# Overview

Margate Elementary was identified as a Title One School for the 2021-2022 school year, based on our number of eligible free and reduced lunch students. Schools with 50% or more of the student population receiving free or reduced priced meals meet Title I eligibility. Title I is a federally funded program for economically disadvantaged children who reside in school attendance areas with a high concentration of children from low income families. Since a high incidence of poverty in a school has a direct correlation with low academic student achievement Title I funds are used to provide supplementary instruction to raise the achievement of students who are failing to meet the challenge state standards. Title I funded personnel are instructional or support staff that directly contribute to the education of children and parents.

The purpose of Title I is to support school efforts to ensure that all children meet challenging academic standards and have a fair, equal, and significant opportunity to obtain a high-quality education. This purpose can be accomplished by providing additional resources for high poverty schools to enhance educational opportunities for disadvantaged students. Title I funds must be used in addition to District and State funds. All of the services students would receive in the absence of Title I must be in place before Title I funds are used. Title I funds may be used to benefit all of the students in a school-wide project. All Title I schools are required to spend no less than 1% of their Title I allocation on parental involvement training activities.

The Title I program for parents is designed to: 1. Inform parents about Title I regulations. 2. Provide literacy training. 3. Offer parents training in schools and the community on ways. 4. Encourage active participation in their children's schools and education.

A Parent Compact (which is an agreement by staff, parents, and students to share the responsibility for improved student academics and then a means to build a partnership that will help student's achieve the State's high standards) was sent home with all of the students in their first day packet. We are asking that you please read over the document, sign and return it back to school with your child to give to his/her teacher. More information will be forthcoming regarding parent trainings we have scheduled.

### Visión general

La Primaria Margate fue identificada como una escuela de Título Uno para el año escolar 2020-2021, en base a nuestra cantidad de estudiantes elegibles con almuerzo gratis o reducido. Las escuelas con 50% o más de la población estudiantil que reciben comidas gratis o a precio reducido cumplen con la elegibilidad del Título I.

El Título I es un programa financiado con fondos federales para niños en desventaja económica que residen en áreas de asistencia escolar con una alta concentración de niños de familias de bajos ingresos. Dado que una alta incidencia de pobreza en una escuela tiene una correlación directa con el bajo rendimiento académico de los estudiantes, los fondos del Título I se utilizan para proporcionar instrucción complementaria para elevar el rendimiento de los estudiantes que no cumplen con los estándares estatales desafiantes. El personal financiado por el Título I es personal docente o de apoyo que contribuye directamente a la educación de los niños y los padres.

El propósito del Título I es apoyar los esfuerzos de la escuela para garantizar que todos los niños cumplan con los estándares académicos desafiantes y tengan una oportunidad justa, igualdad y significativa de obtener una educación de alta calidad. Este propósito se puede lograr proporcionando recursos adicionales para las escuelas de alta pobreza para mejorar las oportunidades educativas para los estudiantes desfavorecidos. Los fondos del Título I deben usarse además de los fondos del Distrito y del Estado. Todos los servicios que los estudiantes recibirían en ausencia del Título I deben estar vigentes antes de que se utilicen los fondos del Título I.

Los fondos del Título I pueden usarse para beneficiar a todos los estudiantes en un proyecto escolar. Todas las escuelas de Título I deben gastar no menos del 1% de su asignación de Título I en actividades de capacitación para la participación de los padres.

El programa de Título I para padres está diseñado para: 1. Informar a los padres sobre las regulaciones de Título I. 2. Brindar capacitación en alfabetización. 3. Ofrecer a los padres capacitación en las escuelas y la comunidad sobre las formas. 4. Fomentar la participación activa en las escuelas y la educación de sus hijos.

Se envió a casa un Acuerdo de Padres (que es un acuerdo entre el personal, los padres y los estudiantes para compartir la responsabilidad de mejorar los estudios académicos de los estudiantes y luego un medio para construir una asociación que ayudará a los estudiantes a lograr los altos estándares del estado) con todos los estudiantes en su paquete del primer día. Le pedimos que lea el documento, lo firme y lo devuelva a la escuela con su hijo para dárselo a su maestro.

Próximamente habrá más información sobre las capacitaciones para padres que hemos programado.

Dear Families,

During this challenging time, our teachers and students need more help than ever. No matter what school looks like, Box Tops for Education is a fast and easy way for you to help out from home.

