Ends January- We are using some of our instructional funds to renew. We need an additional \$1646.58 to renew in January. This will help reach our goal of balancing our utilization of leveled literature and informational text. Raz-Plus is a comprehensive blended learning platform that includes the curricular support teachers need and the personalized resources necessary to improve students' reading skills. With more than 50,000 resources that include more than 3,000 leveled books and readers available in multiple formats, Raz-Plus makes it easier than ever before to strengthen the connection between what is being taught and what students are practicing.

- *Benchmark Advance program- Mrs. Moore will present some highlights of the program. We have found that we need additional resources for our students that are reading at Levels A-D – We are proposing to use \$2,837.00 to bridge the gap of our early literacy program.*
