and 120 white fleet for the purpose of putting the District back on the five-year plan for buses and white fleet. The Board's intent would be to replace the \$1 million in Reserves from project funds that were cut if not used.

Broward County Public Schools

District Educational Facilities Plan FY17

This District Educational Facilities Plan (DEFP-FY17), covers the five-year period beginning July 1, 2016 and ending June 30, 2021. This plan sustains funding for the SMART Program and other projects that were approved in the DEFP that was adopted on September 8, 2015. This plan includes:

- Updated Revenue Projections
 - o July 1 Certified Taxable Property Value estimates that are higher than previously projected
 - o Adjustments in E-Rate Projected funding
- Increase in Reserves
 - o Additional \$14 million to the capital reserve bringing the total capital reserve to \$75 million
 - o The capital reserve is available for additional funding needs for SMART Program projects, legal settlements related to construction projects, emergency funding in the event of a hurricane or other natural disaster, and any other capital outlay projects/program
 - Use of the capital reserve requires School Board approval
- \$20.4 million in funding for Superintendent and Cabinet recommendations that were presented and discussed at the June 21, 2016 School Board Workshop on the DEFP

The SMART program is currently \$987.5 million and is supported with funding from the \$800 million General Obligation Bond (GOB) and \$187.5 million in other capital outlay funding. The SMART program is mostly unchanged from the DEFP FY16. During the 2015-16 fiscal year the Board approved some minor changes to projects in the SMART program which are included in the DEFP-FY17.

At the June 21, 2016 School Board Workshop the Board was presented with a plan to accelerate SMART funding for the Single Point of Entry projects, and some of the schools recommended for accelerating have other projects that are currently funded and would benefit from completing the projects together.

Changes to the SMART Program projects are indicated by a redline strike-through and blue underlined projects.

Section one (1) of the DEFP includes school by school details that roll up to the summary schedule of the SMART Program on page one.

Section two (2) of the DEFP includes details of the proposed appropriations along with appropriations that were approved prior to fiscal year 2017. The details in Section 2 roll up to the appropriations summary schedule on page 3 which also include the available funding for the SMART Program in Section one (1) and Superintendent and Cabinet Recommendations in Section (3).

Broward County Public Schools

Section (3) is a detailed list of the Superintendent and Cabinet recommendations that were presented at the Board Workshop on June 21, 2016.

The Appendix section includes other information that is required by section 1013.35, F.S. and the CCC Settlement Agreement to be included in the DEFP. The appendix schedules include: the Portable Transition Plan, Public School Concurrency / Level of Service Plan (LOS) and the Allocation of Resources.

Glossary of Terms

1. GOB:

Renovation projects and technology for District owned schools and charter schools, funding from general obligation bond proceeds of \$800 million.

2. SMART Program:

Includes Safety, Music & Arts, Facility projects and Technology (funding sources are GOB and other capital funding of \$187 million, totaling \$987 million).

3. Program Years (SMART):

Program Years 1 through 5 refer to the year that funding is identified for SMART Program projects.

Program Year 1 2015	Program Year 2 2016	Program Year 3 2017	Program Year 4 2018	Program Year 5 2019
---------------------------	---------------------------	---------------------------	---------------------------	---------------------------

4. Adopted District Educational Facilities Plan FY16 (DEFP-FY16):

The District Educational Facilities Plan (DEFP) adopted by the School Board on September 08, 2015.

5. District Educational Facilities Plan (DEFP-FY17)

An update to the DEFP-FY16 that includes revised revenue projections, updated appropriations and Superintendent and Cabinet recommendations for new funding.

6. Fiscal Years:

The fiscal year beginning July 1, 2016 to June 30, 2017 is the fiscal year 2017.

Fiscal Year 2017	Fiscal Year 2018	Fiscal Year 2019	Fiscal Year 2020	Fiscal Year 2021
---------------------	---------------------	---------------------	---------------------	---------------------

7. SMART Website:

Projects Listed on the District's SMART Website,
<http://browardschools.com/smartfutures>

8. Carryover FY 2016:

The balance of capital funds approved prior to fiscal year 2017.

9. School Choice Enhancement:

Funding will be allocated (\$100,000 per school) for a school-based, school-choice project to improve the condition of an instructional or educational space at each District Owned school. School Choice Enhancement projects are included in the SMART Program.

10. District Wide Funding:

Funding/project for locations other than school locations.