The Box Tops program has been around for over 20 years, and it really works. In fact, Box Tops for Education has helped give almost a billion dollars to schools since 1996. In 2019, the program evolved to become digital so that you can earn for your school with just the touch of a button.

**HERE'S HOW IT WORKS:** Buy participating products and use the Box Tops mobile app to scan your store receipt. The app identifies eligible products and automatically adds Box Tops to your school's earnings online. Even if you're shopping online or doing grocery pickup, you can still submit your e-receipts and earn Box Tops. Twice a year, our school gets a check!

Your earnings may seem small, but they really do add up. The more people that participate, the bigger the impact we can make. So let's give our teachers the support they need and help give more kids the opportunity to dream. **Little by little, we can help make a big difference.**

STUDENT CONSENT FORM FOR OPTIONAL COVID-19 TESTING

Broward County Public Schools is offering a K-12 COVID-19 testing program for students. We will only test with your consent. If you are willing to provide consent for us to administer this test on your child or yourself (if student age 18 or older), please fill out this form.

What is the test?

If your child has symptoms of COVID-19 or is part of a group that is designated for testing, if you consent, your child will receive a free test for the COVID-19 virus. Testing involves using a swab, similar to a Q-Tip, placed inside the tip of the nose. School health personnel who have been trained to use this test will collect the specimen and a trained COVID-19 test administrator will oversee the process. Test results will be made available to the parent/guardian who signs this form below. The results will be sent by text message and/or email and/or will be accessible through a web-based portal and/or website. This program is entirely optional for students, although we hope you choose to have the test to keep our schools as healthy and safe as possible.

What should I do when I receive my child's test results?

If your child or you (if student age 18 or older) tests positive for the virus, your child will be moved to a room away from other students and staff until you can pick him/her up. We ask that you keep your child home until the infection period has ended (typically, after symptoms improve and at least 10 days from the date symptoms first appear) and your child is no longer contagious. In a small number of cases, tests sometimes produce incorrect results - showing negative results (called "false negatives") in people who have COVID-19 or showing positive results (called "false positives") in people who do not have COVID-19. If your child tests negative but has symptoms of COVID-19, your child should not return to school until ten days after the onset of symptoms and the symptoms are improving.

Known Symptoms:

People with COVID-19 have had a wide range of symptoms reported - ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. The following are symptoms of COVID-19:

- Feeling feverish or a measured temperature greater than or equal to 100.4 degrees Fahrenheit
Loss of taste or smell
Cough
Difficulty breathing
Shortness of breath
Fatigue
Headache
Chills
Sore throat
Congestion or runny nose
Shaking or exaggerated shivering
Significant muscle pain or ache
Diarrhea
Nausea or vomiting

This list does not include all possible symptoms.

Disclaimer:

While we realize precautions will be taken, please understand that neither the test administrator nor Broward County Public Schools, nor any of its trustees, officers, employees, or organization sponsors are liable for any accident or injuries that may occur to your child or yourself (if student age 18 or older), as a result of agreeing to the test.

TO BE COMPLETED BY PARENT, GUARDIAN OR ADULT STUDENT

Form for parent/guardian information, child/student information, and consent. Includes fields for name, contact info, school details, and checkboxes for race/ethnicity and gender.

By signing below, I attest that:

- I consent, and authorize the school system to conduct collection and testing of my child or me (if student age 18 or older) for COVID-19 by nasal swab.
I acknowledge that a positive test result is an indication that my child or me (if student age 18 or older), must self-isolate in an effort to avoid infecting others.
I understand the school system is not acting as my child's medical provider, this testing does not replace treatment by my child's medical provider, and I assume complete and full responsibility to take appropriate action with regards to my child's test results. I agree I will seek medical advice, care and treatment from my child's medical provider if I have questions or concerns, or if their condition worsens.
I understand that, as with any medical test, there is the potential for a false positive or false negative COVID-19 test result.
I understand that this test may occur multiple times throughout the 2021-2022 school year, and authorize testing of my child or myself (if student age 18 or older) throughout the 2021-2022 school year. I understand that this authorization may be rescinded by providing signed written notice of rescission to the school system.

I, the undersigned, have been informed about the test purpose, procedures, possible benefits and risks, and I have received a copy of this Informed Consent. I have been given the opportunity to ask questions before I sign, and I have been told that I can ask additional questions at any time. I voluntarily consent, and agree to this testing for COVID-19.
