Principal's Report (Mr. Peters):

Mr. Peters shared that our enrollment wasn't what it was projected to be, we were projected 1300 but we have 1259. Every school has FTE , \$500 for each student that is in attendance, in February and October. We had to condense two classes due to budget from 9 kindergarten to 8 , from 11 first grade classes to 10. We are trying to purchase a piece of curriculum that our 3rd, 4th and 5th grade teachers need to help work on standards with student groups. We have \$3320.00 left of SAC money that we would like to be used on this reading curriculum, that will be able to help the kids work on the standards. This was approved.

Assistant Principal's Report (Mrs. Brown):

SIP Plan-

Professional Learning Communities , Response to Intervention, Social Emotional Learning , School-wide Positive Behavior Plan (Character traits), Attendance plan, School Counseling plan, Equity plan, (Mrs. Ward reports we needed mandates in newsletter, things are said on WGRE and that teachers are sharing with each other) The students who need extra report , SAC, Survey results , Family and community)

Zones of regulation- self regulation- Green, Yellow, Blue and red zones. This is taught through reading stories and discussing what zones characters are in.

Student AMBASSADROS

Doing a lesson on no place for hate, this way the kids are trained to hear negative thoughts and know what to say.

Next week is start with hello week (from sandy hook) stop social isolation , be able to start with hello and interact with different students and make new friends. Grades 3-5 will have mixed up table seats so that they sit with new students who they haven't sat with.

Ms.Weinstock has icebreakers for K-2