11. Building Replacement:

Requires additional analysis by the Design Professional when hired to determine if the building is in a condition that would warrant replacement or if the building is sufficiently structurally sound that would make improvements appropriate.

FF&E		961,406					961,406	Furniture, Fixtures and Equipment (FF&E) in support of capital related projects, replacement FF&E, and additional school needs.

District Wide Non-Facility Funding

District Educational Facilities Plan

Project	Carryover FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	Total	Scope
Gender/School Equity Athletic Equipment	28,804	181,000					209,804	Pursuant to Title IX and the CCC Settlement, the School Board of Broward County must ensure that no disparities in athletic equipment and facilities exists among high schools. This appropriation has allowed the District to maintain athletic equity and avoid Title IX complaints and lawsuits, FHSAA action and CCC/Diversity Committee action. Each high school receives an allocation of approximately \$5,000 in capital funding to purchase equipment during the school year. The account is maintained by the Department of Athletics and Student Activities for each high school. It is important to realize that each high school offers 24 athletic programs and receives only \$24,000 in general funds to meet the needs of their athletic program. Capital funding is critical to ensure the school has the required equipment/facilities to maintain their programs in accordance with FHSAA and NFHS. Approximately \$37,000 of the \$181,000 appropriation is utilized for emergencies and BCAA special events.
Lightning Protection Replacement		450,000					450,000	The lightning protection systems at 20 schools that were severely damaged and require replacement.
Magnet Program Equipment	381,892	385,000					766,892	The capital funds requested will support magnet programs with theme specific equipment aligned with curriculum and instruction. Below are the magnet program themes for the 2016-2017 school year. Alternative Energy, Environmental Sciences, Global Environmental, Marine Sciences, Performing & Visual Arts, Science/Pre-Engineering, STEM, Turnaround Arts, International Studies and Technical. (See Appendix D)
Maintenance Transfer	5,000,235	64,368,000	62,025,000	62,025,000	60,025,000	59,025,000	312,468,235	Maintenance Transfer

District Educational Facilities Plan

Project	Carryover FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	Total	Scope
Middle School/Special Centers Athletic Equipment Funding	2,180	22,500					24,680	Middle schools offer 6 boys/girls athletic sports and receive no general funding for their athletic programs. The \$500 capital allocation allows middle schools to purchase basic equipment needs to run their athletic programs (i.e. volleyball standards, volleyball nets, soccer goals, soccer nets, flag football chain markers, basketball scoring tables). Special centers are accorded the same allocation to run their intramural athletic programs. Approximately 6,000 students participate in middle school sports programs. Capital funds need to be increased over 5 year period from \$500 to \$1,000 dollars to address equipment needs.
Non-Facility Projects	1,162,000						1,162,000	Previously approved non-facility projects
Non-Facility Projects - BECON	968,618						968,618	BECON Projects
Non-Facility Projects - Information & Technology	3,366,238						3,366,238	Previously approved Information & Technology projects including KRONOS, campus-wide wireless, hardware upgrades, and WAN
Non-Facility Projects - Music Equipment Replacement & Repairs	799,144						799,144	Music Equipment Replacement & Repairs
Phone Upgrade Project	1,592,289	1,000,000					2,592,289	Continue the replacement of aged and out of warranty telephone systems at schools and administrative sites with the currently supported district standard VoIP system.
Pool		45,713					45,713	Additional Needs - Pool Rental and Supplies

District Wide Non-Facility Funding

District Educational Facilities Plan

Project	Carryover FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	Total	Scope
Pool Upkeep	144,728	474,000					618,728	The School Board is responsible for the upkeep of the 19 swimming pools located on school campuses and must comply with all Broward County Health rules and federal regulations for these pools. Proper upkeep is a safety and health issue that involves chemical balancing and pool repairs (remarciting, replacing heaters, pool lighting, etc.). Costs estimated for all 19 pools is \$474,000. Pools must be operational for interscholastic sports: swimming, diving and water polo. Most District pools are over 30 years old and repair costs are continually increasing.
Portable Demolition & Moves	1,047,406	1,321,523					2,368,929	The disposition of portables currently deemed as unsatisfactory by Florida Department of Education (FLDOE) in the school District as Florida Inventory of School Houses (FISH) database, due to the compromising effects on the structural integrity or excessive physical deterioration. The move of three portables to Cypress Bay Senior High School to meet the student enrollment projected for the 2016/17 school year. (See Appendix A)
Quality Assurance		170,000	170,000	170,000	170,000	170,000	850,000	Quality Assurance
Reserves - Capital Reserve	61,000,000	14,417,429					75,417,429	Capital Projects Reserve
Reserves - Unassigned Reserve FY18 - F21			38,085,000	25,688,000	75,113,000	87,550,000	226,436,000	Unassigned Reserve FY18 - FY21
Security Systems	944,595	1,000,000					1,944,595	Begin the assessment and replacement of aged security systems across the District.

District Wide Non-Facility Funding

District Educational Facilities Plan

Project	Carryover FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	Total	Scope
Stadium Sound Systems	70,444	120,000					190,444	Replace the stadium sound systems at six high school stadiums: Flanagan, Blanche Ely, South Plantation, Miramar, Hallandale, and Deerfield Beach. The safety and health of all patrons at stadiums is contingent on hearing instructions and information. Inadequate sound systems are a safety hazard. The health and welfare of fans is an issue if you cannot hear stadium warnings (i.e. lightning, stadium fights, emergency situations) in the stands or parking lots. Over the past year, the District has made a concerted effort to replace sound systems in athletic stadiums. To date, nine of the 23 on-site stadiums have replaced their sound systems. It is recommended that the phase-in of new sound systems continue. The average cost of a new stadium sound system by Board approved vendor is \$20,000.
Stadium Upkeep	24,545	90,000					114,545	Stadium Maintenance
Track and Field Equipment		200,000					200,000	Track and field is the number two participatory sport in the district for students. One of the district athletic priorities is the upgrading of tracks. The district standard is for every high school to have a polyurethane rubberized track available for track and field programs and physical education. Stranahan and Hollywood Hills shall be allocated \$50,000 in 2016-17 to purchase track and field equipment for their new program. Approximately \$100,000 is requested to replace old and worn out high jump pads and pole vault pits at other public high schools. High schools do not have the economic resources to purchase track and field equipment (i.e. pole vault pit costs \$21,000).

District Wide Non-Facility Funding

District Educational Facilities Plan

Project	Carryover FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	Total	Scope
Turf Resurfacing		200,000					200,000	Due to high use of athletic football fields during the school year, many football fields are reduced to dirt. It costs approximately \$100,000 to re-sod a football field. Eligible football fields will be assessed by the Department of Athletics and Student Activities and Maintenance to determine the fields that are in the poorest condition.
Workforce Education	4,876,897						4,876,897	Workforce Education
Wrestling Mats		90,666					90,666	The life span of wrestling mats is approximately 10 years. District purchased new wrestling mats for all high schools approximately 11 years ago. The purchase of new wrestling mats will improve the safety and health of wrestling by protecting wrestlers from concussions and body blows. The cost of a new wrestling mat is approximately \$9,380.

Portable Transition Plan

Part I: Inspection, Disposition, Demolition

Currently, the Broward School District has a total of 1,882 portables in its inventory. Per feedback received from the Florida Department of Education (FDOE), portables deemed as Fail Standards¹ or Unsatisfactory² can be demolished and cannot be used for instructional purposes. Additionally, the portables have to be declared surplus by the School Board of Broward County, Florida (SBBC).

At this time, 77.4% of the portables are designated for instructional use in Elementary, Middle and High Schools, 5.9 % are designated for instructional use in Adult Educational Centers, Technical Colleges and Alternative Centers, 16.1% are designated for administrative use and 0.6% are located in other sites (Juvenile Detention Centers). Of the 1,882 portables in the inventory, 18.7% are currently slated for disposition.

Table 1 - Portable Conditions – Fiscal Year 2016/17

Facility	*Total Portables Remaining in the District's Inventory	Total Portables in Satisfactory Condition	Total Portables in Unsatisfactory Condition ^{(1) - (2)}	Total Portables Slated for Disposition ⁽³⁾	Total Portables Demolished ⁽⁴⁾	Total Portables Use Percentage
Elementary	529	406	123	123	48	28.1%
Middle	399	287	112	105	65	21.2%
High	528	404	124	121	49	28.1%
Centers	111	108	3	3	0	5.9%
Administration	304	168	136	0	3	16.1%
Other Sites	11	11	0	0	0	0.6%
TOTAL	1,882	1,384	498	352	165	100%
*Number of Portables adjusted due to existing portables at combined/converted schools (Gulfstream of Hallandale Beach and Henry D. Perry Education Center), as previously approved by the School Board.						

During Fiscal Year 2015-16, District staff has been working diligently and collaboratively toward inspection and ultimately the demolition of the portables that have been deemed unsatisfactory. For the portables scheduled in Fiscal Year 2015-16, 191 portables were slated for demolition; 116 portables were demolished by June 30, 2016, and the remaining balance of 75 portables will be demolished by the end of January 2017. The Physical Plant Operations (PPO) Department is tasked with demolishing all the cited portables.

¹Portables were deemed to have failed Standards by the Florida Department of Education (FDOE) because these portables did not meet some of the 17 criteria. Therefore, such portables were not affixed with the required DCA (Department of Community Affairs) insignia by the FDOE.

²Portables deemed unsatisfactory: Are typically due to compromising effects on the structural integrity, or excessive physical deterioration of the portable facility.

³Portables slated for disposition were approved by the School Board at regular School Board meetings on December 9, 2014 and May 19, 2015. The total includes portables located at New River Circle Site that will be left in place to be disposed of by a potential buyer of the site when the site is sold as-is once a portable replacement process/design has been completed for Falcon Cove Middle and Cypress Bay High.

⁴Portables demolished from FY 2013-14 through FY 2015-16.

Based on the District's annual inspection of portables, 220 additional portables have been deemed unsatisfactory by FDOE due to the compromising effects on the structural integrity, or excessive physical deterioration. However, of the 220 portables deemed unsatisfactory, Physical Plant Operations (PPO) has determined due to logistical challenges, it can only demolish 126 portables by the end of Fiscal Year 2016/17.

Additionally, \$254,323 is requested to replace capital reserves funds used to move three (3) portables to Cypress Bay High School as noted in the District Educational Facilities Plan (DEFP) Fiscal Year 2016/17 to 2020/21 to meet the student enrollment projected for the 2016/17 school year of which approximately \$88,780 is estimated to be District in-house labor ⁽⁴⁾. Adjacent capacity is not available at neighboring high schools to potentially absorb the projected enrollment.

Therefore, in Fiscal Year 2016/17 to 2020/21, a total amount of \$1,321,523 is being requested to replace capital reserves funds and fund the demolition of 126 portables. (\$254,323⁽⁴⁾ to move 3 portables, \$1,067,200⁽⁵⁾ to demolish 126 portables).

On an ongoing basis, District staff will continue to work with school principals to examine and process additional portables that could be deemed as unsatisfactory, be qualified to be declared as surplus, and be subsequently demolished. Upon demolition of these portables, the data regarding portables in the District's inventory will be updated in the appropriate District databases such as, but not limited to, the District's Planning Tool for School Enrollment and Capacity.

⁴Portables move estimated cost provided by the Physical Plan Operations.

⁵Technology cabling infrastructure average cost to relocate and re-connect the remaining portables as provided by IT Department

Table 2 – List of Portables slated for Disposition/Demolition

	Location	Number of Units	² Estimated Cost
1	Bair Middle	12	\$74,400
2	Banyan Elementary	8	49,600
3	Castle Hill Elementary	5	31,000
4	Deerfield Beach Middle	8	49,600
5	Horizon Elementary	1	6,200
6	Lyons Creek Middle	11	68,200
7	Miramar Senior High	22	136,400
8	Plantation Senior High	9	55,800
9	Ramblewood Middle	20	124,000
10	Rickards James S. Middle	7	43,400
11	South Plantation Senior High	11	68,200
12	Tradewinds Elementary	8	49,600
13	Village Elementary	3	18,600
14	Watkins Elementary	1	6,200
	¹ Subtotal	126	\$781,200
11	Technology cabling infrastructure re-routing ³		286,000
	³ Subtotal		286,000
	Grand Total	126	1,067,200
12	Planned portables move to Cypress Bay High School ⁴	3	254,323
	Funds Requested for Portable Demolition Fiscal Year 2016/17		1,321,523
¹ Portables slated for disposition approved by the School Board at regular School Board meeting on March 1, 2016			
² Portable cost is based on data provided by the Physical Plant Operations Department, 7/20/2016			
³ Technology cabling infrastructure average cost to relocate and re-connect the remaining portables as provided by IT Department includes Fiscal Year 2015-2016 (\$170,500 for related 75 portables) and Fiscal Year 2016-2017 (\$115,500 for related 126 portables)			
⁴ Cost includes the in-house labor (\$88,780) associated with the portables relocation to Cypress Bay High School approved on May 17, 2016, out of capital reserves funds.			

Portable Transition Plan

Part II: Construction of Covered Walkways at Identified Schools

The Portable Transition Plan is called for in the State Requirements for Educational Facilities (SREF). The purpose is to identify schools that have useful portables for instructional purposes where a covered walkway could be constructed to fulfill the required Transition Plan.

Criteria for the selection of the schools

1. Identify portables needed for instructional purposes – **(Completed)**
2. Examination of the five-year student enrollment projections and Level of Service Standard (LOS) – **(Completed)**
3. Determination of the youngest portables at the school site or those purchased after 1998– **(Completed)**
4. The portables are arranged in a cluster type setting – **(Completed)**

This analysis determined that the schools listed below met the above selection criteria and as such qualify for the construction of covered walkways at the campuses.

Table 3 - List of Schools Slated for Covered Walkways

	Schools Location	Number of Portables	Estimated Cost ¹
Year 1	Horizon Elementary*	2	\$225,000
	Pinewood Elementary*	5	540,000
	Westglades Middle	13	672,000
	Subtotal	13	\$672,000
Year 2 ²	Gator Run Elementary	16	
Year 3 ²	Deerfield Beach Elementary	3	
Year 4 ²	Tradewinds Elementary	8	
Year 5 ²	Castle Hill Elementary	12	
	Total	52	
¹ Covered Walkway estimated cost provided by the Office of Facilities & Construction.			
² Year 2 through Year 5 may change based on annual enrollment projections.			
*The five-year student enrollment projections dropped below the school capacity. Therefore, the school does not meet the criteria for construction of the covered walkways.			

At this point, the Office of Facilities and Construction (OFC) is conducting the selection of a Construction Services Minor Projects Vendor (CSMP) or an alternative bidder. After the evaluation and selection of the qualified vendor to construct the covered walkways at schools identified in the currently adopted 2015/16 District Educational Facilities Plan (DEFP), OFC staff will utilize the funds (\$527,200) allocated in the DEFP to fund the construction of the covered walkways which will be completed by June 2017.

Analysis to construct the next covered walkways has identified Westglades Middle School as the recipients of covered walkway for Fiscal Year 2016-17. The funds requested for the construction of the covered walkways are \$672,000. The OFC will commence the construction process as soon as the funds are approved in the 2016/17 DEFP. Thereafter, OFC will initiate the vendor, and subject building permit process to enable construction of the covered walkways. The goal is to complete the covered walkways by June 30, 2017.

PUBLIC SCHOOL CONCURRENCY

Background

In Florida state law, concurrency means the implementation of a system whereby the provision of public facilities and services that are needed to serve proposed development is available at the time the impact of the development occurs. In Broward County, residential development cannot be approved until a determination from the School District has been issued, which indicates there is sufficient school capacity available to serve the proposed development. This requirement is codified in the Second Amended Interlocal Agreement for Public School Facility Planning (ILA), a contract between the School Board, Broward County, and 27 municipalities which establishes a public school concurrency management system. The purpose of this system is to create a mechanism which provides for the coordination of planning among the school district, county, and municipalities to meet the purposes of concurrency. In compliance with amended School Board Policy 1161 (which delineates the District's public school concurrency management system) and which became effective on January 15, 2008, the District commenced the implementation of public school concurrency on February 1, 2008. Subsequently, the local governments in Broward County adopted public school concurrency into their comprehensive plans.

Comprehensive Plan

For information purposes, a comprehensive plan prescribes the principles, guidelines, and standards for the orderly and balanced future economic, social, physical, environmental, and fiscal development of a jurisdiction (such as a county or municipality). Each comprehensive plan must contain several “elements” that address key issues such as land use, capital improvements, sewer and solid waste, potable water, housing, and intergovernmental coordination. With the implementation of public school concurrency, the county and each municipality within the county – unless exempt – added a public school facilities element to their comprehensive plan, and amended any existing elements that relate to the school facilities element.

Because public school concurrency is implemented district-wide, the public school facilities element must be consistent with those adopted by the other local governments within the county and must be based upon data and analyses that address, among other items, how the Level of Service (LOS) Standard will be achieved and maintained. The LOS Standard for school facilities is the maximum permissible school utilization rates relative to capacity. The element also contains goals which establish the long-term end toward which public school programs and activities are ultimately directed, contains measurable objectives for each goal that mark progress toward the goal, and contains policies for each objective that establish the way programs and activities will be conducted to achieve the goal.

The Role of the Adopted Five-Year District Educational Facilities Plan

Under public school concurrency, the School District must create a five-year capital plan regarding the provision of needed capacity (classroom additions and/or improvements to existing schools, new schools) to meet the adopted LOS Standard. This plan must show where and when capacity additions will be built, and must also show exactly where the money to build the additions will come from.

The LOS Standard was established jointly in the ILA by the School Board, Broward County and 27 Municipalities within the County. In 2008, the initial LOS Standard was 110% permanent Florida

PUBLIC SCHOOL CONCURRENCY

Inventory of School Houses (FISH) capacity. For public school concurrency, the LOS Standard refers to the standard at which a public school facility is expected to operate based upon the “capacity of the facility”. For public school facilities, the LOS Standard is expressed as the percentage or ratio of student enrollment to the student capacity of the school. The five-year Capital Improvement Plan (CIP) therefore, must contain enough capacity improvements to achieve and maintain the adopted LOS Standard. In Broward County, the School Board, Broward County and pertinent municipalities have agreed that the Five-Year District Educational Facilities Plan (DEFP) shall serve as the CIP and shall be adopted into the Broward County’s and pertinent municipalities’ comprehensive plans.

In 2010, the ILA was amended (Second Amended ILA) to temporarily change the LOS Standard from 110% of permanent FISH capacity to 100% gross FISH capacity. This amendment allowed the LOS Standard to include the capacity from relocatables until the 2018/19 school year. Commencing in the 2019/20 school year, the LOS Standard reverts back to 110% permanent FISH capacity. In 2014 in compliance with the directive contained in the Second Amended ILA, the Oversight Committee for Implementation of the Second Amended Interlocal Agreement for Public School Facility Planning (“Oversight Committee”) in coordination with the School Board, the County and the Municipalities assessed the viability of reverting back to the 110% permanent FISH capacity LOS and subsequently established a “Hardship School Concept”. A Hardship School is defined as a Concurrency Service Area (CSA) that does not

have sufficient available capacity in the DEFP to meet the LOS Standard, and there is insufficient excess permanent capacity available in a single immediately adjacent CSA in the same Planning Area to relieve the LOS Standard deficiency. This Hardship definition provides similar flexibility to the School District in meeting the LOS Standard as the law mandates for a developer proposing residential development in a CSA that does not meet the LOS Standard, and the District must examine adjacent CSAs for available excess capacity and shift the development impact there instead of recommending denial of the project. The concept would allow the LOS Standard at a Hardship School to be increased from 110% of permanent FISH capacity up to 100% of gross capacity (including relocatables) until such time as sufficient permanent capacity is made available at that school to relieve the LOS deficiency. This Concept is designed to avoid a disruptive domino boundary scenario when there are viable relocatable classrooms available on a school campus. Upon approval of the Oversight Committee at their June 6, 2014 meeting, to allow utilization of the hardship school concept, the Concept was incorporated into the Oversight Committee’s Interpretation Document, which addresses ILA anomalies, and into School Board Policy 1161, which was amended in January 2015. In compliance with School Board Policy 1161, the Hardship School criteria contained therein is annually evaluated for each elementary, middle and high school to determine which schools meet the temporary Hardship School definition. Each year, the schools that qualify for Hardship status shall be codified in the LOS Plan of the DEFP. Upon review of the District’s data for the 2016/17 to 2020/21 DEFP, there are no schools that will utilize the Hardship School Concept to meet LOS in the 2019/20 school year (or beyond). Per Section 8.10 (a) of the Second Amended ILA, the School Board may also utilize relocatable classrooms on a temporary basis as an operational solution during the replacement or expansion of school facilities, which is the case for Falcon Cove Middle, Cypress Bay and Charles Flanagan High Schools.

Currently, the Second Amended ILA requires the District to annually transmit the Tentative DEFP to local governments for review to determine consistency of the Tentative Plan with pertinent local government comprehensive plans. Subsequently, the Second Amended ILA requires that each

PUBLIC SCHOOL CONCURRENCY

year after formal adoption of the DEFP by the School Board, the District will transmit the Plan to the County and municipalities for adoption and incorporation into their respective comprehensive plans.

Under public school concurrency, a local government may approve a development if adequate public school facilities (contained within the first three (3) years of the DEFP) will be in place or under actual construction within three (3) years after the development receives final approval. Subsequently, if adequate public school facilities are not available, a developer may pay, if accepted by the School Board, the cost of the improvement (proportionate to the demand that the project is generating, otherwise known as proportionate share mitigation) needed to satisfy the demand created by that development. Upon acceptance of the “proportionate share mitigation” by the School Board, the School Board must amend the Five-Year DEFP to incorporate that improvement within the first three (3) years of the Plan, and provide the capacity associated with the improvement within three years after the proposed development receives final approval from the local government.

Long Term Plan

The Second Amended ILA requires the School District to review proposed residential developments regarding changes to future land use comprehensive plans and rezoning applications that may impact public schools, against a long term (ten year) planning horizon. Also, the law requires school districts to create a long term plan to enable such analysis and planning for future needed public facilities (capacity additions or new school). To meet this requirement, the DEFP includes capacity improvements anticipated over the long term planning horizon (10 years).

Level of Service Plan

The LOS Plan is a matrix that contains the data to demonstrate each elementary, middle and high school’s ability to meet the adopted LOS Standard during each DEFP period by calculating the projected enrollment divided by the LOS capacity of the facility. As previously stated, the LOS Standard is the maximum permissible school utilization rate relative to capacity. Up until the end of the 2018/19 school year, the LOS Capacity is 100% gross capacity and commencing in the 2019/20 school year, the LOS Capacity will be 110% permanent FISH capacity. The LOS Plan therefore shows the projected enrollment for each of the five years covered by the DEFP divided by the LOS Capacity of each school. It should be noted that adjustments are made to the LOS Capacity of pertinent schools to include capacity from Qualified Relocatables (defined as relocatables that were purchased after 1998 and meet the standards for long-term use) as mandated by Section 163.3180(6)(e), Florida Statutes. To be deemed a financially feasible plan, the DEFP must demonstrate that the LOS Standard can be achieved and maintained at each (bounded) elementary, middle and high school over the five-year period.

Data contained within this Level of Service Plan reflects information available at the time of printing.

Level 1 Meets Level of Service

* LOS will be met via School Board Policy 5000

Level 2 Does not meet Level of Service

** LOS Capacity continues at 100% gross in 2019/20 due to planned classroom addition

Projected Enrollment as of Spring 2016 Update

Q LOS Capacity includes qualified relocatable capacity as mandated by S. 163.3180(6)(e), Florida Statutes

1 Does not reflect capacity reduction from transference of Modular Classrooms from site to Heron Heights and Park Trails Elementary Schools, approved by the School Board on May 17, 2016

2 Does not reflect relocation of three portables to site approved by the School Board on May 17, 2016

3 Impacted by reconfiguration of Hallandale K-8 Facility, which is still awaiting capacity approval by State

Data contained within this Level of Service Plan reflects information available at the time of printing.

Level 1 Meets Level of Service

Level 2 Does not meet Level of Service

Projected Enrollment as of Spring 2016 Update

FISH as of April 2016

* LOS will be met via School Board Policy 5000

** LOS Capacity continues at 100% gross in 2019/20 due to planned classroom addition

Q LOS Capacity includes qualified relocatable capacity as mandated by S. 163.3180(6)(e), Florida Statutes

1 Does not reflect capacity reduction from transference of Modular Classrooms from site to Heron Heights and Park Trails Elementary Schools, approved by the School Board on May 17, 2016

2 Does not reflect relocation of three portables to site approved by the School Board on May 17, 2016

3 Impacted by reconfiguration of Hallandale K-8 Facility, which is still awaiting capacity approval by State

Level 1 Meets Level of Service

Level 2 Does not meet Level of Service

Projected Enrollment as of Spring 2016 Update

FISH as of April 2016

* LOS will be met via School Board Policy 5000

** LOS Capacity continues at 100% gross in 2019/20 due to planned classroom addition

Q LOS Capacity includes qualified relocatable capacity as mandated by S. 163.3180(6)(e), Florida Statutes

1 Does not reflect capacity reduction from transference of Modular Classrooms from site to Heron Heights and Park Trails Elementary Schools, approved by the School Board on May 17, 2016

2 Does not reflect relocation of three portables to site approved by the School Board on May 17, 2016

3 Impacted by reconfiguration of Hallandale K-8 Facility, which is still awaiting capacity approval by State

Data contained within this Level of Service Plan reflects information available at the time of printing.

Level 1 Meets Level of Service

* LOS will be met via School Board Policy 5000

Level 2 Does not meet Level of Service

** LOS Capacity continues at 100% gross in 2019/20 due to planned classroom addition

Projected Enrollment as of Spring 2016 Update

Q LOS Capacity includes qualified relocatable capacity as mandated by S. 163.3180(6)(e), Florida Statutes

1 Does not reflect capacity reduction from transference of Modular Classrooms from site to Heron Heights and Park Trails Elementary Schools, approved by the School Board on May 17, 2016

2 Does not reflect relocation of three portables to site approved by the School Board on May 17, 2016

3 Impacted by reconfiguration of Hallandale K-8 Facility, which is still awaiting capacity approval by State

ALLOCATION OF RESOURCES**(CCC Settlement Agreement – Condition #8)**

The Citizens Concerned about our Children (CCC) Settlement Agreement specifies nine conditions, each of which is intended to ensure that diversity and equity is promoted within Broward County Public Schools. Under each condition of the Agreement, the BCPS with the cooperation of the District's Diversity Committee established standards to address the terms of the Agreement. Condition #8 of the CCC Settlement with the School District requires that the 5-year capital plan and subsequent 5-year capital plans be developed using a structured public analysis.

The District's needs are far beyond what is allocated in this plan but an effort was made to provide resources to improve existing schools to achieve the District's mission of educating all students to reach their highest potential. This 5-year capital plan is an equitable funding plan. All of the dollars allocated in the plan are for schools that are already in operation, to service the debt on the construction financing for many of these schools and to support educational programs at schools throughout the County. The District is committed to updating and upkeeping all schools in a condition that meets the needs of the students and provides benefit to the communities. The District believes that this plan fulfills condition #8 of the CCC Settlement Agreement with regard to the equitable allocation of capital outlay funds.

10 AND 20 YEAR PLAN

Over the next 10 and 20 years, there are many capital funding needs in the Broward County School District. The District will continue to assess and evaluate the capital needs in its determination to renovate, update and modernize its facilities.

2016-2017 Magnet Program Capital Requests

Magnet Program Capital Background

WHY CAPITAL IS NEEDED?

- To ensure students are prepared for both college and careers
- To ensure that the equipment is up to date with industry standards for the specific Magnet themes
- To close the gap created during 2008-2014 when \$0 capital funding was allocated to Magnet programs for industry standard equipment; without funds to upgrade or replace needed capital

WHAT IS THE RETURN ON INVESTMENT?

- Increases/Stabilizes Enrollment at the Magnet Schools
- Ensures students are prepared for both college and 21st century careers

WHEN IS CAPITAL NEEDED?

- Every five years the theme is reviewed for upgrades/replacement of needed equipment

2016-2017
Magnet Program Capital Requests
Themes with STEM & International Studies
\$385,000 Total Request

Elementary Schools /Theme	Sampling of Needed Capital	Funding Allocation
Palmview • Global Environmental	Handheld GPS devices, probeware, and LCD projectors, microscopes, calipers, robots and drones	\$30,00
Riverland • International Studies	Mobile Language Lab and LCD projectors TOTAL	<u>\$25,000</u> \$55,000
Middle Schools /Theme	Sampling of Needed Capital	Funding Allocation
Crystal Lake • STEM	Vernier Labquest devices, probeware, 3D printer	\$40,000 Each School
New River • Marine Sciences	ROV Sea Perch, Cameras and tools for sampling on ROV, Fish Tanks, Solar panels, GIS camera, Handheld GPS devices TOTAL	\$80,000

2016-2017 Magnet Program Capital Requests

Magnet Themes with STEM & International Studies Focus

High Schools /Theme	Sampling of Needed Capital	Funding Request
Blanche Ely Science/Pre-Engineering	3D printer, 3 in 1 Lathe/mill/drill machine, Arduino micro computers	\$50,000
Northeast Alternative Energy	Solar Panel Kit, Wind Tower, Vernier Labquest w/ probes, GLS Camera, and Ripple Tank System	\$50,000
South Broward Marine Sciences	Ship's wheelhouse and engine room simulators, Hydrosome	\$50,000
South Plantation Environmental Sciences	Drone, robot kits, solar car motor, computer tables, cameras, telescope, fish tank pumps, generator and laptops for water bus	\$50,000
Stranahan Science/Pre-Engineering	3D printers, classroom robotic kits, drones, tools for engineering lab TOTAL	\$50,000 \$250,000
